Many Week-end Accidents

Four injured when car hits city limit sign

A 4-year-old Arlington Heights boy was in serious condition at St. Francis hospital in Evanston —one of four youngsters injured in an automobile accident Friday at Northwest highway and Wilke rd., west of the village limits in Arlington Heights.

He is Steve Brodnan, son of Mr. and Mrs. Louis Brodnan of 116 N. Pine st.

Also injured in the accident was Robert Brodnan, Steve's 1-year-old brother; Earl Stockton, 14, a step-brother, and Richard Logan, 17, of Lincoln, Ill., a cousin.

The Logan boy was reported in fair condition at the hospital. The step-brother and Robert Brodnan were dismissed after receiving treatment.

The older Brodnan boy sustained severe head injuries and underwent surgery over the week end.

According to police, Earl Stockton was driving the auto, owned by his step-father, when he lost control and crashed into a road sign on the north side of the highway. It was reported that the youths were on their way to Arlington Crest to drive relatives to the Brodnan home.

The auto was demolished. Arlington Body and Fender cleared the highway of wreckage.

Stockton was charged with driving without a license and destruction of public property estimated at $500. He will come up for trial before Judge William Neumann Tuesday evening during traffic court at the village hall.

Completely wrecked Friday evening was the car belonging to Louis Brodnan, 116 N. Pine ave., Arlington Heights. His step-son, Earl Stockton, 14, was driving west on Northwest hwy., when he apparently lost control and ran into a city limit sign at Wilke rd. All four occupants of the car ranging in age from 1 to 17 suffered injuries. —Meineke photo

WILLIAM SCOTT, 27, who resides with his parents, Mr. and Mrs. W. O. Scott at Arlington Airport, had a narrow escape shortly after 12 o'clock Tuesday evening when the rear of his 1951 Ford coupe was hit by a semi-trailer truck.

Scott, who can give no account as to the cause of the accident, had evidently stopped his car to make a right hand turn on Arlington Heights rd.

The truck, driven by Horace H. McMillan, drove the entire rear body of Scott's car into and over the front seat of the coupe.

Injuries appear to be confined to scalp wounds and Scott appears to be recovering. Fortunately the gas tank which was thrown on top of the wreckage did not explode.

ELSEWHERE IN the northwest suburban area, no one was injured in a number of accidents investigated by county police.

At Rte. 83 and Foundry rd., cars driven by Hans W. Zieler, 53, of 531 Lincoln lane, Arlington Heights, and Melvin C. Zarvis, 21, of Northlake, collided Saturday afternoon.

Thursday evening at Central and Rand rds., a car driven by Walter Koester, 44, of Chicago, collided with an auto driven by Julia Suchan, 52, of Chicago. Both cars were traveling northwest on Rand rd.

Both John R. Hughes, 22, of Villa Park and William R. Fortney, 53, of Park Ridge, escaped injuries when the cars they were driving collided Monday night at Rte. 83 and Oakton.

Lake county authorities reported that no one was hurt Saturday afternoon when cars driven by Patricia Kampert of Glenview and Donald Fitzgerald of Oak Lawn collided at McHenry rd. and Rte. 83.

Prom celebrants escape serious injury

Richard Springer, 16, of Wheeling, hit and knocked down an ornamental light pole in Mount Prospect May 30 at 3:20 a.m. Damage to the light pole has been estimated at $450; car damage was slightly less.

Three other passengers, all Arlington Heights high school students, were in the car. No one was injured. The group was returning home from Club Hollywood after attending the Arlington Junior Prom at Medinah country club.

Owner of the car is Springer's brother-in-law, Robert E. Barrett.

FRANK OPEKA, Mount Prospect village attorney, was innocently involved in an accident at 11 a.m. Saturday which resulted in an estimated $800 or $900 damage to his Lincoln.

Erwin Couchman of Ionia, Mich., was traveling east on Touhy ave., failed to stop at the stop sign at Elmhurst rd. and hit a car going south on Elmhurst rd., driven by Charles Wakefield of Chicago. Wakefield, who had the right-of-way, spun around and 75 feet south of the intersection hit Frank Opeka's car.

Opeka, who had seen that the accident was inevitable, had stopped his car as he was approaching from the south and going north on Elmhurst rd. No one was injured.

Couchman will come up for trial before Judge Carl M. Behrens Saturday for running a stop sign.

William Scott, 27, Arlington Heights Airport, was the driver in the above car when it was hit in the rear by a semi-trailer truck early Wednesday morning at Rand and Arlington Heights rds. His escape was miraculous, say the county sheriff officers who extricated him from the driver's seat. The rear of the car was literally driven into the seat in which Scott was sitting. He will recover. Community Camera

Report depot alterations to start this month

While no news release has been issued by the C&NW railroad regarding their plans for the remodeling of the Arlington depot, the Herald learned from other sources this week that work will be started this month.

The exterior of the depot will be its present size, except that the canopies at each end will be removed. Exterior finish will be composition slate shingles.

The present express storage room will be extended to the north, taking the space now used for coal storage. The ticket office, ten feet wide, will be at the west end of the present waiting room.

Men's, women's and boiler rooms will be along the north side of the waiting room, which will have two entrances. The floor will be vitrified tile.

Unless increased police protection can be provided by the village, the walls will probably be decorated with lipstick, similar to that found in the present women's wash room.

North Western asks hike in suburban fares

Chicago and North Western railroad is asking increase of 20 to 38 per cent in suburban fares. Tariffs have been filed in Washington and Springfield.

The railroad contends that its losses on such traffic is in excess of three million dollars a year and that if the increase is granted, the additional revenue would be less than $2,000,000.

The recommended boost: One way, round trip and ten ride tickets 20 per cent; 25 ride bearer tickets, 25 per cent; 12 ride weekly, 46 ride individual monthly and unrestricted monthly tickets, 38 per cent.

The exact effect that the increase will have on local commuters can be gathered from a comparison of present rates between Arlington Heights and Chicago and the proposed rates as follows:

	Present	New rate
Unlimited	$16.40	$22.63
46 ride	14.80	20.42
25 ride	12.05	14.40
10 ride	5.25	6.00

Tractor causes drowning in roadside ditch

George H. Berghorn, a 24-year-old Roselle farmer, drowned late Monday afternoon when the tractor he was driving overturned into a water-filled ditch on the Behrens' farm on Rte. 53 near Devon ave. in Elk Grove township.

Berghorn, father of two children, was constructing a bridge across a creek on the farm owned by his father-in-law when the accident occurred.

Vernon Scharringhausen of 1107 N. Ridge ave., Arlington Heights, and Fred Linneman of Roselle, helping with work, extricated Berghorn from beneath the three-ton tractor.

A coroner's jury conducted by Deputy Coroner Irving Tuchow returned a verdict of accidental death.

Berghorn was born April 19, 1928 at Lake Zurich, the son of George and Rose Berghorn. He was married to Marie Behrens Sept. 5, 1948.

Surviving besides his widow and mother are two sons, Dale and Roy; two brothers, Ralph with the army; Harry of Barrington, and a sister, Mrs. Blanche Stockel of Lake Zurich.

Funeral services will be held at 2:30 o'clock Thursday afternoon at St. John's Evangelical church at Arlington Heights with Rev. E. Bergstraesser officiating. Burial will be at St. Peter's cemetery at Lake Zurich with Oehler's funeral home at Des Plaines in charge. He was in state at the Arlington Heights chapel.

Piecemeal annexation criticized by aldermen

Arlington Heights village board approved Monday evening the annexation of lot 2 and 122 in Scarsdale Estates. Lot 2 faces Rockwell street and Lot 122 includes the northeast corner of State and Central rds., upon which one of the finest homes in the area is being erected.

Attorney Thal admitted that in some of the annexation proceedings parts of streets are omitted and in many instances the village is plowing snow on streets that are outside the municipality.

The suggestion was made that an effort be instigated to have all of the remaining areas come into the village at one time.

Reference to village records revea that several years ago the owners of Scarsdale Estates sought annexation. They were told that a fee of over $300 an acre would be required. The owners thought the fee was exhorbitant until such time as the lots could be developed.

The village has collected all the regular fees for areas admitted since that time.

Arlington fire chief seriously injured

Elroy Winkelman, Arlington Heights business man and chief of the village fire department, sustained serious injuries Saturday afternoon.

He had been spending the day with his family at the Gieseke summer home on Powers Lake, Wis. They had returned to a barn from a horse back ride. Mr. Winkelman was talking to his wife, when suddenly the horse, upon which he was seated, reared, throwing him to the barn floor.

The fire chief was knocked unconscious, but fortunately a physician chanced to be in the barn at the time. After a hasty examination he ordered an ambulance. Winkelman was taken to Waukesha Memorial hospital where x-rays showed that he had a broken pelvis and a punctured bladder. He was operated upon Tuesday night.

He will probably be unable to return home for at least six weeks. His room number is 210.

35 out of college

Campus Capers, a regular feature of Paddock Publications, this week tells of graduation and other activities of 35 local students enrolled in colleges and universities.

Library closes Saturday to move to new quarters

Arlington Heights Public Library will terminate their tenancy in the village hall building at 107 W. Davis st. June 7 at 6 p. m. Almost immediately books and all equipment will be packed for removal to the new library building at 112 N. Belmont ave.

Tentative plans call for the opening of the new library in two weeks. From its beginning in a home in Arlington Heights to a room over the bank building, and from there to its present quarters 20 years ago, the library has carried on its work of serving the people of Arlington Hts. and vicinity for 58 years.

In 1898 there were only 150 books on the library shelves; today there are more than 10,000 books in the library. When the doors of the new building open, there will be several hundred new books, fiction and non-fiction, for both adults and children.

Library patrons are advised to take out as many books as they will need during the time the library is closed. Saturday hours are from 9 a. m. to 6 p. m.

Presbyterians begin $190,000 new sanctuary

At a called meeting of the Corporation of the First Presbyterian church, Arlington Heights, last Sunday, it was voted to begin construction immediately on the new sanctuary.

The building will be of modified colonial design, the foundation for which has already been laid. The total cost of construction will be $190,000.

BURGLARS GET $200 FROM CLUBHOUSE AT ROLLING GREEN COURSE

Burglars broke into the club house at Rolling Green country club, Euclid ave. and Rand rd., early Sunday and obtained $200 in cash.

Entrance to the building was gained by smashing a ventilator fan located in back of the building, and crawling through the opening, according to police. The money was taken from a box found on top of the safe. Nothing else was disturbed.

Carnival dates

June 5, 6, 7, 8—Mount Prospect VFW.

June 11, 12, 13, 14, 15—Bensenville Volunteer and Rural Fire department.

June 18, 19, 20, 21, 22—Arlington Heights Fire department.

July 1, 2, 3, 4, 5, 6—Arlington Heights American Legion.

July 11, 12, 13—Palatine Legion-Lions.

July 11, 12—Bloomingdale Firemen's picnic and dance.

July 18, 19, 20—Wheeling Chamber of Commerce and fire department.

July 24, 25, 26, 27—Prospect Heights firemen.

July 30, 31, August 1, 2, 3—Arlington Heights VFW.

July 31, August 1, 2, 3—Palatine Firemen.

August 21, 22, 23, 24—Mount Prospect Lions.

To vote Saturday on building two new elementary schools

Arlington Heights citizens will be asked to approve the building of two new elementary schools Saturday, June 7. Polling places will be the North school for those living north of the railroad and the South school for those living south of the railroad. There will be no voting at the village hall at this election. The hours of the election will be from 12 noon to 7 p.m. It is not required that a voter be registered, but he must have lived in the state a year, the county 90 days, and the precinct 30 days.

In explaining the need for these buildings, the board of education points out some of the enrollment problems. The Junior high school has facilities for four classes of each of the sixth, seventh and eighth grades. Next year the schools expect to have 12 kindergarten classes, nine first grade classes, and seven classes of each grade from second through fifth. Additional Junior high school facilities must be provided to take care of these classes. These will be provided by taking over a half of the South school for junior high school purposes when a new school is completed on Park st. into which the lower grade classes can be moved.

In the North school, it will be necessary to place the first grade on double sessions next year, during which time it is hoped to construct a six classroom building on the Arlington Ridge site. Should this school not be constructed, it is likely that all North school pupils would eventually be attending double sessions.

For the complete program it is necessary for voters to be given two ballots, a lengthy one including seven propositions and a short one on the establishment of a new school site. The board of education, however, states that a study of these ballots will reveal that they are asking for authorization to do four things. They explain them, with the corresponding propositions on the ballot, as follows:

1. To buy and issue bonds in the amount of $38,000 to pay for the land to the south of the present Junior high school. (Proposition on small ballot and Propositions I and II on large ballot.)
2. To build and issue bonds in the amount of $212,000 to pay for a school on the above land to relieve overcrowding in the Junior high school. (Propositions V and VI.)
3. To build and issue bonds in the amount of $195,000, to pay for a school on the Arlington Ridge site to relieve overcrowding in the North school. (Propositions III and IV.)
4. To issue bonds in the amount of $30,000 for grading, paving, walks, and equipment for the Dryden Place school now under construction. (Proposition VII.)

The board reminds citizens of the community that these schools will be desperately needed by the time they can be constructed and occupied.

RECREATION PROGRAM STARTS JUNE 14

Swimming pool to open June 14

Season tickets for Arlington pool will be on sale at the superintenden'ts office of the field house June 12, 13 and 14 between 10 and 12 a. m. and 2 and 4 p. m.

The pool will officially open June 14. It has been sand blasted and newly painted a sea green.

The price of season family tickets is $11; husband and wife $6; children individual $4; the wading pool is free.

Registration for free swimming lessons to those who purchase season tickets will be from June 17 to 21. Morning instructions will be given by Art Holland, who was so successful last year.

RECREATIONAL activities will start June 16, under the direction of Russ Attis, track coach of the high school, who has handled this department the past two years. Provision is being made for interpark leagues, the age groups being listed as midgets, intermediate and juniors.

Neighboring towns which will participate in the schedule are Park Ridge, Des Plaines, Palatine and Barrington. Participants will have the opportunity to witness both the White Sox and Cubs play, the only cost being bus hire.

Announcement of handicraft instruction will be made next week.

While entrance in the baseball leagues is limited to Arlington Heights boys, the swimming pool is open to residents of Mount Prospect, Prospect Heights and Palatine.

Tips on married life ninety-six years ago

Gladys L. Steinbrinck, one of the proprietors of the Red Horse Grill, Palatine, has loaned to the Way-Back-When editor a book, "The Wedding Ring," 2x3 inches in size, comprising 94 pages, that was given to her grandmother in 1856, 96 years ago, upon the occasion of her marriage.

The book contains suggestions conducive to a happy married life. Extracts from it will appear in three installments in the Way-Back-When department.

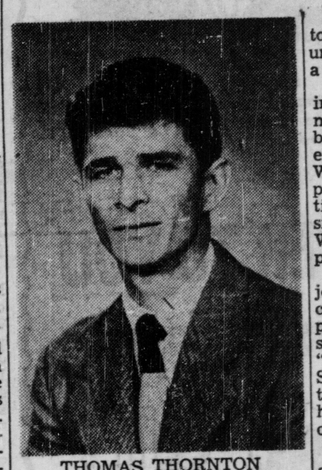
Present day couples may scoff at some of the advice given therein. However, it is interesting reading.

The maiden name of the bride of 1856 was Susan D'Armand. She was a native of Nova Scotia. Her husband was a Scotchman, James Kenyon. Mrs. Steinbrinck owns the hope chest her grandfather carved for his bride before their marriage.

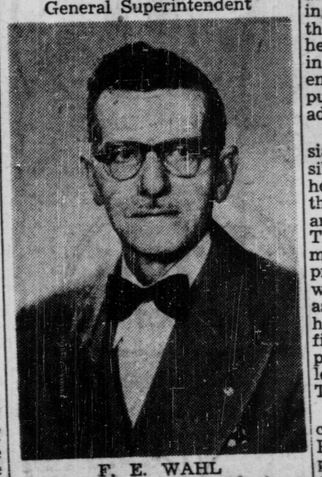
Mrs. Steinbrinck came into possession of these heirlooms because for 45 years she was the only girl born in the family.

This week's installment from the diary written by a Palatine young lady 60 years ago, also appearing in the above department, relates to the ideal method of bestowing a kiss. Perhaps the modern day male is too impatient to follow the "correct" method, but Paddock Publications invite unsigned comments from any young lady who inveigles her boy friend to bestow on her a kiss of the 1892 vintage.

Trained personnel to direct all activities at Recreation Park



THOMAS THORNTON
General Superintendent



F. E. WAHL
Assistant Superintendent

RUSS ATTIS
Athletic Director

All future activities of Arlington Heights Park district will be under the direct supervision of a trained superintendent.

Thomas Thornton, a graduate in forestry majoring in park management, has been retained by the park district as general superintendent. F. E. Wahl, who has been acting superintendent since the resignation of Alfred Blume, will be assistant superintendent. William Wille will remain in charge of park maintenance.

Mr. Thornton "reported on the job" May 31, when a two hour conference was held with the park board. He had previously spent three days in Arlington "house hunting." His abode is on Schoenbeck rd., north of Palatine rd. His family consists of himself, his wife and a 4-year-old son.

THE PARK superintendent attended Michigan State, spending his summer vacations with the Kenosha Park district. Since he completed his college training he has been associate park engineer of the department of public works at Montreal, Canada.

A reporter found him enthusiastic over the town and possibilities that he believes exist here to provide park activities that will provide the maximum amount of service to the public. The inquirer found the young man rather modest about his previous accomplishments. He would not make any statements as to any contemplated changes he has in mind here. "I must first familiarize myself with your parks and the equipment and learn what the public desires," Thornton said.

Arlington's park system includes in addition to Recreation Park of 11 acres, the railroad parks, the playground park east of the south school and the northwest park which has been graded. If the voters approve the school building program next Saturday, a portion of that area will be taken over for school purposes.

The field house is greatly in demand. As many as three organizations frequently avail themselves of its use the same night. It is being used from 40 to 50 times a month.

THE PARK DISTRICT has spent $8,000 in the development of the railroad parks. This money came out of surplus funds. There were other urgencies for use of such funds this year.

The original boilers secured by the PWA are worn out. A new boiler costing $2,600 has been installed. More than $3,000 has been spent on the swimming pool, which was sand blasted and repainted. These expenses will not come every year, but it takes careful budgeting to maintain any surplus. The corporate fund tax is only one mill, and a half mill for recreational purposes.

'Mother' selects home too near busy corner

by F. J. FREEMAN

The business venture of a blue-winged teal at the busy intersection of Colfax and Northwest hwy. in Palatine came to grief this past week. This wild duck set up shop in the vacant lot across from "Bud" Hertel's Mobilgas Service station.

By the middle of May production was in full swing and a clutch of 12 olive-buff eggs were being incubated in a down-lined nest hidden in the short grass in the middle of the lot. It was discovered a few days ago that some marauder had plundered the nest and had eaten nine of the eggs and strewn the other three outside.

These wary birds were noticed by "Bud" flying over the lot, and he surmised that they might be nesting there. After some search the nest was discovered with the female brooding on it. It reluctantly flew off when he was within about eight feet of it.

He says he used to watch the pair fly in from the feeding grounds. As they approached the female would light on the ground about 15 feet from the nest, while the escorting male would dip in flight over her as though to see that all was well and then wing around and return toward the creek about a mile to the east.

"Bud" who likes his feathered game on the wing or on the platter, kept careful watch over the nest with a high-powered air pistol at hand to teach a lesson to any predators that might stray too close. He was trying to figure some way to get the family, when they should hatch, safely across the busy four-lane highway when the tragedy was discovered.

"Nature and Company" who underwrite the business projects of all wild things will undoubtedly compensate this pair of teals for their loss with a second nest of eggs this season so that all may be well.

Arlington files friendly suit on annexation petition

The village of Arlington Hts. Friday filed suit in Superior court against George Kirchhoff, his wife Elsie, Louis Kirchhoff and his wife Martha, owners of property southeast of Arlington Heights, and which was annexed to the village by its board of trustees March 17, this year, and George S. Hoban, an attorney, at 1 N. LaSalle, Chicago, one of the signers of a petition by some of the village residents asking for an election for the annexation.

The defendants, according to Attorney H. J. Thal, who filed the suit, represent the 334 cosigners of a petition for annexation of about 76 acres of land southeast of Arlington Heights, and the 335 village residents who asked for an election for the annexation.

The suit asked the court to determine whether the corporate authorities of Arlington Heights are under any obligation to call an election to vote on the annexation.

Thal said that the village contends that the annexation is not subject to a vote by the village residents by reason of the 1951 Illinois act under which the board action was taken.

The suit claimed that the election would entail an expenditure of public funds for a purpose not authorized, and would serve no purpose whatsoever.

BASEMENT FIRE SATURDAY CAUSES $800 DAMAGE

A basement fire, which broke out Saturday at 4:15 p. m. at the home of Harold Dieball, 26 S. Highland ave., Arlington Heights, resulted in $800 worth of damage.

The fire started in the storage room and was quickly extinguished by the fire department. Smoke, alone, resulted in more than $400 worth of damage.

Many Week-end Accidents

Four injured when car hits city limit sign

A 4-year-old Arlington Heights boy was in serious condition at St. Francis hospital in Evanston —one of four youngsters injured in an automobile accident Friday at Northwest highway and Wilke rd., west of the village limits in Arlington Heights.

He is Steve Brodnan, son of Mr. and Mrs. Louis Brodnan of 116 N. Pine st.

Also injured in the accident was Robert Brodnan, Steve's 1-year-old brother; Earl Stockton, 14, a step-brother, and Richard Logan, 17, of Lincoln, Ill., a cousin.

The Logan boy was reported in fair condition at the hospital. The step-brother and Robert Brodnan were dismissed after receiving treatment.

The older Brodnan boy sustained severe head injuries and underwent surgery over the week end.

According to police, Earl Stockton was driving the auto, owned by his step-father, when he lost control and crashed into a road sign on the north side of the highway. It was reported that the youths were on their way to Arlington Crest to drive relatives to the Brodnan home.

The auto was demolished. Arlington Body and Fender cleared the highway of wreckage.

Stockton was charged with driving without a license and destruction of public property estimated at $500. He will come up for trial before Judge William Neumann Tuesday evening during traffic court at the village hall.

Completely wrecked Friday evening was the car belonging to Louis Brodnan, 116 N. Pine ave., Arlington Heights. His step-son, Earl Stockton, 14, was driving west on Northwest hwy., when he apparently lost control and ran into a city limit sign at Wilke rd. All four occupants of the car ranging in age from 1 to 17 suffered injuries. —Meineke photo

WILLIAM SCOTT, 27, who resides with his parents, Mr. and Mrs. W. O. Scott at Arlington Airport, had a narrow escape shortly after 12 o'clock Tuesday evening when the rear of his 1951 Ford coupe was hit by a semi-trailer truck.

Scott, who can give no account as to the cause of the accident, had evidently stopped his car to make a right hand turn on Arlington Heights rd.

The truck, driven by Horace H. McMillan, drove the entire rear body of Scott's car into and over the front seat of the coupe.

Injuries appear to be confined to scalp wounds and Scott appears to be recovering. Fortunately the gas tank which was thrown on top of the wreckage did not explode.

ELSEWHERE IN the northwest suburban area, no one was injured in a number of accidents investigated by county police.

At Rte. 83 and Foundry rd., cars driven by Hans W. Zieler, 53, of 531 Lincoln lane, Arlington Heights, and Melvin C. Zarvis, 21, of Northlake, collided Saturday afternoon.

Thursday evening at Central and Rand rds., a car driven by Walter Koester, 44, of Chicago, collided with an auto driven by Julia Suchan, 52, of Chicago. Both cars were traveling northwest on Rand rd.

Both John R. Hughes, 22, of Villa Park and William R. Fortney, 53, of Park Ridge, escaped injuries when the cars they were driving collided Monday night at Rte. 83 and Oakton.

Lake county authorities reported that no one was hurt Saturday afternoon when cars driven by Patricia Kampert of Glenview and Donald Fitzgerald of Oak Lawn collided at McHenry rd. and Rte. 83.

Tractor causes drowning in roadside ditch

George H. Berghorn, a 24-year-old Roselle farmer, drowned late Monday afternoon when the tractor he was driving overturned into a water-filled ditch on the Behrens' farm on Rte. 53 near Devon ave. in Elk Grove township.

Berghorn, father of two children, was constructing a bridge across a creek on the farm owned by his father-in-law when the accident occurred.

Vernon Scharringhausen of 1107 N. Ridge ave., Arlington Heights, and Fred Linneman of Roselle, helping with work, extricated Berghorn from beneath the three-ton tractor.

A coroner's jury conducted by Deputy Coroner Irving Tuchow returned a verdict of accidental death.

Berghorn was born April 19, 1928 at Lake Zurich, the son of George and Rose Berghorn. He was married to Marie Behrens Sept. 5, 1948.

Surviving besides his widow and mother are two sons, Dale and Roy; two brothers, Ralph with the army; Harry of Barrington, and a sister, Mrs. Blanche Stockel of Lake Zurich.

Funeral services will be held at 2:30 o'clock Thursday afternoon at St. John's Evangelical church at Arlington Heights with Rev. E. Bergstraesser officiating. Burial will be at St. Peter's cemetery at Lake Zurich with Oehler's funeral home at Des Plaines in charge. He was in state at the Arlington Heights chapel.

Prom celebrants escape serious injury

Richard Springer, 16, of Wheeling, hit and knocked down an ornamental light pole in Mount Prospect May 30 at 3:20 a.m. Damage to the light pole has been estimated at $450; car damage was slightly less.

Three other passengers, all Arlington Heights high school students, were in the car. No one was injured. The group was returning home from Club Hollywood after attending the Arlington Junior Prom at Medinah country club.

Owner of the car is Springer's brother-in-law, Robert E. Barrett.

FRANK OPEKA, Mount Prospect village attorney, was innocently involved in an accident at 11 a.m. Saturday which resulted in an estimated $800 or $900 damage to his Lincoln.

Erwin Couchman of Ionia, Mich., was traveling east on Touhy ave., failed to stop at the stop sign at Elmhurst rd. and hit a car going south on Elmhurst rd., driven by Charles Wakefield of Chicago. Wakefield, who had the right-of-way, spun around and 75 feet south of the intersection hit Frank Opeka's car.

Opeka, who had seen that the accident was inevitable, had stopped his car as he was approaching from the south and going north on Elmhurst rd. No one was injured.

Couchman will come up for trial before Judge Carl M. Behrens Saturday for running a stop sign.

Report depot alterations to start this month

While no news release has been issued by the C&NW railroad regarding their plans for the remodeling of the Arlington depot, the Herald learned from other sources this week that work will be started this month.

The exterior of the depot will be its present size, except that the canopies at each end will be removed. Exterior finish will be composition slate shingles.

The present express storage room will be extended to the north, taking the space now used for coal storage. The ticket office, ten feet wide, will be at the west end of the present waiting room.

Men's, women's and boiler rooms will be along the north side of the waiting room, which will have two entrances. The floor will be vitrified tile.

Unless increased police protection can be provided by the village, the walls will probably be decorated with lipstick, similar to that found in the present women's wash room.

North Western asks hike in suburban fares

Chicago and North Western railroad is asking increase of 20 to 38 per cent in suburban fares. Tariffs have been filed in Washington and Springfield.

The railroad contends that its losses on such traffic is in excess of three million dollars a year and that if the increase is granted, the additional revenue would be less than $2,000,000.

The recommended boost: One way, round trip and ten ride tickets 20 per cent; 25 ride bearer tickets, 25 per cent; 12 ride weekly, 46 ride individual monthly and unrestricted monthly tickets, 38 per cent.

The exact effect that the increase will have on local commuters can be gathered from a comparison of present rates between Arlington Heights and Chicago and the proposed rates as follows:

	Present	New rate
Unlimited	$16.40	$22.63
46 ride	14.80	20.42
25 ride	12.05	14.40
10 ride	5.25	6.00

William Scott, 27, Arlington Heights Airport, was the driver in the above car when it was hit in the rear by a semi-trailer truck early Wednesday morning at Rand and Arlington Heights rds. His escape was miraculous, say the county sheriff officers who extricated him from the driver's seat. The rear of the car was literally driven into the seat in which Scott was sitting. He will recover.

Piecemeal annexation criticized by aldermen

Arlington Heights village board approved Monday evening the annexation of lot 2 and 122 in Scarsdale Estates. Lot 2 faces Rockwell street and Lot 122 includes the northeast corner of State and Central rds., upon which one of the finest homes in the area is being erected.

Attorney Thal admitted that in some of the annexation proceedings parts of streets are omitted and in many instances the village is plowing snow on streets that are outside the municipality.

The suggestion was made that an effort be instigated to have all of the remaining areas come into the village at one time.

Reference to village records revea that several years ago the owners of Scarsdale Estates sought annexation. They were told that a fee of over $300 an acre would be required. The owners thought the fee was exhorbitant until such time as the lots could be developed.

The village has collected all the regular fees for areas admitted since that time.

Arlington fire chief seriously injured

Elroy Winkelman, Arlington Heights business man and chief of the village fire department, sustained serious injuries Saturday afternoon.

He had been spending the day with his family at the Gieseke summer home on Powers Lake, Wis. They had returned to a barn from a horse back ride. Mr. Winkelman was talking to his wife, when suddenly the horse, upon which he was seated, reared, throwing him to the barn floor.

The fire chief was knocked unconscious, but fortunately a physician chanced to be in the barn at the time. After a hasty examination he ordered an ambulance. Winkelman was taken to Waukesha Memorial hospital where x-rays showed that he had a broken pelvis and a punctured bladder. He was operated upon Tuesday night.

He will probably be unable to return home for at least six weeks. His room number is 210.

35 out of college

Campus Capers, a regular feature of Paddock Publications, this week tells of graduation and other activities of 35 local students enrolled in colleges and universities.

Library closes Saturday to move to new quarters

Arlington Heights Public Library will terminate their tenancy in the village hall building at 107 W. Davis st. June 7 at 6 p. m. Almost immediately books and all equipment will be packed for removal to the new library building at 112 N. Belmont ave.

Tentative plans call for the opening of the new library in two weeks. From its beginning in a home in Arlington Heights to a room over the bank building, and from there to its present quarters 20 years ago, the library has carried on its work of serving the people of Arlington Hts. and vicinity for 58 years.

In 1898 there were only 150 books on the library shelves; today there are more than 10,000 books in the library. When the doors of the new building open, there will be several hundred new books, fiction and non-fiction, for both adults and children.

Library patrons are advised to take out as many books as they will need during the time the library is closed. Saturday hours are from 9 a. m. to 6 p. m.

Presbyterians begin $190,000 new sanctuary

At a called meeting of the Corporation of the First Presbyterian church, Arlington Heights, last Sunday, it was voted to begin construction immediately on the new sanctuary.

The building will be of modified colonial design, the foundation for which has already been laid. The total cost of construction will be $190,000.

BURGLARS GET $200 FROM CLUBHOUSE AT ROLLING GREEN COURSE

Burglars broke into the club house at Rolling Green country club, Euclid ave. and Rand rd., early Sunday and obtained $200 in cash.

Entrance to the building was gained by smashing a ventilator fan located in back of the building, and crawling through the opening, according to police. The money was taken from a box found on top of the safe. Nothing else was disturbed.

Carnival dates

June 5, 6, 7, 8—Mount Prospect VFW.

June 11, 12, 13, 14, 15—Bensenville Volunteer and Rural Fire department.

June 18, 19, 20, 21, 22—Arlington Heights Fire department.

July 1, 2, 3, 4, 5, 6—Arlington Heights American Legion.

July 11, 12, 13—Palatine Legion-Lions.

July 11, 12—Bloomingdale Firemen's picnic and dance.

July 18, 19, 20—Wheeling Chamber of Commerce and fire department.

July 24, 25, 26, 27—Prospect Heights firemen.

July 30, 31, August 1, 2, 3—Arlington Heights VFW.

July 31, August 1, 2, 3—Palatine Firemen.

August 21, 22, 23, 24—Mount Prospect Lions.

To vote Saturday on building two new elementary schools

Arlington Heights citizens will be asked to approve the building of two new elementary schools Saturday, June 7. Polling places will be the North school for those living north of the railroad and the South school for those living south of the railroad. There will be no voting at the village hall at this election. The hours of the election will be from 12 noon to 7 p.m. It is not required that a voter be registered, but he must have lived in the state a year, the county 90 days, and the precinct 30 days.

In explaining the need for these buildings, the board of education points out some of the enrollment problems. The Junior high school has facilities for four classes of each of the sixth, seventh and eighth grades. Next year the schools expect to have 12 kindergarten classes, nine first grade classes, and seven classes of each grade from second through fifth. Additional Junior high school facilities must be provided to take care of these classes. These will be provided by taking over a half of the South school for junior high school purposes when a new school is completed on Park st. into which the lower grade classes can be moved.

In the North school, it will be necessary to place the first grade on double sessions next year, during which time it is hoped to construct a six classroom building on the Arlington Ridge site. Should this school not be constructed, it is likely that all North school pupils would eventually be attending double sessions.

For the complete program it is necessary for voters to be given two ballots, a lengthy one including seven propositions and a short one on the establishment of a new school site. The board of education, however, states that a study of these ballots will reveal that they are asking for authorization to do four things. They explain them, with the corresponding propositions on the ballot, as follows:

1. To buy and issue bonds in the amount of $38,000 to pay for the land to the south of the present Junior high school. (Proposition on small ballot and Propositions I and II on large ballot.)
2. To build and issue bonds in the amount of $212,000 to pay for a school on the above land to relieve overcrowding in the Junior high school. (Propositions V and VI.)
3. To build and issue bonds in the amount of $195,000, to pay for a school on the Arlington Ridge site to relieve overcrowding in the North school. (Propositions III and IV.)
4. To issue bonds in the amount of $30,000 for grading, paving, walks, and equipment for the Dryden Place school now under construction. (Proposition VII.)

The board reminds citizens of the community that these schools will be desperately needed by the time they can be constructed and occupied.

Village dads tag CC members on parking meters

Alderman Zimmerman asked the Arlington Heights village board Monday night if its members had given any thought to the installation of parking meters.

Mayor Goedke gave a quick answer. "That is up to the members of the Chamber of Commerce. Do they want them."

Zimmerman agreed to bring the matter to the official attention of the C of C at a board of directors meeting this week.

The mayor added that it was the objection of the business men that prevented Arlington Heights installing meters several years ago.

Today, it appears that the opening of parking areas will be delayed for some time because no parking meter fund has been built up as has occurred in Des Plaines and Park Ridge.

"How soon will the planning engineers have their report ready?" was another inquiry made that evening. Some of the board members are of the opinion that the engineering fee has been paid from village funds, authorized by the village and that the village board should not be entirely by-passed when a report is forth-coming.

They realize that a lot of "selling" will be necessary to put any part of the over-all plan in operation. At present they do not know if they are in the "selling end" or one of the "customers."

RECREATION PROGRAM STARTS JUNE 14

Swimming pool to open June 14

Season tickets for Arlington pool will be on sale at the superintendent's office of the field house June 12, 13 and 14 between 10 and 12 a. m. and 2 and 4 p. m.

The pool will officially open June 14. It has been sand blasted and newly painted a sea green.

The price of season family tickets is $11; husband and wife $6; children individual $4; the wading pool is free.

Registration for free swimming lessons to those who purchase season tickets will be from June 17 to 21. Morning instructions will be given by Art Holland, who was so successful last year.

RECREATIONAL activities will start June 16, under the direction of Russ Attis, track coach of the high school, who has handled this department the past two years. Provision is being made for interpark leagues, the age groups being listed as midgets, intermediate and juniors.

Neighboring towns which will participate in the schedule are Park Ridge, Des Plaines, Palatine and Barrington. Participants will have the opportunity to witness both the White Sox and Cubs play, the only cost being bus hire.

Announcement of handicraft instruction will be made next week.

While entrance in the baseball leagues is limited to Arlington Heights boys, the swimming pool is open to residents of Mount Prospect, Prospect Heights and Palatine.

Tips on married life ninety-six years ago

Gladys L. Steinbrinck, one of the proprietors of the Red Horse Grill, Palatine, has loaned to the Way-Back-When editor a book, "The Wedding Ring," 2x3 inches in size, comprising 94 pages, that was given to her grandmother in 1856, 96 years ago, upon the occasion of her marriage.

The book contains suggestions conducive to a happy married life. Extracts from it will appear in three installments in the Way-Back-When department.

Present day couples may scoff at some of the advice given therein. However, it is interesting reading.

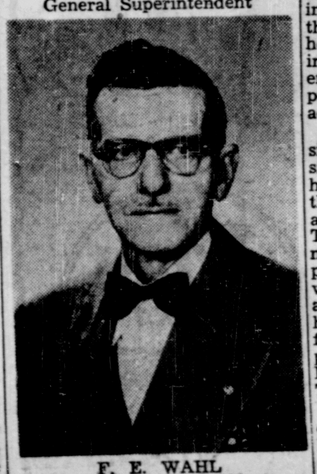
The maiden name of the bride of 1856 was Susan D'Armand. She was a native of Nova Scotia. Her husband was a Scotchman, James Kenyon. Mrs. Steinbrinck owns the hope chest her grandfather carved for his bride before their marriage.

Mrs. Steinbrinck came into possession of these heirlooms because for 45 years she was the only girl born in the family.

This week's installment from the diary written by a Palatine young lady 60 years ago, also appearing in the above department, relates to the ideal method of bestowing a kiss. Perhaps the modern day male is too impatient to follow the "correct" method, but Paddock Publications invite unsigned comments from any young lady who inveigles her boy friend to bestow on her a kiss of the 1892 vintage.

Trained personnel to direct all activities at Recreation Park

THOMAS THORNTON
General Superintendent



F. E. WAHL
Assistant Superintendent

RUSS ATTIS
Athletic Director

All future activities of Arlington Heights Park district will be under the direct supervision of a trained superintendent.

Thomas Thornton, a graduate in forestry majoring in park management, has been retained by the park district as general superintendent. F. E. Wahl, who has been acting superintendent since the resignation of Alfred Blume, will be assistant superintendent. William Wille will remain in charge of park maintenance.

Mr. Thornton "reported on the job" May 31, when a two hour conference was held with the park board. He had previously spent three days in Arlington "house hunting." His abode is on Schoenbeck rd., north of Palatine rd. His family consists of himself, his wife and a 4-year-old son.

THE PARK superintendent attended Michigan State, spending his summer vacations with the Kenosha Park district. Since he completed his college training he has been associate park engineer of the department of public works at Montreal, Canada.

A reporter found him enthusiastic over the town and possibilities that he believes exist here to provide park activities that will provide the maximum amount of service to the public. The inquirer found the young man rather modest about his previous accomplishments. He would not make any statements as to any contemplated changes he has in mind here. "I must first familiarize myself with your parks and the equipment and learn what the public desires," Thornton said.

Arlington's park system includes in addition to Recreation Park of 11 acres, the railroad parks, the playground park east of the south school and the northwest park which has been graded. If the voters approve the school building program next Saturday, a portion of that area will be taken over for school purposes.

The field house is greatly in demand. As many as three organizations frequently avail themselves of its use the same night. It is being used from 40 to 50 times a month.

THE PARK DISTRICT has spent $8,000 in the development of the railroad parks. This money came out of surplus funds. There were other urgencies for use of such funds this year.

The original boilers secured by the PWA are worn out. A new boiler costing $2,600 has been installed. More than $3,000 has been spent on the swimming pool, which was sand blasted and repainted. These expenses will not come every year, but it takes careful budgeting to maintain any surplus. The corporate fund tax is only one mill, and a half mill for recreational purposes.

'Mother' selects home too near busy corner

by F. J. FREEMAN

The business venture of a blue-winged teal at the busy intersection of Colfax and Northwest hwy. in Palatine came to grief this past week. This wild duck set up shop in the vacant lot across from "Bud" Hertel's Mobilgas Service station.

By the middle of May production was in full swing and a clutch of 12 olive-buff eggs were being incubated in a down-lined nest hidden in the short grass in the middle of the lot. It was discovered a few days ago that some marauder had plundered the nest and had eaten nine of the eggs and strewn the other three outside.

These wary birds were noticed by "Bud" flying over the lot, and he surmised that they might be nesting there. After some search the nest was discovered with the female brooding on it. It reluctantly flew off when he was within about eight feet of it.

He says he used to watch the pair fly in from the feeding grounds. As they approached the female would light on the ground about 15 feet from the nest, while the escorting male would dip in flight over her as though to see that all was well and then wing around and return toward the creek about a mile to the east.

"Bud" who likes his feathered game on the wing or on the platter, kept careful watch over the nest with a high-powered air pistol at hand to teach a lesson to any predators that might stray too close. He was trying to figure some way to get the family, when they should hatch, safely across the busy four-lane highway when the tragedy was discovered.

"Nature and Company" who underwrite the business projects of all wild things will undoubtedly compensate this pair of teals for their loss with a second nest of eggs this season so that all may be well.

Arlington files friendly suit on annexation petition

The village of Arlington Hts. Friday filed suit in Superior court against George Kirchhoff, his wife Elsie, Louis Kirchhoff and his wife Martha, owners of property southeast of Arlington Heights, and which was annexed to the village by its board of trustees March 17, this year, and George S. Hoban, an attorney, at 1 N. LaSalle, Chicago, one of the signers of a petition by some of the village residents asking for an election for the annexation.

The defendants, according to Attorney H. J. Thal, who filed the suit, represent the 334 cosigners of a petition for annexation of about 76 acres of land southeast of Arlington Heights, and the 335 village residents who asked for an election for the annexation.

The suit asked the court to determine whether the corporate authorities of Arlington Heights are under any obligation to call an election to vote on the annexation.

Thal said that the village contends that the annexation is not subject to a vote by the village residents by reason of the 1951 Illinois act under which the board action was taken.

The suit claimed that the election would entail an expenditure of public funds for a purpose not authorized, and would serve no purpose whatsoever.

BASEMENT FIRE SATURDAY CAUSES $800 DAMAGE

A basement fire, which broke out Saturday at 4:15 p. m. at the home of Harold Dieball, 26 S. Highland ave., Arlington Heights, resulted in $800 worth of damage.

The fire started in the storage room and was quickly extinguished by the fire department. Smoke, alone, resulted in more than $400 worth of damage.

Visit here

Mrs. F. R. Anderson of McKeesport, Pa., mother of T. R. Anderson, will leave this week end after having spent two weeks with the family and getting acquainted with her new grandchild.

Guests at the home of Mr. and Mrs. Frank Golle from Sunday until Wednesday were her brother and family, Mr. and Mrs. Harold Anderson and son, Merrill, of Broadlands, Ill.

William Arnold's parents, Mr. and Mrs .Ralph Arnold of Des Moines, Ia., spent the holiday week end with the family. They were joined for dinner Saturday evening by Dr. John Mitchell of Evanston. Dr. Mitchell is a former classmate of the Ralph Arnolds.

Mr. and Mrs. David L. Ewalt were visited by her parents, Mr. and Mrs. Lee Harris of Bushnell, Ill., over Memorial day.

Mrs. Kenneth Strickler and children, Jean and Pat, of Bethesda, Md., will arrive next week for a visit with her parents, Mr. and Mrs. Paul Ramsay of Palatine. The Stricklers and the Ramsays are former residents of Arlington Heights.

To receive degree

Thomas McGough of 906 N. Illinois ave., will receive his bachelor of science degree from Loyola university at commencement exercises to be held June 11 at the Granada theater.

Birthdays

Nancy Thompson, daughter of Mr. and Mrs. Harvey Thompson, observed her third birthday last Tuesday afternoon. Her guests were Carol Mears, Mary Loechl, Jimmy Shogren, Neal Neumann, Donna Baird, Jackie Schramm and Nancy's brother, Ronnie, and sister, Pammie. The children's mothers were also invited to join the celebration and to become acquainted with their new neighbor, Mrs. Wayne Smith, who shared honors with Nancy.

Little Johnny Hoover celebrated his second birthday May 30 with a dinner party given by his parents, Mr. and Mrs. John R. Hoover. His paternal grandparents, Mr. and Mrs. N. P. Hoover, and aunt, Miss Helen Hoover of Norfolk, Neb., traveled here for the occasion. Also present were his aunt and uncle, Mr. and Mrs. H. N. Hoover of Maywood, and his sister, Dianne, and brother, Dick.

Memorial day, Bobbie Weed had a party in honor of his fourth birthday. Eight of the neighborhood children attended the event. They were Michael Bryant, Edwin Ray, Freddie and Charlotte Kreusch, Marilee and Lilly Graham, Andy and Debbie Shishkoff and his older sister, Nancy. Bobbie is the son of Mr. and Mrs. Alfred Weed.

The Arnold Sider family attended the birthday celebration of her mother, Mrs. Nick Tischer of Arlington Heights, Friday evening. There were 12 guests present.

Guests

The Stephen Murphys entertained Mr. and Mrs. Robert Tanner of Winnetka for dinner Thursday evening.

The Frank Kreusch family were guests of Mr. and Mrs. Emmett Krause of North Riverside Memorial day.

Mr. and Mrs. A. R. Campbell were among dinner guests gathered at the home of their daughter, Mrs. Jack Barry of Park Ridge, Sunday, in honor of her husband, Lt. Comm. Jack Barry. Comm. Barry, who was stationed at the hospital base in San Diego, has been transferred to Great Lakes naval base. Guests were Mr. and Mrs. J. J. Barry, Mr. and Mrs. William Herman and Mrs. Alice Hague, all of Park Ridge.

A week ago Friday the Warren Whites and the Charles Cronins attended a performance of "Guys and Dolls."

Returned

Mrs. Paul Wollerman and children moved back into their home at 1111 N. Patton ave. Monday, after a year's absence. They had been residing in Oklahoma where Capt. Wollerman was stationed before he sailed for Japan, June 2.

Trips

Mr. and Mrs. William Frost and son, Butch, along with several friends, spent five enjoyable days relaxing at Lake Lawn. They returned home Sunday.

Frank Golle and son, Frank Jr., returned Sunday from a four day fishing trip to Crivitz, Wis.

Make Arlington safe for children at play, urge police

"Help us make Arlington Heights the safest town for children at play," is the appeal made this wek by Carl H. Skoog, chief of police. He says, "With the arrival of summer and the end of school, there will be 3,000 children on our streets on their way to play areas."

He has the support of the PTA in his campaign. During the first two weeks in May, representatives of the police department visited five Arlington Heights schools, presenting a safety program that included a safety film and talk. There were 14 assemblies for that purpose.

THE CHILDREN were told that bicycles are vehicles and as operators and drivers of vehicles they were subject to vehicle laws and ordinances. Older pupils were told that the formation of good driving habits now would help them later to obtain auto driving licenses.

The police stressed the importance of setting a good example for children of the lower grades to follow.

The police department in asking the cooperation of parents and the general public has the following suggestions:

Encourage children to be safety minded at all times.

Teach them to observe and obey all traffic laws.

Remind them to play in yards, recreation spots, playgrounds.

They should keep off the streets, railroad tracks, vacant buildings under construction, or other places of danger.

A GOOD EXAMPLE can be set for children if adults will:

Come to a complete stop at all stop signs.

Observe and obey the 20 mile per hour speed zone on residential streets.

Observe and obey all parking regulations.

Be on the alert for children at play.

Give the pedestrian a chance.

If a pedestrian, do not be a "jay walker," cross streets at intersections, etc.

"Safety is the key that unlocks the door to our future happiness," says Chief Skoog. "Our children will benefit from our safe habits."

Arlington Heights police believe that good law enforcement begins in the home. They consider themselves public protectors. They ask motorists' cooperation and help in protecting their most cherished possession, "our children."

Plans for the national observance of Armed Forces day, Saturday, May 17, include one of the largest and most comprehensive displays of equipment ever seen in Chicago to be exhibited at the museum of science and industry.

Make Arlington safe for children at play, urge police

"Help us make Arlington Heights the safest town for children at play," is the appeal made this wek by Carl H. Skoog, chief of police. He says, "With the arrival of summer and the end of school, there will be 3,000 children on our streets on their way to play areas."

He has the support of the PTA in his campaign. During the first two weeks in May, representatives of the police department visited five Arlington Heights schools, presenting a safety program that included a safety film and talk. There were 14 assemblies for that purpose.

THE CHILDREN were told that bicycles are vehicles and as operators and drivers of vehicles they were subject to vehicle laws and ordinances. Older pupils were told that the formation of good driving habits now would help them later to obtain auto driving licenses.

The police stressed the importance of setting a good example for children of the lower grades to follow.

The police department in asking the cooperation of parents and the general public has the following suggestions:

Encourage children to be safety minded at all times.

Teach them to observe and obey all traffic laws.

Remind them to play in yards, recreation spots, playgrounds.

They should keep off the streets, railroad tracks, vacant buildings under construction, or other places of danger.

A GOOD EXAMPLE can be set for children if adults will:

Come to a complete stop at all stop signs.

Observe and obey the 20 mile per hour speed zone on residential streets.

Observe and obey all parking regulations.

Be on the alert for children at play.

Give the pedestrian a chance.

If a pedestrian, do not be a "jay walker," cross streets at intersections, etc.

"Safety is the key that unlocks the door to our future happiness," says Chief Skoog. "Our children will benefit from our safe habits."

Arlington Heights police believe that good law enforcement begins in the home. They consider themselves public protectors. They ask motorists' cooperation and help in protecting their most cherished possession, "our children."

Plans for the national observance of Armed Forces day, Saturday, May 17, include one of the largest and most comprehensive displays of equipment ever seen in Chicago to be exhibited at the museum of science and industry.

MORE POWER TO PENETRATE...

The U. S. Army's powerful bazooka fires an 8½ pound rocket shell that can penetrate 11 inches of armor, enough to destroy a standard tank.

MORE POWER TO YOU

That's Tydol Flying-A-Gasoline

TYDOL FLYING GASOLINE

Yes, there's more power for your car's engine . . . when you fill up the tank with powerful Tydol Flying -A- Gasoline!

With Tydol Flying -A- Gasoline your car gets all the great, smooth power you want it to get. And it's economical, too!

It's a good thing, too, to remember VEEDOL Motor Oil the next time you have your car's oil changed. VEEDOL'S famous "Film of Protection" keeps your motor safer, cleaner, smoother-running!

The truck that grew up on the farm!

The builders of International Trucks have a background of over 100 years' experience in building heavy-duty equipment for farmers.

To this add 45 years' experience in building heavy-duty trucks. This combined experience is put to good use. The result is an International Truck engineered to do *your* hauling more economically.

This is only one of many advantages you enjoy when you choose an International Truck. Why not choose your next one now?

You can't beat these International Truck exclusives:

- All-truck engines—built in the world's largest truck engine plant.
- The "roomiest, most comfortable cab on the road"—the Comfo-Vision Cab.
- Super-steering system—more positive control, easier handling and 37° turning angle.
- The same traditional truck toughness that has kept International first in heavy-duty truck sales for 20 straight years.
- The truck engineered for your job . . . 115 basic models, from ½-ton pickups to 90,000 lbs. GVW ratings.
- Largest exclusive truck service organization.

International L-160 models offer 130 to 172-in. wheelbases, GVW ratings from 14,000 to 16,500 lbs.

Buy on Proof!

Before you buy any truck, let us give you a list of persons in this area who have recently bought new Internationals like the one you are considering. Check with any or all of them. Find out how Internationals cut hauling costs on jobs like yours.

Guests

Visiting Mr. and Mrs. Herman Schmuckal last week end were her two brothers and their families, Mr. and Mrs. Al Robl of Oshkosh, Wis., and Mr. and Mrs. Buck Robl and son of Menasha, Wis., and Miss Nancy Grimm, also of Menasha. Saturday evening Mr. and Mrs. Schmuckal entertained the group at the Evergreens in Dundee. Also in the party were Mr. and Mrs. George Orth and Mrs. James Edwards.

Mr. and Mrs. Charles Mitchell of Minneapolis, formerly of Cary, are spending this week with Mr. and Mrs. George Kohler.

Mr. and Mrs. Edward Rowe spent Sunday with her parents, Mr. and Mrs. R. D. Dibble. Mr. and Mrs. Dibble also entertained Rev. J. B. Dibble and Rev. and Mrs. Paul Dibble on Memorial day.

Mrs. Clara Stoffel of Chicago and her granddaughter, Ellen, spent the week end at the home of Mr. and Mrs. Harold Stoffel.

Returns from hospital

Mrs. William Gronert returned recently from Walther Memorial hospital. She underwent an operation and spent 24 days in the hospital recuperating.

Priscilla Glow was home from Knox college last week end.

Tuesday night the Lucky Seven club met at the home of Mrs. Robert Peterson.

To attend commencements

Mr. and Mrs. Paul R. Kennedy will leave Friday to attend the graduation of their son, Paul Jr., from Hanover college in Hanover, Ind. The commencement exercises will be held Monday. They will return home Monday evening to attend their son, David's, high school graduation that night.

Mr. and Mrs. John Lindstrom and family will attend the commencement exercises at Denison university Thursday and will also visit Mrs. Lindstrom's parents, Dr. and Mrs. R. H. Williams, in Granville, O., for 10 days.

Return from trips

Karl Klopp returned home Sunday night from Germany where he visited his mother and two sisters for a month. He flew both ways. Mr. Klopp toured Germany and visited many spots of interest, including Hamburg, Berlin, Hanover and Munich.

Mr. and Mrs. James Sutton and Mr. and Mrs. John Hitchon of Lincolnwood spent a week end recently in St. Louis, Mo.

George Glow is in Cleveland this week on a business trip.

Memorial day activities

The James Yates family spent Memorial day week end at their cottage on Lake Koshkonong in Wisconsin. Mr. and Mrs. Martin Freeman and children of Beloit, formerly of Arlington Heights, were their guests.

The R. J. Voelkers spent last week visiting Mrs. Voelker's family in Des Moines. R. J. Jr. remained in Des Moines and will spent the summer with his grandparents.

Last week end Mrs. Allen Schulte visited her daughter, Mrs. W. Westedt, in Madison, Wis.

Mr. and Mrs. George Orth went to Milwaukee Sunday and visited their fathers.

Mr. and Mrs. Fred Utterback visited her daughter and husband, Mr. and Mrs. Don Benson in Davenport, Ia., and Mr. Utterback's brother, Chester Utterback, in Sigourney, Ia., over the week end.

Fishing

Al Bahr, Chuck Heiss, Red Harris and Warren Fellingham spent the week end fishing near Crivitz, Wis.

Mr. and Mrs. W. E. Belcher and family spent Memorial day with the P. Ridley family in Lake Delavan.

Mrs. Emma Garms of Arlington Heights and Mrs. Don Scamehorn of Mount Prospect were week end guests at the home of Mr. and Mrs. Wallace Tinberg and family of Watertown, Wis.

Picnics

Residents of the 800 S. Vail block enjoyed a picnic Memorial day in the area to the west of the block.

Memorial day the Chidley families had an outdoor picnic supper at the home of Mr. and Mrs. Ray Chidley.

Leaving Sunday

Mrs. W. E. Belcher and Susan and Stephen are leaving Sunday to spend three weeks visiting friends and relatives in Wichita and Sylvan Grove, Kas.

Mrs. Arlene Schnake and son, Rickie, have returned to their home in El Paso, Tex., after spending three weeks at the home of her parents, Mr. and Mrs. Edward G. Nagel.

Mr. and Mrs. C. E. Jarvis moved into their new home at 1327 N. State rd. May 15. They previously lived in Waukesha, Wis.

Romuald Raichert of Los Angeles arrived here by plane last Wednesday to spend two weeks visiting his son and family, Mr. and Mrs. Edward Raichert and children, Ronald, Beverly and Leslie. He later will visit other members of his family living in the middle West.

Canadian guest

Dan Micheleski of Toronto, Canada, was a guest in the home of Mr. and Mrs. Herbert Olson and family last week.

Miss June Pfingsten was pleasantly surprised when 12 guests dropped in from Arlington Heights and Chicago, to make short visits with her throughout Sunday afternoon and evening.

Mr. and Mrs. Herbert Olson held open house Wednesday evening in honor of their daughter, Alice Ann's, graduation.

Birthdays

Mr. and Mrs. Herbert Kirchhoff and family entertained several guests at a family party Sunday in honor of their son, Richard's, third birthday which was June 2.

May 13, Mr. and Mrs. Elmer Kirchhoff entertained several guests at a family gathering in honor of their daughter, Lynn Ann's, first birthday.

Miss Grace Brocato entertained 15 girl friends at a birthday party Saturday evening in honor of her seventeenth birthday. One of the highlights of the evening was a wienie roast on the patio.

Jeanne Koops celebrated her seventh birthday by entertaining ten guests at a birthday party at her home Monday.

Donna Hartman, daughter of Mr. and Mrs. Don Hartman, entertained several guests at a birthday party in honor of her seventh birthday.

Tony Key recently celebrated his eighth birthday by entertaining several friends at a birthday party.

Bobby and Johnny Kopplin, twin sons of Mr. and Mrs. William (Duke) Kopplin, celebrated their sixth birthday June 3 by entertaining several of their friends and playmates at a birthday party.

Recuperating

Warren Stacy, young son of Mr. and Mrs. C. Stacy, is recuperating at home after recently undergoing a tonsilectomy.

Alice Ann Olson, daughter of Mr. and Mrs. Herbert Olson, returned to school Monday after recuperating from measles.

Miss Catherine Brady enjoyed the Memorial day week end visiting her sister and family in LaSalle, Ill.

Mr. and Mrs. Louis Pedersen entertained Mrs. Pedersen's sister, Mrs. Helen Scharfenorth of Chicago, for Memorial day week end.

Mr. and Mrs. Andrew Helwig entertained guests from St. Louis, Mo., last week.

Mr. and Mrs. James Henning and small son, Jimmy, of Madison, Wis., spent several days over the Memorial day week end visiting Mr. Henning's mother, Mrs. Ethel Henning of Arlington Heights.

Mrs. Louise Brock returned recently after spending a three-week's vacation in Mexico.

Mr. and Mrs. Stanley Olson celebrated their tenth anniversary Sunday at a party at their home for 20 guests. A buffet supper was served. Mr. Olson, who is an accomplished organist, entertained the guests with organ selections.

Last Sunday evening Mr. and Mrs. Tom Vidrick and family and Mr. and Mrs. Ralph Langhorst and family of Palatine visited the Al Porep family in Woodstock.

George Poole presents car to TV winner

George C. Poole, Arlington Heights Ford dealer, appeared on the Morris B. Sachs Amateur Hour Sunday and presented the keys of a 1952 two-door Ford to Sunday's winner, Richard Ellman, 13.

Metropolitan Ford dealers are presenting five Fords to winners on the show. The car, won by Ellman, is at Poole's now and will be picked up by Ellman and his father this week.

by MRS. CHARLES KULE

Story time, play time, picture time and feature time are the four divisions of the "Child Life" magazine received monthly. For the child six to ten years of age there is a variety of material from the reading of bedtime stories to suggestions for games and handicraft. Illustrations are on the level of the young child, thus enabling him to enjoy many happy hours.

* * *

"Act Pitcher Overcomes Years of Heartbreak," "When the Babe Whammed a Homer," "A Secret Joe Louis Never Told," "Safety Patrols Save Lives," "Stamps" are just a few articles in the young people's magazine, "Open Road." Many articles pertaining to current sports, including camping, are in the May issue.

* * *

All magazines, with the exception of the current month, may be taken out for a three week period. Make use of this added service by the local library.

* * *

Summer time is a time of enjoying the out-of-doors, and for the sport enthusiasts now is the time to brush up on that favorite summer activity. Patty Berg, in her book, "Golf," says, "Golf, more than any sport of which I am aware, calls for development of your powers of concentration." "If there is any short-cut to success in golf, it is in learning correct methods at the very outset. This is important." Illustrations together with information about this popular sport will be of interest to the golfer.

* * *

With the opening of the local swimming pool, and nearby lakes for picnics and outings, who would not want to take advantage of swimming in the cooling waters. In his book, "Swimming," Robert Kiphuth exercises the various strokes and the general program of speed and pace, together with training, to make this a valuable book for the beginner as well as advanced swimmer.

* * *

To perfect a game of tennis, take several lessons from the old master, William Tilden and his book, "How to Play Better Tennis." There is more to this book than the usual instructions on the mechanics of hitting a tennis ball. Apart from his extraordinary genius as a player, Bill Tilden is universally recognized as knowing more of theory, tactics, technique, and winning psychology than anyone else who ever swung a racquet.

* * *

For the all-round sportsman the "Outdoor Sports Manual," by the editors of Popular Mechanics and "2000 ideas for Sportsmen," compiled by the editors of Outdoor Life will be of untold value. Covering such fields as hunting, fishing, camping, trapping, archery, boating, many a vacation or week end will be made more pleasant by knowing the fundamentals of these activities. Paragraphs on rifles, shotguns and hunting dogs and their handling, make these books unique in acquainting the sportsman with facts about his favorite leisure time project.

Republican women to honor Congress wives, girls

At a recent board of directors meeting held at the home of Mrs. Edward L. Middleton, Evanston, tentative plans were discussed for a reception in Evanston, honoring the women members and the wives and daughters of the Republican members of the House and Senate by the members of the Thirteenth Congressional District Women's Republican club sometime during the national convention. Complete details will be announced at a later date by Mrs. Alverta Stewart, Cook county chairman, and Mrs. Wesley M. Dixon, Lake county chairman.

A luncheon will be held June 26 at the Ridgeville Community House, Evanston, at 12 noon by the membership committee to welcome new members. The present membership of 1500 will be added to substantially at this luncheon.

Republican women living in the Thirteenth Congressional District are urged to become members of this Women's Rupublican club. The Thirteenth Dist. comprises all of Lake county and the following townships in Cook: Evanston, New Trier, Northfield, Norwood Park, Maine, Elk Grove, Wheeling, Palatine, Hanover, Schaumburg, Barrington and Leyden. Mrs. William Wark, Evanston, is Cook county membership chairman, and Mrs. Irl Marshall, Deerfield, is Lake county membership chairman. Application for membership may be made to the membership chairmen.

Picture of a Pair who just waked up

HERE in the driveway is a Buick. It has just arrived. It belongs to this proud young couple. They've just "arrived" too.

They've arrived at a discovery—the discovery that owning a Buick instead of a "low-priced car" isn't so much a matter of money.

It's a matter of knowing the facts of life. Buick prices are closer to the prices of smaller, less powerful, less distinguished cars than most people think.

Why don't you check into this?

You'll find you could pay $300 to $400 more—and still not match the horsepower of this nimble beauty.

You could pay hundreds of dollars more—and still not get any more interior room, or richer fabrics.

But that's only part of the story.

The big thing about any car is the way it goes.

So you ought to find out how this car rides the road—the freedom from bobble and sway that cost a million real dollars to develop.

You ought to sample the way Dynaflow Drive* feeds the power—with a steady swoop and unbroken smoothness in city traffic, on hills, or out on the open road.

And you ought to know how it feels to touch off that Fireball 8 Engine. With all its might, this high-compression valve-in-head gets a lot of miles from a gallon of gas.

We'll tell you this—because a lot of folks have told *us* this: No matter what car you're driving now—no matter what cars you've looked at—they'll never seem the same after you try this one.

Just give us a chance to prove it—and you'll have a lot of fun.

*Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.*

Editor decides Arlington aldermen earn a salary

The senior editor of Paddock Publications substituted for his regular reporter at a meeting of the Arlington Heights village board Monday evening.

He stayed at the press table until official adjournment, nearly 12 o'clock. This story of the four hour session may not be orthodox, but it tells the reaction to a bystander of the operation of the legal machinery that was grinding out that evening the affairs of state for the village of Arlington Heights.

There were only two visitors, both newcomers. We admire them for their patience. They stayed until after the clock had struck eleven.

OLLIE BESINGER, who is developing Stonegate, has tried three times to get an approval to a small home that he desires to erect on the highway, west of Stonegate tavern.

The local building committee is asking that brick be partly used in the construction. Ollie, on the advice of his lawyer, has sent word that he will not make a personal appearance before the board and is ready to go to court if necessary.

After 60 minutes spent in discussing the situation, Attorney Thal suggested that he attempt a settlement with the attorney of the builder.

Besinger claims that the location of the proposed house does not permit a building on a par with other Stonegate homes.

EDWARD J. AHMER, builder of a home at 1014 Grave ave., asked that he be allowed to build a 40 ft. house in place of 39 ft. He was given an ok provided the owners in said block petition to have the alley between Wilke and Race adjoining the property, vacated.

Chairman Walters of the Plan Commission reported that his group and the village of Arlington Heights had been given ten days in which to file an objection to the rezoning of five acres on Rand rd., 2,000 feet south of Foundry rd.

A number of new homes within the corporate limits of Mount Prospect are in the area," said Walters. That village did not file any objections and Arlington Heights will keep hands off. The owners of the property intend to establish a vegetable market.

Chief Skoog asked the board to place Officer Aldrich on a salary equal to that paid other patrolmen, contending that the officer had served a month's probation.

MAYOR GOEDKE criticized the police department for the number of Northwest hwy. arrests. He said that too much partiality is being shown local residents. He asked that tickets be issued for traffic infractions of Arlington Heights people. Chief Skoog agreed to "get tough."

Alderman Carlisle, who was interested in the organization of a Safety Week in Arlington, questioned the interest of local organizations in safety measures. He reported that only seven persons out of an expected 15 attended a recent meeting called for that purpose.

A MONTHLY payroll of $13,647 was approved for payment. Clerk Davis drew the attention of the board to the fact that no payments had yet been made on the recently purchased $10,000 street sweeper or two new trucks costing $10,388.04. The creditors have advised him that there is no hurry. Early passage of the appropriation ordinance was urged by the clerk, who has prepared some preliminary budget figures. The village board will hold a special meeting to get the "bad news."

STATE OF ILLINOIS has approved plans for sewer and water projects in Arlington Greens and Eastwood addition. The former lies between Dryden and Hickory and Oakton and Olive. The latter is east of Dryden and south of Euclid.

Arlington Heights has a credit of $74,146 in gas tax funds. A small amount of it has been earmarked for Dunton st. widening and an additional amount may be used to pay the public benefit on that project.

The village turned down a request of a resident in Arlingdale who desired to run a small water and sewer line 280 feet in the curb. He will be told that the installation of a six-inch water main installed in the correct manner will be approved.

The Library board presented a total budget of $15,500 for next year an increase of $3,000, which is considered adequate for the operation of their own building.

May building permits totaled $1,504,100. Thirty new homes called for expenditures of $477,350; 14 garages $14,125; institutional building $1,000,000; additions and alterations $12,625.

Additional street lights will be authorized for the high school area.

The village will soon lose a tenant—the public library. Village truck will assist in moving operations.

ACTION TAKEN in reference to the public nurse, installation of parking meters and Scarsdale annexations appear in other stories on this page.

The board finally ran out of projects and adjourned its members none the worse for the four hour session. The editor was exhausted.

Arlington public nurse awaits pay agreement between schools, village

Attorney Hugo J. Thal advised Arlington Heights village board Monday evening that no agreement had been reached between the high school, district 25 and the village as to the proportionate share of each fo the maintenance of a public nurse within the municipality.

The Chicago Tuberculosis Institute, which originally directed the nursing service many years ago, has passed out of the picture and is no longer maintaining such service.

In recent years the two schools have only contributed approximately $300 a year each, with the village paying about $1,200, which in turn it collects in part from a special nurse tax.

The village recognizes its major responsibility, especially because the service is used by many who do not attend the high or elementary schools.

A conference with the two school boards will be held this week in order that the required amount can be included in the village annual appropriation ordinance.

The Nurses' club is the principal sponsor of the local nursing service and it is due to its cooperation and interest that the health service has been able to grow with the community.

4-H Federation meeting

The 4-H Federation of North Cook County will hold its monthly meeting June 5 at 8 p.m. at the Farm Bureau office in Arlington Heights. (b4

Editor decides Arlington aldermen earn a salary

The senior editor of Paddock Publications substituted for his regular reporter at a meeting of the Arlington Heights village board Monday evening.

He stayed at the press table until official adjournment, nearly 12 o'clock. This story of the four hour session may not be orthodox, but it tells the reaction to a bystander of the operation of the legal machinery that was grinding out that evening the affairs of state for the village of Arlington Heights.

There were only two visitors, both newcomers. We admire them for their patience. They stayed until after the clock had struck eleven.

OLLIE BESINGER, who is developing Stonegate, has tried three times to get an approval to a small home that he desires to erect on the highway, west of Stonegate tavern.

The local building committee is asking that brick be partly used in the construction. Ollie, on the advice of his lawyer, has sent word that he will not make a personal appearance before the board and is ready to go to court if necessary.

After 60 minutes spent in discussing the situation, Attorney Thal suggested that he attempt a settlement with the attorney of the builder.

Besinger claims that the location of the proposed house does not permit a building on a par with other Stonegate homes.

EDWARD J. AHMER, builder of a home at 1014 Grave ave., asked that he be allowed to build a 40 ft. house in place of 39 ft. He was given an ok provided the owners in said block petition to have the alley between Wilke and Race adjoining the property, vacated.

Chairman Walters of the Plan Commission reported that his group and the village of Arlington Heights had been given ten days in which to file an objection to the rezoning of five acres on Rand rd., 2,000 feet south of Foundry rd.

A number of new homes within the corporate limits of Mount Prospect are in the area," said Walters. That village did not file any objections and Arlington Heights will keep hands off. The owners of the property intend to establish a vegetable market.

Chief Skoog asked the board to place Officer Aldrich on a salary equal to that paid other patrolmen, contending that the officer had served a month's probation.

MAYOR GOEDKE criticized the police department for the number of Northwest hwy. arrests. He said that too much partiality is being shown local residents. He asked that tickets be issued for traffic infractions of Arlington Heights people. Chief Skoog agreed to "get tough."

Alderman Carlisle, who was interested in the organization of a Safety Week in Arlington, questioned the interest of local organizations in safety measures. He reported that only seven persons out of an expected 15 attended a recent meeting called for that purpose.

A MONTHLY payroll of $13,647 was approved for payment. Clerk Davis drew the attention of the board to the fact that no payments had yet been made on the recently purchased $10,000 street sweeper or two new trucks costing $10,388.04. The creditors have advised him that there is no hurry. Early passage of the appropriation ordinance was urged by the clerk, who has prepared some preliminary budget figures. The village board will hold a special meeting to get the "bad news."

STATE OF ILLINOIS has approved plans for sewer and water projects in Arlington Greens and Eastwood addition. The former lies between Dryden and Hickory and Oakton and Olive. The latter is east of Dryden and south of Euclid.

Arlington Heights has a credit of $74,146 in gas tax funds. A small amount of it has been earmarked for Dunton st. widening and an additional amount may be used to pay the public benefit on that project.

The village turned down a request of a resident in Arlingdale who desired to run a small water and sewer line 280 feet in the curb. He will be told that the installation of a six-inch water main installed in the correct manner will be approved.

The Library board presented a total budget of $15,500 for next year an increase of $3,000, which is considered adequate for the operation of their own building.

May building permits totaled $1,504,100. Thirty new homes called for expenditures of $477,350; 14 garages $14,125; institutional building $1,000,000; additions and alterations $12,625.

Additional street lights will be authorized for the high school area.

The village will soon lose a tenant—the public library. Village truck will assist in moving operations.

ACTION TAKEN in reference to the public nurse, installation of parking meters and Scarsdale annexations appear in other stories on this page.

The board finally ran out of projects and adjourned its members none the worse for the four hour session. The editor was exhausted.

Arlington public nurse awaits pay agreement between schools, village

Attorney Hugo J. Thal advised Arlington Heights village board Monday evening that no agreement had been reached between the high school, district 25 and the village as to the proportionate share of each fo the maintenance of a public nurse within the municipality.

The Chicago Tuberculosis Institute, which originally directed the nursing service many years ago, has passed out of the picture and is no longer maintaining such service.

In recent years the two schools have only contributed approximately $300 a year each, with the village paying about $1,200, which in turn it collects in part from a special nurse tax.

The village recognizes its major responsibility, especially because the service is used by many who do not attend the high or elementary schools.

A conference with the two school boards will be held this week in order that the required amount can be included in the village annual appropriation ordinance.

The Nurses' club is the principal sponsor of the local nursing service and it is due to its cooperation and interest that the health service has been able to grow with the community.

Up and Doing 4-H club

The Up and Doin 4-H club of Elk Grove met at the home of Nancy Hanemann May 27.

Nancy Hanemann demonstrated how to make an iris corsage and also talked about the different kinds of vases and holders.

Marion Pytlik gave a talk on buying clothes and also told how to make a good fruit salad. Diane Deeke gave a demonstration of sewing on a skirt.

A talk on clothing was given by Harriet Moellenkamp, and Laurnell Anderson talked on wood carving and showed the club different designs for place mats.

Nancy Hanemann and Diane Deeke asked questions on health for the minor lesson. Harriet Moellenkamp and Patty Busse served on the recreation committeen and Diane Deeke, Nancy Hanemann, Marion Pytlik and Helen Grimm served refreshments.

Clever Clover 4-H club

The last meeting of the Clever Clover 4-H club of Arlington Heights was held at the home of Donna Luethje.

A demonstration was given by Donna Siemro, and Marlene Krambeer demonstrated flower arrangements and a belt carrier.

Mary Kingsley demonstrated the use of a cake mix and Janeen Griffen told about hair grooming.

The club will hold a bake sale at Shelkop's Radio and Television shop June 14 at 10 a.m. Posters for the bake sale were made by Donna Luethje, Betty Lou and Mary Jane Schulse, Mary Kingsley and Pat Henning.

Members of the Clever Clover club will tour Meyer Brothers Dairy June 12.

Patent given Sinclair for rust-proof gas

Announcement was made that the United States Patent Office granted a patent on Sinclair gasoline containing anti-rust chemical RD-119, according to H. L. Lussow, Metropolitan Chicago area manager, of Sinclair Refining company.

In commenting on the official U. S. Patent office recognition that Sinclair anti-rust gasoline is significantly different from any other motor fuel, Mr. Lussow, pointed out that "the newly patented gasoline composition containing the Sinclair rust inhibitor, RD-119, can save one out of four motorists up to $18 or more yearly. This saving is made possible by eliminating the need of repair and replacement of carburetor and other fuel system parts damaged by rust and corrosion. Without the regular use of Sinclair RD-119 gasoline," Mr. Lussow continued, "water, formed by moisture condensation inside a car's gasoline tank, caused destructive rust and corrosion that every year cripple 1 car in 4.

"Regular use of Sinclair's newly patented gasoline forms an invisible protective coating inside a car's entire fuel system," Mr. Lussow explained, "thus keeping fuel lines clean and free-flowing. The new, exclusive anti-rust feature of both regular and premium Ethyl grades of Sinclair gasoline is being offered to motorists without extra charge," Mr. Lussow concluded.

Cut Noxious Weeds

(Official Notice)

According to "An Act Concerning Noxious Weeds," all property owners are required by law to destroy noxious weeds growing on their permises before they reach the seed-bearing stage. Full cooperation by every property owner and municipality with the local Thistle Commissioner will be greatly appreciated.

As a land owner you are hereby notified that you are under a legal duty to destroy all such noxious weeds on the above described premises before seed-bearing stage, in accordance with the provisions of Section 3 of the above mentioned act. The methods of treating and eradicating noxious weeds as recommended by the Department of Agriculture can be obtained from the undersigned.

Full cooperation from property owners will be necessary.

Yours truly,
LOUIS CLARK,
Commissioner of Noxious Weeds, Wheeling Township. (6-20

Elk Grove Home Bureau

The Elk Grove Unit of Cook County Home Bureau met May 28 at the home of Mrs. Ed Linneman. Co-hostesses were Mrs. August Decke, Mrs. John Wetterman and Mrs. John Popp.

The lesson on hearty salads as the main dish was given by Mrs. Deeke and Mrs. Wetterman.

The next meeting will be held at the home of Mrs. Elmer Rohlwing.

Elk Grove school to hold annual picnic

Elk Grove Lutheran school will hold its annual picnic June 8 beginning at 2 p. m. at the school on Linnemann rd.

The Ladies Aid of the church will sponsor a fancy goods sale in the afternoon and from 5 p.m. to 7 p.m. will serve a ham dinner. Tickets at $1.50 will be sold in the school basement.

Everyone is invited to attend.

Raymond Raines winner of state hair style contest

Raymond Raines and Frances Bryant, hair stylists of Alfred Martin hairdressing salon, Arlington Heights, competed in the hairstyling contest sponsored by the Chicago and Illinois Hairdressers association held in the Sherman hotel, Chicago, June 2.

The purpose of the hairstyling contest is to select hairstyle designers for the style body of the Chicago Hairdressers association, at which only the most advanced beauticians participated.

Miss Peggy Sieburg, local resident, modeled the winning coiffure which brought the honor to Mr. Raymond, thus making him an official hair stylist for the Chicago and Illinois Hairdressers association.

Mrs. Frances Bryant exhibited her lovely coiffure creation on Mrs. Jessie Miller of Long Grove, who received much attention from the reporters and photographers of the Chicago Tribune and Sun Times.

Mr. and Mrs. Alfred Martin, owners of the hairdressing salon which employs these talented hair artists, celebrated their achievement by treating Mr. Raymond and Miss Francis, along with their models, to an evening at the famous Pump Room of the Ambassador East hotel.

LOSS IN MARTIN MEYER RESIDENCE FIRE AWAITS ADJUSTER'S FIGURES

While the loss sustained by Martin Meyer in the fire that partially destroyed his home was considerable, final payment still awaits figures of the adjuster because insurance was carried in two companies.

Opposite Mt. Prospect Village Hall

Northwest Hwy., Evergreen and Maple, Mt. Prospect, Ill.

Kenneth E. Prior, of the B. S. Hatch Company,* says: "We have found that you can't beat a Ford Truck for gas, oil and repair economy."
*Address on request.

"My work is stop-and-go, with 5-ton loads . . . yet my running cost is

Only 5¢ a mile"

B. S. Hatch Company operates 14 Ford Trucks, including this F-6 Tanker.

New Ford F-6 gives only choice of V-8 or SIX in 2-ton field

New power to speed your heavy hauling! The Ford F-6 gives you a choice of two great engines—the 239 cu. in. TRUCK V-8, now 106 h.p., and BIG SIX, now 112 h.p.!

More payload than other leading makes! With up to 800 lbs. *less dead weight* than in other leading 2-ton trucks, your new Ford F-6 carries up to 800 lbs. more *load*, within the gross weight rating!

SEE THIS BOOK NOW! See how little it can cost to run a Ford Truck in YOUR kind of work—reports of 5,500 Ford Truck owners, from the Ford Economy Run!

FINAL RESULTS FORD TRUCK ECONOMY RUN

Come in—See us today!

F. C. A.

"We ran this 1951 Ford F-6 Tanker 3,111 miles during the five-month Ford Truck Economy Run," says Kenneth E. Prior. "Our day-by-day expense records show that we paid $154.42 for gas, oil, maintenance and repairs. That's only 5¢ a mile. For stop-and-go work with loads averaging 10,500 lbs., that's real economy!"

Availability of equipment, accessories and trim as illustrated is dependent upon material supply conditions.

Ford Trucks for '52 cost still less to run!

Up and Doing 4-H club

The Up and Doin 4-H club of Elk Grove met at the home of Nancy Hanemann May 27.

Nancy Hanemann demonstrated how to make an iris corsage and also talked about the different kinds of vases and holders.

Marion Pytlik gave a talk on buying clothes and also told how to make a good fruit salad. Diane Deeke gave a demonstration of sewing on a skirt.

A talk on clothing was given by Harriet Moellenkamp, and Laurnell Anderson talked on wood carving and showed the club different designs for place mats.

Nancy Hanemann and Diane Deeke asked questions on health for the minor lesson. Harriet Moellenkamp and Patty Busse served on the recreation committeen and Diane Deeke, Nancy Hanemann, Marion Pytlik and Helen Grimm served refreshments.

Clever Clover 4-H club

The last meeting of the Clever Clover 4-H club of Arlington Heights was held at the home of Donna Luethje.

A demonstration was given by Donna Siemro, and Marlene Krambeer demonstrated flower arrangements and a belt carrier.

Mary Kingsley demonstrated the use of a cake mix and Janeen Griffen told about hair grooming.

The club will hold a bake sale at Shelkop's Radio and Television shop June 14 at 10 a.m. Posters for the bake sale were made by Donna Luethje, Betty Lou and Mary Jane Schulse, Mary Kingsley and Pat Henning.

Members of the Clever Clover club will tour Meyer Brothers Dairy June 12.

Patent given Sinclair for rust-proof gas

Announcement was made that the United States Patent Office granted a patent on Sinclair gasoline containing anti-rust chemical RD-119, according to H. L. Lussow, Metropolitan Chicago area manager, of Sinclair Refining company.

In commenting on the official U. S. Patent office recognition that Sinclair anti-rust gasoline is significantly different from any other motor fuel, Mr. Lussow, pointed out that "the newly patented gasoline composition containing the Sinclair rust inhibitor, RD-119, can save one out of four motorists up to $18 or more yearly. This saving is made possible by eliminating the need of repair and replacement of carburetor and other fuel system parts damaged by rust and corrosion. Without the regular use of Sinclair RD-119 gasoline," Mr. Lussow continued, "water, formed by moisture condensation inside a car's gasoline tank, caused destructive rust and corrosion that every year cripple 1 car in 4.

"Regular use of Sinclair's newly patented gasoline forms an invisible protective coating inside a car's entire fuel system," Mr. Lussow explained, "thus keeping fuel lines clean and free-flowing. The new, exclusive anti-rust feature of both regular and premium Ethyl grades of Sinclair gasoline is being offered to motorists without extra charge," Mr. Lussow concluded.

Cut Noxious Weeds

(Official Notice)

According to "An Act Concerning Noxious Weeds," all property owners are required by law to destroy noxious weeds growing on their permises before they reach the seed-bearing stage. Full cooperation by every property owner and municipality with the local Thistle Commissioner will be greatly appreciated.

As a land owner you are hereby notified that you are under a legal duty to destroy all such noxious weeds on the above described premises before seed-bearing stage, in accordance with the provisions of Section 3 of the above mentioned act. The methods of treating and eradicating noxious weeds as recommended by the Department of Agriculture can be obtained from the undersigned.

Full cooperation from property owners will be necessary.

Yours truly,
LOUIS CLARK,
Commissioner of Noxious Weeds, Wheeling Township. (6-20

Elk Grove Home Bureau

The Elk Grove Unit of Cook County Home Bureau met May 28 at the home of Mrs. Ed Linneman. Co-hostesses were Mrs. August Decke, Mrs. John Wetterman and Mrs. John Popp.

The lesson on hearty salads as the main dish was given by Mrs. Deeke and Mrs. Wetterman.

The next meeting will be held at the home of Mrs. Elmer Rohlwing.

Elk Grove school to hold annual picnic

Elk Grove Lutheran school will hold its annual picnic June 8 beginning at 2 p. m. at the school on Linnemann rd.

The Ladies Aid of the church will sponsor a fancy goods sale in the afternoon and from 5 p.m. to 7 p.m. will serve a ham dinner. Tickets at $1.50 will be sold in the school basement.

Everyone is invited to attend.

Raymond Raines winner of state hair style contest

Raymond Raines and Frances Bryant, hair stylists of Alfred Martin hairdressing salon, Arlington Heights, competed in the hairstyling contest sponsored by the Chicago and Illinois Hairdressers association held in the Sherman hotel, Chicago, June 2.

The purpose of the hairstyling contest is to select hairstyle designers for the style body of the Chicago Hairdressers association, at which only the most advanced beauticians participated.

Miss Peggy Sieburg, local resident, modeled the winning coiffure which brought the honor to Mr. Raymond, thus making him an official hair stylist for the Chicago and Illinois Hairdressers association.

Mrs. Frances Bryant exhibited her lovely coiffure creation on Mrs. Jessie Miller of Long Grove, who received much attention from the reporters and photographers of the Chicago Tribune and Sun Times.

Mr. and Mrs. Alfred Martin, owners of the hairdressing salon which employs these talented hair artists, celebrated their achievement by treating Mr. Raymond and Miss Francis, along with their models, to an evening at the famous Pump Room of the Ambassador East hotel.

LOSS IN MARTIN MEYER RESIDENCE FIRE AWAITS ADJUSTER'S FIGURES

While the loss sustained by Martin Meyer in the fire that partially destroyed his home was considerable, final payment still awaits figures of the adjuster because insurance was carried in two companies.

Baccalaureate set for June 8; 231 graduate June 9 in new gym

LeRoy J. Knoeppel, superintendent of Arlington Heights township high school, extends a cordial invitation to the public to attend the forty-third annual baccalaureate and commencement exercises to be held June 8 and 9. The services will be held in the new gymnasium, and there will be ample room for all those who wish to attend.

Each member of the graduating class has been given four tickets to be distributed to his family or friends. These tickets will admit the bearer to the reserved section of seats which includes all seats on the main floor and some sections of the bleachers. Many choice seats are available in the balcony and on the unreserved sections of the bleachers for those not having tickets from members of the graduating class.

Rev. L. V. Stephan of St. Peter Lutheran church, Arlington Heights, will deliver the baccalaureate address. The invocation and the benediction will be pronounced by Rev. F. L. Gehrs of St. John Lutheran church, Elk Grove. The high school mixed choir, accompanied by Hazel Mueller, will sing three selections: "Now Let Every Tongue Adore Thee" by Bach, "Open Our Eyes," by MacFarlan, and "Now the Day is Over" by Branby.

At the commencement exercise, the invocation will be pronounced by Rev. Richard Rosemeyer of St. James Catholic church. The high school mixed choir will sing "Homing" by Del Riego, and, accompanied by the high school band, will sing "America the Beautiful" by Ward. LeRoy Frederichs, president of the senior class, will introduce the four seniors who will give short addresses: Joan Groth on "Citizenship," Thomas Cleaver on "Scholarship," Patricia Watkins on "Activities" and Norbert Leckband on "Sportsmanship."

LeRoy J. Knoeppel, superintendent, will present the class of 1952 to E. F. Laurin, president of the Board of Education, who will present the diplomas to the 231 graduates.

Human law is right only as it patterns the divine.

—Mary Baker Eddy

Where law ends, tyranny begins. —William Pitt

Obituaries

Martha Luecht

Mrs. Martha Luecht, 67, late of Palatine and Middleton rds., Palatine, died May 26 at her home. Funeral services were held May 29 at 2 p.m. at Immanuel Lutheran church, Palatine. Rev. Hilmar Th. Rosenberg officiated officiated. Interment Concordia cemetery. Tharp's Funeral Home, Palatine, was in charge of arrangements.

Born March 27, 1885, in Iron Ridge, Wis., Mrs. Luecht lived in Palatine for 11 years. Her husband, Herman, preceded her in death.

Surviving are: her two daughters, Mrs. Viola Martens of Indianapolis, Ind., and Mrs. Sophie Rouille of Palatine; five grandchildren; three sisters and three brothers, all of Chicago.

Otto P. Madelung

Funeral services were held Sunday at St. Paul Evangelical and Reformed church, Palatine, for Otto P. Madelung, Towers Lake, father of George Madelung, 156 S. Rohlwing rd., Palatine.

He had been ill ten years and was an invalid since 1945. Interment was in Memory Gardens, Arlington Heights.

Deceased was born March 20, 1883, in Ronneby, Sweden; was confirmed in the Swedish Lutheran church as a youth, and accompanied his family to America.

He married Aida Usherwood February 26, 1912. He leaves his wife; three children, George, Charles, and Mrs. Helen Clapp of Chicago; a nephew; four sisters living in Sweden, and seven grandchildren.

Mr. Madelung was a stationary engineer and mechanic. After residing 31 years in Chicago, he moved to Towers Lake. He was a former member of Altar Lodge A.F. & A.M. and Siloam Commandery of Knight Templars.

Carl M. Lurch

Carl M. Lurch of Des Plaines died May 29 at the Evanston hospital. Funeral services were held at St. Mary's Catholic church in Des Plaines May 31, at 10 a.m. Mass was read by Father Maginot. Interment took place at All Saints cemetery. Oehler Funeral Home were in charge of services.

Mr. Lurch was born in Heiligenstadt, Germany, May 20, 1900. He came to America in November, 1923, and was married to Elizabeth Scheide in June, 1924. At the time of his death he was residing at 210 S. Wolf rd., Des Plaines, and was president of the C. M. Lurch Food Products Co. in Wheeling.

He was a member of the Merchants and Manufacturer's club of Chicago, the Cumberland Terrace Civic club, the Wheeling Chamber of Commerce, the Wheeling Lions club, the Steuben Society, and the Schwabenverein.

Survivors include his wife, Elizabeth; his brother, George, in Germany, and his brother, Joseph, in California.

CARD OF THANKS

Our heartfelt thanks to all our neighbors, relatives and friends who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, and other kindnesses, we are deeply grateful.

Peter L. Happ

Funeral services were held Monday from Lauer Funeral home, Northbrook, to St. Norbert's church for Peter L. Happ, who died last Thursday evening at Evanston hospital. Rev. Charles Haefner officiated at the services, with interment at St. Mary's cemetery, Techny.

Mr. Happ was born in Northfield 65 years ago. In 1929 he built the Happ building at 1978 Shermer ave. He was a member of the building committee of the new Catholic church, a parish trustee, one of the original directors of the Northbrook bank, a member of the Rotary club and of the village board.

Survivors are his wife, Rose, nee Selzer; four daughters, Irene, Mrs. Rose Langhi of St. Louis, Mrs. Elsie Kennedy of Birmingham, Ala., and Mrs. Vera Watters of Sauganash, Mich.; a son, Lester, AAC/2, stationed at Memphis, Tenn.; eight grandchildren, and three brothers, Matt, George, and Ed.

William Gusewelle

Funeral services will be held Saturday at 2 p. m., for William Gusewelle, late of 217 Washington st., Carpentersville, formerly of Palatine, at St. Paul's Evangelical and Reformed church, Palatine. Rev. Glenn G. Gumm will officiate. Interment South Side cemetery, Palatine.

Mr. Gusewelle was born December 6, 1880, at the farm house on Ela and Palatine rds., Palatine. He resided there all his life until a year and a half ago when he went to make his home with his son in Carpentersville.

His wife, Louise, preceded him in death in 1942.

After a lingering illness, Mr. Gusewell died June 4 at the age of 71.

Survivors include one son, Wilmer, and one granddaughter.

Friends may call at the Sharp funeral home, Dundee, after Thursday noon until Saturday morning, and after 12 o'clock Saturday at the church in Palatine.

Ralph G. Hull

Funeral services were held Monday for Ralph G. Hull, late of 714 N. Mitchell, Arlington Heights, at St. James Catholic church, 9:30 a. m. Rev. Richard Rosemeyer officiated. Interment All Saints cemetery. Black's Memorial Home was in charge of arrangements.

Mr. Hull was born December 23, 1878, in Elders Ridge, Pa. He was married September 6, 1917. The couple moved to Arlington Heights from Chicago in 1924, where they have lived ever since.

Deceased was a member of Telephone Pioneers of America and Greater Chicago Lodge Royal Order of the Moose. He died May 29 at St. Joseph's hospital in Elgin.

Survivors include his wife, Mary; his children, John, Harriet B. Logan, William, Mary M. Early, Ralph Jr., and Elizabeth Jean Hull, and 11 grandchildren.

Two Palatine veteran farmers in hospital

Herman Reese, 88, and Louis Rohde, 82, are recuperating in Sherman hospital, Elgin. Both are veteran Palatine farmers.

Mr. Rohde was taken to the hospital Saturday afternoon and at last reports is doing nicely.

Mr. Reese has been in the hospital three months. He keeps in touch with his home town by reading the Enterprise, which he has ordered sent to his bedside.

Deaf Group Perfects Midget Hearing Aid

A small group of scientists working together because of deafness have perfected a hearing aid that can be worn in secret.

With this small aid, even your closest friends will never know how you hear so perfectly. Voices, television and even the ticking of the clock sound natural.

It is suggested if interested for yourself or a friend, write to P. O. Box 107, Des Plaines, Illinois, and full information will be sent. —Adv.

Plans set for summer elementary remedial and music programs

Plans have been completed for four weeks of summer remedial classes starting June 16 in the public schools and for a summer music program providing six weeks of training and participating in music activities.

Students may choose to enroll in remedial classes dealing with arithmetic, reading or spelling. Each class will meet one hour daily for instruction in the morning, and a fee of $20 for the four-week period should be paid in advance for each subject for which a child is enrolled.

Registration for this part of the summer program will be conducted June 6 from 1 to 3:30 p.m. and June 9 from 9 a.m. to 3:30 p.m. at the Junior high school.

Miss Martha Sapp, guidance director, who will be general director of this program, will handle the registrations. The week of June 9 will be devoted to testing and classifying the pupils enrolled, so that instructions may begin promptly June 16. All classes in this program will be conducted in classrooms in the South school.

PARENTS WHO returned the recent letter regarding this program are reminded that this was not a registration and it is necessary to enroll.

The music program will be conducted by Mr. Brunt, music instructor of the local schools, and will be held in the cafeteria of the Junior high school. Students may register for the music program June 5 from 1 to 3:30 p.m. or June 6 from 9 to 11:30 a.m. in the music director's office of the Junior high school. Classes will begin the week of June 23.

STUDENTS wishing instrumental instruction, other than in a rhythm band or flutophone class, may do so at a cost of $10 for the term. This is open to all students now receiving such instrumental instruction and also to any child who wishes to take up a band instrument, if he will be in the fourth grade or above next year.

Such instruction for an individual child, all of which is covered by the $10 fee, might include one or two band rehearsals weekly, one sectional band rehearsal weekly, meeting with a small ensemble once or more weekly and individual or small group instruction.

In addition there will be three rhythm band groups, one for each of next year's first, second and third grades and one flutophone group for next year's third graders. Each rhythm band group will meet twice a week and the flutophone group three times a week. The charge will be $3 for the term for rhythm band instruction and $4.50 for flutophone instruction. Each grade will be limited to the first 35 registering for either the rhythm band or the flutophone group.

41 to receive diplomas from St. James school

Forty-one students of St. James Catholic school, Arlington Heights, will receive their diplomas as graduates during the 9:30 a. m. high mass in the church June 15. Rev. George Stier, pastor, will confer the diplomas.

Following the high mass, the graduates will take part in the Corpus Christi procession, an age-old custom in the Catholic faith.

After the services in church the seventh grade will serve a breakfast to the graduates in the school hall.

The following will receive the diplomas: Judith Babs, Patricia Baron, Richard Brodnan, Walter Christophersen, Leona Fisher, Bernadine Fleury, Bonnie Fluent, Richard Froembgen, Ronald Garstkiewicz, Florence Geisen, Martin Hacker, Ronald Herff, Kathleen Holohan, Lauralee Huebner, John Kindler, Barbara Kisselburg, Robert Lobojko, Ayleen Malburg, Robert Moler, Karin Morette.

Thomas Muran, Robert McDonald, Donald Neuendorf, Theresa Obrest, Paul Otto, Sharon Pedersen, John Pilgard, William Randag, Wayne Rolfs, Mary Lou Sadowski, Robert Schaefges, Frank Schuller, Jean Scott, Joan Solon, Michael Stacy, John Stanton, John Sujack, Eugene Surber, Lorraine Theobold, Barbara Walbaum, and Gerald Wiltgen.

Dr. Baumann honored at dental fraternity

Dr. E. W. Baumann, Arlington Heights dentist, flew back Tuesday from Colorado Springs where he was attending lectures with the Cooley Study club.

He came home in time to be honored by a Northwestern University senior faculty dinner on Tuesday night at the Furniture Club of America by Alpha chapter of Omicron Kappa Upsilon fraternity.

Dr. Baumann was selected to received the annual honorary membership award given in recognition of outstanding achievement, leadership and contribution toward the advancement of methods in dentistry.

Baccalaureate set for June 8; 231 graduate June 9 in new gym

LeRoy J. Knoeppel, superintendent of Arlington Heights township high school, extends a cordial invitation to the public to attend the forty-third annual baccalaureate and commencement exercises to be held June 8 and 9. The services will be held in the new gymnasium, and there will be ample room for all those who wish to attend.

Each member of the graduating class has been given four tickets to be distributed to his family or friends. These tickets will admit the bearer to the reserved section of seats which includes all seats on the main floor and some sections of the bleachers. Many choice seats are available in the balcony and on the unreserved sections of the bleachers for those not having tickets from members of the graduating class.

Rev. L. V. Stephan of St. Peter Lutheran church, Arlington Heights, will deliver the baccalaureate address. The invocation and the benediction will be pronounced by Rev. F. L. Gehrs of St. John Lutheran church, Elk Grove. The high school mixed choir, accompanied by Hazel Mueller, will sing three selections: "Now Let Every Tongue Adore Thee" by Bach, "Open Our Eyes," by MacFarlan, and "Now the Day is Over" by Branby.

At the commencement exercise, the invocation will be pronounced by Rev. Richard Rosemeyer of St. James Catholic church. The high school mixed choir will sing "Homing" by Del Riego, and, accompanied by the high school band, will sing "America the Beautiful" by Ward. LeRoy Frederichs, president of the senior class, will introduce the four seniors who will give short addresses: Joan Groth on "Citizenship," Thomas Cleaver on "Scholarship," Patricia Watkins on "Activities" and Norbert Leckband on "Sportsmanship."

LeRoy J. Knoeppel, superintendent, will present the class of 1952 to E. F. Laurin, president of the Board of Education, who will present the diplomas to the 231 graduates.

Human law is right only as it patterns the divine.

—Mary Baker Eddy

Where law ends, tyranny begins. —William Pitt

Obituaries

Martha Luecht

Mrs. Martha Luecht, 67, late of Palatine and Middleton rds., Palatine, died May 26 at her home. Funeral services were held May 29 at 2 p.m. at Immanuel Lutheran church, Palatine. Rev. Hilmar Th. Rosenberg officiated officiated. Interment Concordia cemetery. Tharp's Funeral Home, Palatine, was in charge of arrangements.

Born March 27, 1885, in Iron Ridge, Wis., Mrs. Luecht lived in Palatine for 11 years. Her husband, Herman, preceded her in death.

Surviving are: her two daughters, Mrs. Viola Martens of Indianapolis, Ind., and Mrs. Sophie Rouille of Palatine; five grandchildren; three sisters and three brothers, all of Chicago.

Otto P. Madelung

Funeral services were held Sunday at St. Paul Evangelical and Reformed church, Palatine, for Otto P. Madelung, Towers Lake, father of George Madelung, 156 S. Rohlwing rd., Palatine.

He had been ill ten years and was an invalid since 1945. Interment was in Memory Gardens, Arlington Heights.

Deceased was born March 20, 1883, in Ronneby, Sweden; was confirmed in the Swedish Lutheran church as a youth, and accompanied his family to America.

He married Aida Usherwood February 26, 1912. He leaves his wife; three children, George, Charles, and Mrs. Helen Clapp of Chicago; a nephew; four sisters living in Sweden, and seven grandchildren.

Mr. Madelung was a stationary engineer and mechanic. After residing 31 years in Chicago, he moved to Towers Lake. He was a former member of Altar Lodge A.F. & A.M. and Siloam Commandery of Knight Templars.

Carl M. Lurch

Carl M. Lurch of Des Plaines died May 29 at the Evanston hospital. Funeral services were held at St. Mary's Catholic church in Des Plaines May 31, at 10 a.m. Mass was read by Father Maginot. Interment took place at All Saints cemetery. Oehler Funeral Home were in charge of services.

Mr. Lurch was born in Heiligenstadt, Germany, May 20, 1900. He came to America in November, 1923, and was married to Elizabeth Scheide in June, 1924. At the time of his death he was residing at 210 S. Wolf rd., Des Plaines, and was president of the C. M. Lurch Food Products Co. in Wheeling.

He was a member of the Merchants and Manufacturer's club of Chicago, the Cumberland Terrace Civic club, the Wheeling Chamber of Commerce, the Wheeling Lions club, the Steuben Society, and the Schwabenverein.

Survivors include his wife, Elizabeth; his brother, George, in Germany, and his brother, Joseph, in California.

Peter L. Happ

Funeral services were held Monday from Lauer Funeral home, Northbrook, to St. Norbert's church for Peter L. Happ, who died last Thursday evening at Evanston hospital. Rev. Charles Haefner officiated at the services, with interment at St. Mary's cemetery, Techny.

Mr. Happ was born in Northfield 65 years ago. In 1929 he built the Happ building at 1978 Shermer ave. He was a member of the building committee of the new Catholic church, a parish trustee, one of the original directors of the Northbrook bank, a member of the Rotary club and of the village board.

Survivors are his wife, Rose, nee Selzer; four daughters, Irene, Mrs. Rose Langhi of St. Louis, Mrs. Elsie Kennedy of Birmingham, Ala., and Mrs. Vera Watters of Sauganash, Mich.; a son, Lester, AAC/2, stationed at Memphis, Tenn.; eight grandchildren, and three brothers, Matt, George, and Ed.

William Gusewelle

Funeral services will be held Saturday at 2 p. m., for William Gusewelle, late of 217 Washington st., Carpentersville, formerly of Palatine, at St. Paul's Evangelical and Reformed church, Palatine. Rev. Glenn G. Gumm will officiate. Interment South Side cemetery, Palatine.

Mr. Gusewelle was born December 6, 1880, at the farm house on Ela and Palatine rds., Palatine. He resided there all his life until a year and a half ago when he went to make his home with his son in Carpentersville.

His wife, Louise, preceded him in death in 1942.

After a lingering illness, Mr. Gusewell died June 4 at the age of 71.

Survivors include one son, Wilmer, and one granddaughter.

Friends may call at the Sharp funeral home, Dundee, after Thursday noon until Saturday morning, and after 12 o'clock Saturday at the church in Palatine.

Ralph G. Hull

Funeral services were held Monday for Ralph G. Hull, late of 714 N. Mitchell, Arlington Heights, at St. James Catholic church, 9:30 a. m. Rev. Richard Rosemeyer officiated. Interment All Saints cemetery. Black's Memorial Home was in charge of arrangements.

Mr. Hull was born December 23, 1878, in Elders Ridge, Pa. He was married September 6, 1917. The couple moved to Arlington Heights from Chicago in 1924, where they have lived ever since.

Deceased was a member of Telephone Pioneers of America and Greater Chicago Lodge Royal Order of the Moose. He died May 29 at St. Joseph's hospital in Elgin.

Survivors include his wife, Mary; his children, John, Harriet B. Logan, William, Mary M. Early, Ralph Jr., and Elizabeth Jean Hull, and 11 grandchildren.

Two Palatine veteran farmers in hospital

Herman Reese, 88, and Louis Rohde, 82, are recuperating in Sherman hospital, Elgin. Both are veteran Palatine farmers.

Mr. Rohde was taken to the hospital Saturday afternoon and at last reports is doing nicely.

Mr. Reese has been in the hospital three months. He keeps in touch with his home town by reading the Enterprise, which he has ordered sent to his bedside.

Plans set for summer elementary remedial and music programs

Plans have been completed for four weeks of summer remedial classes starting June 16 in the public schools and for a summer music program providing six weeks of training and participating in music activities.

Students may choose to enroll in remedial classes dealing with arithmetic, reading or spelling. Each class will meet one hour daily for instruction in the morning, and a fee of $20 for the four-week period should be paid in advance for each subject for which a child is enrolled.

Registration for this part of the summer program will be conducted June 6 from 1 to 3:30 p.m. and June 9 from 9 a.m. to 3:30 p.m. at the Junior high school.

Miss Martha Sapp, guidance director, who will be general director of this program, will handle the registrations. The week of June 9 will be devoted to testing and classifying the pupils enrolled, so that instructions may begin promptly June 16. All classes in this program will be conducted in classrooms in the South school.

PARENTS WHO returned the recent letter regarding this program are reminded that this was not a registration and it is necessary to enroll.

The music program will be conducted by Mr. Brunt, music instructor of the local schools, and will be held in the cafeteria of the Junior high school. Students may register for the music program June 5 from 1 to 3:30 p.m. or June 6 from 9 to 11:30 a.m. in the music director's office of the Junior high school. Classes will begin the week of June 23.

STUDENTS wishing instrumental instruction, other than in a rhythm band or flutophone class, may do so at a cost of $10 for the term. This is open to all students now receiving such instrumental instruction and also to any child who wishes to take up a band instrument, if he will be in the fourth grade or above next year.

Such instruction for an individual child, all of which is covered by the $10 fee, might include one or two band rehearsals weekly, one sectional band rehearsal weekly, meeting with a small ensemble once or more weekly and individual or small group instruction.

In addition there will be three rhythm band groups, one for each of next year's first, second and third grades and one flutophone group for next year's third graders. Each rhythm band group will meet twice a week and the flutophone group three times a week. The charge will be $3 for the term for rhythm band instruction and $4.50 for flutophone instruction. Each grade will be limited to the first 35 registering for either the rhythm band or the flutophone group.

41 to receive diplomas from St. James school

Forty-one students of St. James Catholic school, Arlington Heights, will receive their diplomas as graduates during the 9:30 a. m. high mass in the church June 15. Rev. George Stier, pastor, will confer the diplomas.

Following the high mass, the graduates will take part in the Corpus Christi procession, an age-old custom in the Catholic faith.

After the services in church the seventh grade will serve a breakfast to the graduates in the school hall.

The following will receive the diplomas: Judith Babs, Patricia Baron, Richard Brodnan, Walter Christophersen, Leona Fisher, Bernadine Fleury, Bonnie Fluent, Richard Froembgen, Ronald Garstkiewicz, Florence Geisen, Martin Hacker, Ronald Herff, Kathleen Holohan, Lauralee Huebner, John Kindler, Barbara Kisselburg, Robert Lobojko, Ayleen Malburg, Robert Moler, Karin Morette.

Thomas Muran, Robert McDonald, Donald Neuendorf, Theresa Obrest, Paul Otto, Sharon Pedersen, John Pilgard, William Randag, Wayne Rolfs, Mary Lou Sadowski, Robert Schaefges, Frank Schuller, Jean Scott, Joan Solon, Michael Stacy, John Stanton, John Sujack, Eugene Surber, Lorraine Theobold, Barbara Walbaum, and Gerald Wiltgen.

Likes To Eat

One of the main "likes" of this smiling, blond and brown-eyed boy, is eating. He is Kenneth Sorensen of 801 N. Patton, Arlington Heights.

"Kenneth likes to eat anything and lots of it," stated Mrs. Sorensen. Playing cowboys and attending Sunday .school at Faith Lutheran church are his favorite activities.

There is a wee sister, Connie, in the Sorensen family. She was a year old yesterday. Kenneth is her constant admirer, and likes to play with her, especially on rainy days when he is indoors.

Mr. and Mrs. K. M. Sorensen and Mrs. E. Lieberman of Chicago are the grandparents. Mrs. E. Havranek of Chicago is the great grandmother.

The Allen Trio

Dark brown eyes and pretty smiles are similar characteristics of all three children of the Robert R. Allen family, 21 S. Ridge ave., Arlington Heights.

Pictured first is Phillip, the baby of the family. He is three years old, blond, and full of mischief. Baseball, cars and playing with middle sister, Vicki, are major pastimes of this little fellow.

"Vicki is the bouncing type, and full of mischief, too," declared Mrs. Allen. She is four years old and has light brown hair.

Big sis is Sherry Lynn, an 8 year old and third grader at the South school. Sherry Lynn likes music and takes piano lessons.

Mr. and Mrs. Robert W. Allen of Milwaukee and Dr. and Mrs. Allen Bogart of Flint, Mich., are the grandparents.

Edward Burling and Delores Meyn say 'I do'

Candelabra, palms, and baskets of white gladioli and peonies decorated the altar of St. Paul Lutheran church, Mount Prospect, to form the setting for the wedding of Delores Jean Meyn, daughter of Mr. and Mrs. William C. Meyn of Mount Prospect, and Edward Blake Burling of the U. S. air force, son of Mr. and Mrs. Cyril Burling, Pontiac, Mich.

Rev. J. E. A. Mueller officiated at the ceremony which took place May 24, and David Warner sang "The Twenty-third Psalm" and "The Lord's Prayer," accompanied at the organ by Elmer Jackisch.

The bride wore a gown of chantilly lace over net and taffeta fashioned with long sleeves, a stand-up collar and a train. Her illusion fingertip veil was held in place by a Queen Ann headpiece of seed pearls. She wore a single strand of pearls, a gift of the groom, and carried a cascade bouquet of glamelias and stephanotis with a white orchid center.

Maid of honor, Joan Goggin, wore a yellow chantilly lace gown fashioned with net skirt and boat neckline. Her headpiece was of yellow net and she carried a cascade bouquet of orchid Esther Reed daisies.

Bridesmaids, Miss Carol Conroy, Mrs. Gilbert Wooten and Mrs. Robert Becker, wore aqua gowns of lace and net. Their headpieces matched their gowns and they carried cascade bouquets of yellow Esther Reed daisies.

Best man for the groom was Jack King, and ushers were Fred Jorn, Gilbert Wooten and Robert Becker.

The bride's mother wore a gold taffeta shantung dress with white accessories and the groom's mother wore a two-piece navy blue dress with navy accessories. Both mothers had white orchid corsages.

A reception for 226 guests was held at the VFW club house in Mount Prospect where a buffet supper was served.

After a brief honeymoon on the East coast, the couple will reside at 15 W. Busse ave., Mount Prospect.

Stork Feathers

Mr. and Mrs. Robert Wright of 209 S. Pine st., Mt. Prospect, are the parents of a daughter, born May 27 at Victory Memorial hospital in Waukegan.

A daughter, Elizabeth Jane, was born May 16 to Mr. and Mrs. Alfred Weed of 1008 Race ave., Arlington Heights, at St. Francis hospital, Evanston. She weighed 7 pounds 11 ounces. Elizabeth has an older sister, Nancy, and a brother, Bobby. The grandparents are Mr. and Mrs. Alfred Weed of Florida and Mr. and Mrs. Sixto Lopez of Puerto Rico.

S/Sgt. John C. Looser and Mrs. Looser of Del Paso Heights, Cal., announce the birth of their daughter, Linda Ruth, born May 26. Mrs. Looser is the former Daisy Jeanne Derrig of Prospect Heights.

Mr. and Mrs. Raymond L. DeGreeff of 310 N. Dunton, Arlington Heights, announce the birth of a son, Raymond Lawrence Jr., born June 1 at St. Francis hospital, weighing 9 pounds 5 ounces. The baby has a sister, Vicky, 6, and a brother, David, 2.

Mr. and Mrs. Paul Gehrig of 123 S. Mitchell, Arlington Hts., are the parents of a baby girl, born June 2 at Sherman hospital, Elgin, weighing 5 pounds 7 ounces. Grandparents are Mr. and Mrs. William Schoepke of Arlington Heights and Mr. and Mrs. Paul Gehrig of Duluth, Minn.

Weston Blackmer takes Barbara Zoellick as bride

Bak photo

Immanuel Lutheran church of Palatine was the scene of the recent wedding of Miss Barbara Zoellick, daughter of Mr. and Mrs. Rupert Zoellick of Palatine, and Weston W. Blackmer, son of Mr. and Mrs. W. A. Blackmer of Cherry Valley, Ill

Rev. Hilmar T. Rosenberg officiated at the 7 o'clock ceremony which took place May 24. The soloist, Walter Ringer, was accompanied at the organ by Paul Beimer. The church was decorated with palms and baskets of white gladioli and peonies.

The bride's gown was fashioned of white satin with a lace bodice and a long satin train. She wore a fingertip veil and carried a bouquet of white carnations and lilies of the valley with an orchid in the center.

The maid of honor, Miss Beverly Ehlenburg of Elgin, a cousin of the bride, wore a yellow gown fashioned with a lace top and a nylon net skirt over taffeta. Her matching hat was halo shaped, and she carried lavender carnations with ribbons to match her dress.

Bridesmaids were Judith Zoellick, who was gowned in pink, and Caryl Zoellick, who was gowned in green. Both girls are cousins of the bride from Des Plaines. They carried bouquets of yellow carnations tied with ribbons to match their dresses.

Best man for the groom was his cousin, Robert Wilson of Cherry Valley, and the ushers were Don Zoellick, brother of the bride, Melvin Blackmer and Vernon Blackmer of Irene, Ill., and Jack Winkler of Cherry Valley, cousins of the groom.

The bride's mother wore a gown of navy blue lace over blue taffeta with a corsage of yellow roses, and the groom's mother wore a gown of navy blue sheer over pink taffeta with a corsage of pink roses.

A reception for 100 guests was held in the church basement following the ceremony. The newlyweds are honeymooning in the Bad Lands and Black Hills of South Dakota.

Orchestra accompanies at benefit show

The names of members of the orchestra that accompanied performers when the Arlington Heights Friendly Singing club presented their benefit show for paraplegic veterans at Hines hospital were omitted last week.

Members of the orchestra for the May 25 show given at Arlington Heights high school were Willard Cook, Melvin Landmeier, Henry Moreth, Les Griffith and A. Koller.

Club members perform monthly for the vets at Hines. Funds from this show are being used for the annual picnic given for paraplegic veterans at Hines and to buy cigarettes for them.

Just Dogs

by DAVE TERRILL

Continual barker

A continual barker is a nuisance around the home and certainly a strain on friendly relations with the neighbors. Fortunately, most dogs can be somewhat cured of unnecessary barking, and all cases can be brought under reasonable control.

One thing should be remembered, each case of a barking dog is an individual problem and may require different methods to control.

Usually, very little attention is paid to a puppy's barking, but that is the time to start control if it is not to develop into a regular pastime. When a puppy barks in play, at another dog, or at someone passing by after a reasonable length of time, stop him. Say "That's enough," or "Quiet," and, if necessary, demonstrate by holding his mouth closed with your hand. Distract his attention to something else, lead him away or pet him. Don't further excite him by yelling, rushing at or slapping him. If he seems to get completely out of hand, keep a sprinkling can handy filled with water, or better still a water gun and when he refuses to obey douse him with some water. It won't hurt him, and it's an effective cure.

A dog kenneled outdoors often barks in answer to barking dogs in the distance or on moonlight nights. With daytime treatments or the water treatment, a command from the house called to him from the door or window will quiet him. Where a number of dogs are kenneled an effective "cure" is to have a sheet of tin on top of the kennel enclosure and when the barking chorus starts, throw a stone or some other such object—clocks cost money — striking the metal. When the dogs hesitate at the sound, use that moment to command "quiet." One owner of a boarding kennel in this area that is a friend of your editor has gone one better on the subject of not having to yell out the window. He has installed a two-way loud speaker system between the house and kennel and when things get out of hand in the kennel—he keeps the kennel side of the unit tuned in — he walks over to the unit in the house and with a flick of the switch and a few sharp commands has things under control.

When a dog barks excessively at the dog next door, stretch a piece of canvas along the dividing line until you can bring your dog under control and to know the meaning of the command "quiet."

A dog that is taught to "speak" at command is not so apt to indulge in unnecessary barking, this from Harry Miller of Gaines Research.

Also teach a dog early to stay alone in a room of the house and he won't be likely to set up a continuous howl every time you leave him alone. This one problem alone gives many a dog owner a number of unhappy moments especially when they hear about it from their neighbors.

Show days

This part of Illinois has really been "going to the dogs" in the past few weeks.

It started with a show in Peoria a week ago and was followed with one last Sunday at Joliet and then this coming Sunday locally the North Shore Dog Training Club will hold a tracking test for obedience dogs at Maryknoll Seminary, on Rte. 53 south of Lombard. Also out of the area this Sunday will be the large all-breed confirmation show at South Bend, Ind., at which a number of local folks from here will be present.

Next in line and, from the point of local interest most important, will be the Skokie Valley Kennel Club show to be held Sunday, June 15, 1952, at the VFW clubhouse and grounds located at Rte. 12 and 83, north of Mt. Prospect. Here is a chance for you folks to get out to see an all-breed show and obedience trial close at hand.

Eugene Peterson and Anne Pokragac are wed

Albert Photo

Miss Anne J. Pokragac of Wheeling, daughter of Mr. and Mrs. Max Pokragac of Lyons, Ill., became the bride of Eugene Peterson, son of Mrs. Clara Peterson of Highland Park, Ill.

The wedding took place May 3 at St. Barbara's church in Brookfield, Ill. Father T. J. MacInerney officiated at the 12 o'clock ceremony. The church was decorated with pink and white carnations.

The bride wore a white ballerina-length gown of nylon net with lace panels and a fingertip veil. She carried a bouquet of moth orchids and stephanotis.

Her only attendant was Miss Pat Brady of Brookfield, who wore an ice blue ballerina-length gown and carried a bouquet of pink carnations. Gerald Sheahen was best man for the groom.

A reception was held at 6:00 o'clock in Grahovic's Hall in Lyons for 100 guests.

The newlyweds took a wedding trip to Canada and are now making their home in Highwood, Ill.

Three showers were given for the bride prior to the wedding. A personal shower was given by Pat Brady, and Lorraine Sheahen and Janet Utpadel gave a miscellaneous shower. Another miscellaneous shower was given by Rita Smith of Lyons.

To wed June 14

Word has come from Rye, N. Y., of the approaching marriage of Dagmar Cebe-Habersky to Roger Evert Case.

Mr. Case is the son of Mr. and Mrs. Milton V. Case of Mt. Prospect. Both young people attend Macalester college in St. Paul, Minn.

The wedding will take place June 14 at the Rye Presbyterian church in New York.

Following a wedding trip to Vermont and Canada, Mr. Case and his bride will return to Mt. Prospect to spend a week with his parents before returning to St. Paul.

St. John's church holds picnic Sunday

The annual congregational picnic of St. John's Evangelical and Reformed church, Arlington Heights, will take place Sunday in the George Scharringhausen Grove on S. State rd., one mile south of Higgins.

A basket picnic dinner will be held at 12 noon. Games for the junior and intermediate departments will begin at 1 p. m., and at 2 o'clock the primary department will participate in games.

At 2:30 the beginners department will play games, and there will be a grab bag for the kiddies at 3 p. m.

The Children's choir will challenge their dads to a game of baseball at 3:05 p. m., and the single men will play against the married men.

There will be games and stunts for the ladies and men at 4:15 p. m., and at 5:30 a basket picnic supper will be held.

Candy, pop and ice cream will be on sale at the refreshment stand.

Former Heights boy wed in Michigan

Mr. and Mrs. Walter Schroeder of Fremont, Mich., formerly of Arlington Heights, announce the marriage of their son, Lester Zoellner, to Joyce Thompson of White Cloud, Mich., June 1.

Joyce and Lester were married in a double ceremony with her sister, Marilyn. Ernest Robb of Arlington Heights was the soloist. He sang "I Love You Truly," "Because," and "The Lord's Prayer."

The following relatives of the groom from this area motored to Michigan over the Memorial day week end to attend the wedding. They were Mr. and Mrs. Fred Kolze and Mr. and Mrs. Ernest Robb of Arlington Hts., Mr. and Mrs. Robert Kuhl of Lake Zurich, Mr. and Mrs. Roger Erber of Des Plaines, Mr. and Mrs. Al Ratieke and Mr. and Mrs. Fred Koeppen of Mt. Prospect, Mr. and Mrs. Gay Hagen of Elgin and Mr. and Mrs. Ed Erber of Elmhurst.

FRIDAY, JUNE 6, 1952

Miss Gladys Wilton and Wilbur Pownall take vows

White and purple lilacs and small bouquets of tulips and lilacs decorated the altar of the First Presbyterian church of Arlington Heights to form the setting for the wedding of Gladys Wilton, daughter of Mr. and Mrs. Francis K. Wilton of Arlington Heights, and Wilbur R. Pownall of Arlington Heights.

Rev. C. Victor Brown officiated at the four o'clock ceremony which took place May 10, and Mrs. Richard Lull was the organist.

The bride wore a dress of dusty pink silk taffeta shantung fashioned with short sleeves and a full skirt. Her bonnet was made of the same fabric and was trimmed with lilies of the valley. She also wore a strand of pearls, a gift from the groom. The bride's bouquet consisted of a white orchid and lilies of the valley.

Hilda G. Wilton, sister of the bride, was maid of honor. Her dress, which was the color of champagne, was fashioned of silk taffeta shantung with short sleeves and a portrait neckline. She also wore a small tulle bonnet trimmed with purple velvet ribbons and carried a bouquet consisting of a purple orchid and English ivy.

Best man for the groom was Earl K. Wilton, brother of the bride.

A wedding dinner for the immediate family was held at the Tally-Ho in Park Ridge.

The bride and groom spent their honeymoon in Turkey Run, Ind., and are now at home at 115 S. Walnut, Arlington Heights.

LAW

The best way to get a bad law repealed is to enforce it strictly.
—Lincoln

Mr. and Mrs. Club to hold steak roast

The Mr. and Mrs. Club of the First Presbyterian church of Arlington Heights will hold a steak roast June 14 as its final meeting of the season.

The steak roast will be held in Deer Grove at the shelter near the toboggan slide at 5:30 p. m. Those not familiar with this location should meet at the church at 5 p. m.

The families of all members are invited, and those who are planning to attend should call Inez Sharp at 3519 for dessert reservations.

Members and their families should bring their own meat, dishes, silver, and a covered dish. Dessert and coffee will be furnished.

Fuller brush man to leave for New Mexico

F. J. Freeman, who has been the "Fuller Brush Man" in this area the past ten years, has been transferred to New Mexico but is still doing business for the next two weeks.

Freeman, through his courtesy, has established a personal relationship between himself and his customers that made him something more than just a Fuller Brush representative. He regrets that he is leaving, but has admitted that there would be no better way for his customers to accord him a good send-off than a whale of a business during the next ten days.

Friends of Mr. Freeman should need no better hint. He can be reached by mail addressed to Arlington Heights. Mr. Freeman is known to many readers of Paddock Publications as the "Bird Watcher."

Mt. Prospect man is alumni day co-chairman at Northwestern June 14

An anticipated 1,000 Northwestern university alumni are expected to return to the Evanston campus June 14 when alumni day is held as part of the university's commencement weekend.

Highlights of the affair will be the parade of classes at 11:30 a. m., a luncheon at Patten gymnasium at which several hundred seniors of the class of 1952 will be guests, election of national officers, and presentation of achievement awards to be made immediately following the luncheon in Patten.

Co-chairmen of the affair are Mrs. Kathryn Singleton of Kenilworth, and Frank F. Broad of Mount Prospect.

Other events scheduled for the alumni are afternoon tours of the campus Friday, reunions of the classes of 1902, 1912, 1922, 1927, 1932, 1937 and 1942, a dinner for the half-century club, the annual business meeting, and an alumni day reception at 3:30 p. m. Saturday in Scott Hall.

Newcomers to hold dance at country club

The Newcomers club of Arlington Heights will sponsor a dance June 7 at the Itasca Country club.

Tickets for the dance, which will begin at 9 p. m., are $3 per couple. Dancing will be to the music of George Dorman and his orchestra.

For tickets, call Mrs. Stanley Billick, Arlington Hts. 3801-M.

Bake sale June 14

A bake sale will be given by the Ladies Aid of St. Peter Lutheran church, Arlington Heights, at Drewes Electric Sho, June 14 at 11 a.m.

Law is the embodiment of the moral sentiment of the people.

Favorites for Flavor

By LOIS SEILER

Homework for mothers of graduates:

Plan a party for your boy or girl graduate with simple but festive fare to celebrate the occasion and dispel graduation blues.

Graduation is a happy day but a sad one, too, for it means leaving four years of wonderful friendships and fun. So plan a party for the 1952 graduate—it will add a finishing touch to a wonderful day.

Unfortunately it's the refreshments at a party that cause most of the work, but what's a party without refreshments?

Here are some ideas that won't be too much work for mothers: Diploma Sandwiches, Mortar Board Punch and the cake of your choice.

The simple rolled sandwiches are gaily tied with ribbons at the last minute to give the diploma effect. The Mortar Board Punch is sparkling and wonderful tasting, but be sure to make plenty so the guests may have seconds to go with the cake.

Diploma Sandwiches

4 hard-cooked eggs
1 (4½-ounce) can or jar chopped ripe olives
1 tsp. salt
½ tsp. mustard
1/3 cup mayonnaise
Unsliced sandwich loaf

Chop eggs fine and mix with olives, salt, mustard and mayonnaise. Cut crusts from bread and slice loaf lengthwise into thin slices. Cut each slice crosswise into two or three pieces, depending on length of loaf.

Spread with egg filling and roll as for a jelly roll. Wrap each roll in waxed paper and chill. Unwrap, and tie with ribbons of school's colors just before serving. Yield: About 18 sandwiches.

Mortar Board Punch

2 12-oz. cans apricot whole fruit nectar
1 cup pineapple juice
1 pt. ginger ale

Chill the fruit juices and ginger ale. Mix just before serving. Yield: 1½ quarts.

Knob washer

small washer out of a piece of fine sandpaper, thread it onto the screw, with the abrasive side next to the drawer, and tighten. You'll never struggle with loose knobs again.

Chosen junior prom queen

Community Camera

Miss Betty Kay Burke, daughter of Mr. and Mrs. John Burke of Patton ave., Arlington Heights, was chosen queen of the 1952 Arlington Heights high school Junior Prom at Medinah country club May 29. The choice was made by members of Jim Barclay's orchestra who played for the prom.

All senior girls were requested to circle slowly about the dance floor as the orchestra played "A Pretty Girl is Like A Melody." Six girls were "tapped" to go to the stage where final choice was made. Finalists were Dolores Dionne, Nancy DiVall, Judy Feind, Patricia Gieseke and Gloria Haemker.

President of the junior class, Dick McAuliffe ,presented Miss Burke with a huge bouquet of red and white carnations in the school colors. Miss Burke and her escort then led the grand march, followed by junior officers and their partners.

Miss Burke has been an active member of the senior class, being a member of the Student Senate, the "Cardinal" staff, and serving as hall guide and on the Homecoming committee. She has been prominent in the Girls' Athletic association and has been captain of both basketball and volleyball teams. She has also been the recipient of a four-semester honor pin in recognition of having been on the honor roll for four consecutive semesters.

St. James Guild elects officers

Election of officers of the St. James Catholic Women's Guild of Arlington Heights was held at their May meeting.

The following officers were eelcted: Mrs. Peery Duderstadt, president; Mrs. LeRoy Moskal, first vice president; Mrs. John Zito, second vice-president; Mrs. Louis Ray, recording secretary; Mrs. Jake Marino, corresponding secretary; Mrs. Willard Meyer, treasurer.

The officers have pledged themselves to put forth every possible effort to make this year one of the Guild's most successful years.

Mrs. Duderstadt, acting in her first official capacity in this organization, has called a board meeting of all the newly elected officers to be held at her home Tuesday evening. She resides at 303 N. Lincoln lane.

All committee heads appointed for the 1951-52 season will retain their offices and continue to be responsible for their duties until arrangements have been made by the board to replace them for the 1952-53 season. The matter will be one of the first taken up by the president and her officers.

The Guild decided at its last meeting to hold another meeting June 24. Usually the last meeting is held in May, but because of pressing business, the members voted to hold a meeting in June.

Couple take vows in double ring ceremony

Community Camera

In a double ring ceremony held May 31, Miss Marjorie Stoeckel, daughter of Mrs. Anna Stoeckel of Arlington Heights, became the bride of Charles Gilly, son of Mr. and Mrs. Dan Gilly of Barrington.

The wedding took place at St. Peter Lutheran church at 7:30 p.m., with Rev. L. V. Stephan officiating.

Miss Phyllis Nagel sang "Grant O Lord Thy Blessing," accompanied at the organ by Donald Herman. The church was decorated with candelabra and white flowers.

The bride wore a ballerina-length gown of white nylon tulle trimmed with lace. Her fingertip veil was of nylon net and she carried a bouquet of gardenias and lilies of the valley.

Miss Gertrude Schwolow of Barrington, cousin of the bride, was maid of honor. Her ballerina-length gown was of blue pleated nylon net, and she carried a colonial bouquet of red roses. She wore a blue veil headpiece which was held in place by three red roses.

Junior bridesmaids were two nieces of the bride, Michele and Marsha Hoggay. They wore gowns of pale green organdy and carried small colonial bouquets of red roses.

Another niece of the bride, Mary Ellen Hoggay, was the flower girl. She wore a gown of pale orchid organdy and carried a basket of red roses with white rose petals.

Best man for the groom was Roger Baumann of Barrington, and ushers were Robert Gilly of Lake Zurich and Daniel Gilly of Barrington, brothers of the groom.

The bride's mother wore a pink lace dress with a deep blue iris corsage, and the groom's mother wore a blue print dress with a cymbidium orchid corsage.

A reception for 300 guests was held at the Dundee Firemen's hall.

Following a three-weeks wedding trip in the West, the newlyweds will make their home at 112 Wool st., Barrington.

Otto Golzes have golden anniversary

More than 200 relatives and friends enjoyed the hospitality of Mr. and Mrs. Otto Golz, Palatine, at their golden wedding anniversary party Sunday afternoon.

Rev. Glenn G. Gumm of St. Paul Evangelical and Reformed church conducted an impressive service for them and St. Paul choir sang appropriate selections.

Tables were set on the lawn where guests were served supper.

Make Doughnut Day plans

Mrs. Herbert C. Paschen of Hubbard Woods, serves tea to Mrs. Bernard S. Cahill, 924 S. Beverly Lane, Arlington Hts., at a recent tea at her home.

Plans for the annual fund-raising Doughnut Day tag day, scheduled for the benefit of the Salvation Army June 13, were discussed.

Mrs. Paschen is Cook County suburban chairman, and Mrs. Cahill is chairman for Arlington Heights.

Volunteers who can serve as taggers may enroll by calling Mrs. Paschen at Glencoe 1915, or Mrs. Cahill at Arlington Hts. 1741-M, or by contacting Doughnut Day headquarters, 54 W. Randolph st., (Central 6-3950) in Chicago.

Likes To Eat

One of the main "likes" of this smiling, blond and brown-eyed boy, is eating. He is Kenneth Sorensen of 801 N. Patton, Arlington Heights.

"Kenneth likes to eat anything and lots of it," stated Mrs. Sorensen. Playing cowboys and attending Sunday school at Faith Lutheran church are his favorite activities.

There is a wee sister, Connie, in the Sorensen family. She was a year old yesterday. Kenneth is her constant admirer, and likes to play with her, especially on rainy days when he is indoors.

Mr. and Mrs. K. M. Sorensen and Mrs. E. Lieberman of Chicago are the grandparents. Mrs. E. Havranek of Chicago is the great grandmother.

The Allen Trio

Dark brown eyes and pretty smiles are similar characteristics of all three children of the Robert R. Allen family, 21 S. Ridge ave., Arlington Heights.

Pictured first is Phillip, the baby of the family. He is three years old, blond, and full of mischief. Baseball, cars and playing with middle sister, Vicki, are major pastimes of this little fellow.

"Vicki is the bouncing type, and full of mischief, too," declared Mrs. Allen. She is four years old and has light brown hair.

Big sis is Sherry Lynn, an 8 year old and third grader at the South school. Sherry Lynn likes music and takes piano lessons.

Mr. and Mrs. Robert W. Allen of Milwaukee and Dr. and Mrs. Allen Bogart of Flint, Mich., are the grandparents.

Edward Burling and Delores Meyn say 'I do'

Candelabra, palms, and baskets of white gladioli and peonies decorated the altar of St. Paul Lutheran church, Mount Prospect, to form the setting for the wedding of Delores Jean Meyn, daughter of Mr. and Mrs. William C. Meyn of Mount Prospect, and Edward Blake Burling of the U. S. air force, son of Mr. and Mrs. Cyril Burling, Pontiac, Mich.

Rev. J. E. A. Mueller officiated at the ceremony which took place May 24, and David Warner sang "The Twenty-third Psalm" and "The Lord's Prayer," accompanied at the organ by Elmer Jackisch.

The bride wore a gown of chantilly lace over net and taffeta fashioned with long sleeves, a stand-up collar and a train. Her illusion fingertip veil was held in place by a Queen Ann headpiece of seed pearls. She wore a single strand of pearls, a gift of the groom, and carried a cascade bouquet of glamelias and

stephanotis with a white orchid center.

Maid of honor, Joan Goggin, wore a yellow chantilly lace gown fashioned with net skirt and boat neckline. Her headpiece was of yellow net and she carried a cascade bouquet of orchid Esther Reed daisies.

Bridesmaids, Miss Carol Conroy, Mrs. Gilbert Wooten and Mrs. Robert Becker, wore aqua gowns of lace and net. Their headpieces matched their gowns and they carried cascade bouquets of yellow Esther Reed daisies.

Best man for the groom was Jack King, and ushers were Fred Jorn, Gilbert Wooten and Robert Becker.

The bride's mother wore a gold taffeta shantung dress with white accessories and the groom's mother wore a two-piece navy blue dress with navy accessories. Both mothers had white orchid corsages.

A reception for 226 guests was held at the VFW club house in Mount Prospect where a buffet supper was served.

After a brief honeymoon on the East coast, the couple will reside at 15 W. Busse ave., Mount Prospect.

Former Heights boy wed in Michigan

Mr. and Mrs. Walter Schroeder of Fremont, Mich., formerly of Arlington Heights, announce the marriage of their son, Lester Zoellner, to Joyce Thompson of White Cloud, Mich., June 1.

Joyce and Lester were married in a double ceremony with her sister, Marilyn. Ernest Robb of Arlington Heights was the soloist. He sang "I Love You Truly," "Because," and "The Lord's Prayer."

The following relatives of the groom from this area motored to Michigan over the Memorial day week end to attend the wedding. They were Mr. and Mrs. Fred Kolze and Mr. and Mrs. Ernest Robb of Arlington Hts., Mr. and Mrs. Robert Kuhl of Lake Zurich, Mr. and Mrs. Roger Erber of Des Plaines, Mr. and Mrs. Al Ratieke and Mr. and Mrs. Fred Koeppen of Mt. Prospect, Mr. and Mrs. Gay Hagen of Elgin and Mr. and Mrs. Ed Erber of Elmhurst.

Favorites for Flavor

By LOIS SEILER

Homework for mothers of graduates:

Plan a party for your boy or girl graduate with simple but festive fare to celebrate the occasion and dispel graduation blues.

Graduation is a happy day but a sad one, too, for it means leaving four years of wonderful friendships and fun. So plan a party for the 1952 graduate—it will add a finishing touch to a wonderful day.

Unfortunately it's the refreshments at a party that cause most of the work, but what's a party without refreshments?

Here are some ideas that won't be too much work for mothers: Diploma Sandwiches, Mortar Board Punch and the cake of your choice.

The simple rolled sandwiches are gaily tied with ribbons at the last minute to give the diploma effect. The Mortar Board Punch is sparkling and wonderful tasting, but be sure to make plenty so the guests may have seconds to go with the cake.

Diploma Sandwiches

4 hard-cooked eggs
1 (4½-ounce) can or jar chopped ripe olives
1 tsp. salt
½ tsp. mustard
1/3 cup mayonnaise
Unsliced sandwich loaf

Chop eggs fine and mix with olives, salt, mustard and mayonnaise. Cut crusts from bread and slice loaf lengthwise into thin slices. Cut each slice crosswise into two or three pieces, depending on length of loaf.

Spread with egg filling and roll as for a jelly roll. Wrap each roll in waxed paper and chill. Unwrap, and tie with ribbons of school's colors just before serving. Yield: About 18 sandwiches.

Mortar Board Punch

2 12-oz. cans apricot whole fruit nectar
1 cup pineapple juice
1 pt. ginger ale

Chill the fruit juices and ginger ale. Mix just before serving. Yield: 1½ quarts.

Chosen junior prom queen

Miss Betty Kay Burke, daughter of Mr. and Mrs. John Burke of Patton ave., Arlington Heights, was chosen queen of the 1952 Arlington Heights high school Junior Prom at Medinah country club May 29. The choice was made by members of Jim Barclay's orchestra who played for the prom.

All senior girls were requested to circle slowly about the dance floor as the orchestra played "A Pretty Girl is Like A Melody." Six girls were "tapped" to go to the stage where final choice was made. Finalists were Dolores Dionne, Nancy DiVall, Judy Feind, Patricia Gieseke and Gloria Haemker.

President of the junior class, Dick McAuliffe ,presented Miss Burke with a huge bouquet of red and white carnations in the school colors. Miss Burke and her escort then led the grand march, followed by junior officers and their partners.

Miss Burke has been an active member of the senior class, being a member of the Student Senate, the "Cardinal" staff, and serving as hall guide and on the Homecoming committee. She has been prominent in the Girls' Athletic association and has been captain of both basketball and volleyball teams. She has also been the recipient of a four-semester honor pin in recognition of having been on the honor roll for four consecutive semesters.

Community Camera

St. James Guild elects officers

Election of officers of the St. James Catholic Women's Guild of Arlington Heights was held at their May meeting.

The following officers were eelcted: Mrs. Peery Duderstadt, president; Mrs. LeRoy Moskal, first vice president; Mrs. John Zito, second vice-president; Mrs. Louis Ray, recording secretary; Mrs. Jake Marino, corresponding secretary; Mrs. Willard Meyer, treasurer.

The officers have pledged themselves to put forth every possible effort to make this year one of the Guild's most successful years.

Mrs. Duderstadt, acting in her first official capacity in this organization, has called a board meeting of all the newly elected officers to be held at her home Tuesday evening. She resides at 303 N. Lincoln lane.

All committee heads appointed for the 1951-52 season will retain their offices and continue to be responsible for their duties until arrangements have been made by the board to replace them for the 1952-53 season. The matter will be one of the first taken up by the president and her officers.

The Guild decided at its last meeting to hold another meeting June 24. Usually the last meeting is held in May, but because of pressing business, the members voted to hold a meeting in June.

Make Doughnut Day plans

Mrs. Herbert C. Paschen of Hubbard Woods, serves tea to Mrs. Bernard S. Cahill, 924 S. Beverly Lane, Arlington Hts., at a recent tea at her home.

Plans for the annual fund-raising Doughnut Day tag day, scheduled for the benefit of the Salvation Army June 13, were discussed.

Mrs. Paschen is Cook County suburban chairman, and Mrs. Cahill is chairman for Arlington Heights.

Volunteers who can serve as taggers may enroll by calling Mrs. Paschen at Glencoe 1915, or Mrs. Cahill at Arlington Hts. 1741-M, or by contacting Doughnut Day headquarters, 54 W. Randolph st., (Central 6-3950) in Chicago.

Otto Golzes have golden anniversary

More than 200 relatives and friends enjoyed the hospitality of Mr. and Mrs. Otto Golz, Palatine, at their golden wedding anniversary party Sunday afternoon.

Rev. Glenn G. Gumm of St. Paul Evangelical and Reformed church conducted an impressive service for them and St. Paul choir sang appropriate selections.

Tables were set on the lawn where guests were served supper.

Orchestra accompanies at benefit show

The names of members of the orchestra that accompanied performers when the Arlington Heights Friendly Singing club presented their benefit show for paraplegic veterans at Hines hospital were omitted last week.

Members of the orchestra for the May 25 show given at Arlington Heights high school were Willard Cook, Melvin Landmeier, Henry Moreth, Les Griffith and A. Koller.

Club members perform monthly for the vets at Hines. Funds from this show are being used for the annual picnic given for paraplegic veterans at Hines and to buy cigarettes for them.

Just Dogs

by DAVE TERRILL

Continual barker

A continual barker is a nuisance around the home and certainly a strain on friendly relations with the neighbors. Fortunately, most dogs can be somewhat cured of unnecessary barking, and all cases can be brought under reasonable control.

One thing should be remembered, each case of a barking dog is an individual problem and may require different methods to control.

Usually, very little attention is paid to a puppy's barking, but that is the time to start control if it is not to develop into a regular pastime. When a puppy barks in play, at another dog, or at someone passing by after a reasonable length of time, stop him. Say "That's enough," or "Quiet," and, if necessary, demonstrate by holding his mouth closed with your hand. Distract his attention to something else, lead him away or pet him. Don't further excite him by yelling, rushing at or slapping him. If he seems to get completely out of hand, keep a sprinkling can handy filled with water, or better still a water gun and when he refuses to obey douse him with some water. It won't hurt him, and it's an effective cure.

A dog kenneled outdoors often barks in answer to barking dogs in the distance or on moonlight nights. With daytime treatments or the water treatment, a command from the house called to him from the door or window will quiet him. Where a number of dogs are kenneled an effective "cure" is to have a sheet of tin on top of the kennel enclosure and when the barking chorus starts, throw a stone or some other such object—clocks cost money — striking the metal. When the dogs hesitate at the sound, use that moment to command "quiet." One owner of a boarding kennel in this area that is a friend of your editor has gone one better on the subject of not having to yell out the window. He has installed a two-way loud speaker system between the house and kennel and when things get out of hand in the kennel—he keeps the kennel side of the unit tuned in — he walks over to the unit in the house and with a flick of the switch and a few sharp commands has things under control.

When a dog barks excessively at the dog next door, stretch a piece of canvas along the dividing line until you can bring your dog under control and to know the meaning of the command "quiet."

A dog that is taught to "speak" at command is not so apt to indulge in unnecessary barking, this from Harry Miller of Gaines Research.

Also teach a dog early to stay alone in a room of the house and he won't be likely to set up a continuous howl every time you leave him alone. This one problem alone gives many a dog owner a number of unhappy moments especially when they hear about it from their neighbors.

Show days

This part of Illinois has really been "going to the dogs" in the past few weeks.

It started with a show in Peoria a week ago and was followed with one last Sunday at Joliet and then this coming Sunday locally the North Shore Dog Training Club will hold a tracking test for obedience dogs at Maryknoll Seminary, on Rte. 53 south of Lombard. Also out of the area this Sunday will be the large all-breed confirmation show at South Bend, Ind., at which a number of local folks from here will be present.

Next in line and, from the point of local interest most important, will be the Skokie Valley Kennel Club show to be held Sunday, June 15, 1952, at the VFW clubhouse and grounds located at Rte. 12 and 83, north of Mt. Prospect. Here is a chance for you folks to get out to see an all-breed show and obedience trial close at hand.

Miss Gladys Wilton and Wilbur Pownall take vows

White and purple lilacs and small bouquets of tulips and lilacs decorated the altar of the First Presbyterian church of Arlington Heights to form the setting for the wedding of Gladys Wilton, daughter of Mr. and Mrs. Francis K. Wilton of Arlington Heights, and Wilbur R. Pownall of Arlington Heights.

Rev. C. Victor Brown officiated at the four o'clock ceremony which took place May 10, and Mrs. Richard Lull was the organist.

The bride wore a dress of dusty pink silk taffeta shantung fashioned with short sleeves and a full skirt. Her bonnet was made of the same fabric and was trimmed with lilies of the valley. She also wore a strand of pearls, a gift from the groom. The bride's bouquet consisted of a white orchid and lilies of the valley.

Hilda G. Wilton, sister of the bride, was maid of honor. Her dress, which was the color of champagne, was fashioned of silk taffeta shantung with short sleeves and a portrait neckline. She also wore a small tulle bonnet trimmed with purple velvet ribbons and carried a bouquet consisting of a purple orchid and English ivy.

Best man for the groom was Earl K. Wilton, brother of the bride.

A wedding dinner for the immediate family was held at the Tally-Ho in Park Ridge.

The bride and groom spent their honeymoon in Turkey Run, Ind., and are now at home at 115 S. Walnut, Arlington Heights.

LAW

The best way to get a bad law repealed is to enforce it strictly.
—Lincoln

Couple take vows in double ring ceremony

Community Camera

In a double ring ceremony held May 31, Miss Marjorie Stoeckel, daughter of Mrs. Anna Stoeckel of Arlington Heights, became the bride of Charles Gilly, son of Mr. and Mrs. Dan Gilly of Barrington.

The wedding took place at St. Peter Lutheran church at 7:30 p.m., with Rev. L. V. Stephan officiating.

Miss Phyllis Nagel sang "Grant O Lord Thy Blessing," accompanied at the organ by Donald Herman. The church was decorated with candelabra and white flowers.

The bride wore a ballerina-length gown of white nylon tulle trimmed with lace. Her fingertip veil was of nylon net and she carried a bouquet of gardenias and lilies of the valley.

Miss Gertrude Schwolow of Barrington, cousin of the bride, was maid of honor. Her ballerina-length gown was of blue pleated nylon net, and she carried a colonial bouquet of red roses. She wore a blue veil headpiece which was held in place by three red roses.

Junior bridesmaids were two nieces of the bride, Michele and Marsha Hoggay. They wore gowns of pale green organdy and carried small colonial bouquets of red roses.

Another niece of the bride, Mary Ellen Hoggay, was the flower girl. She wore a gown of pale orchid organdy and carried a basket of red roses with white rose petals.

Best man for the groom was Roger Baumann of Barrington, and ushers were Robert Gilly of Lake Zurich and Daniel Gilly of Barrington, brothers of the groom.

The bride's mother wore a pink lace dress with a deep blue iris corsage, and the groom's mother wore a blue print dress with a cymbidium orchid corsage.

A reception for 300 guests was held at the Dundee Firemen's hall.

Following a three-weeks wedding trip in the West, the newlyweds will make their home at 112 Wool st., Barrington.

Mr. and Mrs. Club to hold steak roast

The Mr. and Mrs. Club of the First Presbyterian church of Arlington Heights will hold a steak roast June 14 as its final meeting of the season.

The steak roast will be held in Deer Grove at the shelter near the toboggan slide at 5:30 p. m. Those not familiar with this location should meet at the church at 5 p. m.

The families of all members are invited, and those who are planning to attend should call Inez Sharp at 3519 for dessert reservations.

Members and their families should bring their own meat, dishes, silver, and a covered dish. Dessert and coffee will be furnished.

Fuller brush man to leave for New Mexico

F. J. Freeman, who has been the "Fuller Brush Man" in this area the past ten years, has been transferred to New Mexico but is still doing business for the next two weeks.

Freeman, through his courtesy, has established a personal relationship between himself and his customers that made him something more than just a Fuller Brush representative. He regrets that he is leaving, but has admitted that there would be no better way for his customers to accord him a good send-off than a whale of a business during the next ten days.

Friends of Mr. Freeman should need no better hint. He can be reached by mail addressed to Arlington Heights. Mr. Freeman is known to many readers of Paddock Publications as the "Bird Watcher."

Mt. Prospect man is alumni day co-chairman at Northwestern June 14

An anticipated 1,000 Northwestern university alumni are expected to return to the Evanston campus June 14 when alumni day is held as part of the university's commencement weekend.

Highlights of the affair will be the parade of classes at 11:30 a. m., a luncheon at Patten gymnasium at which several hundred seniors of the class of 1952 will be guests, election of national officers, and presentation of achievement awards to be made immediately following the luncheon in Patten.

Co-chairmen of the affair are Mrs. Kathryn Singleton of Kenilworth, and Frank F. Broad of Mount Prospect.

Other events scheduled for the alumni are afternoon tours of the campus Friday, reunions of the classes of 1902, 1912, 1922, 1927, 1932, 1937 and 1942, a dinner for the half-century club, the annual business meeting, and an alumni day reception at 3:30 p. m. Saturday in Scott Hall.

Newcomers to hold dance at country club

The Newcomers club of Arlington Heights will sponsor a dance June 7 at the Itasca Country club.

Tickets for the dance, which will begin at 9 p. m., are $3 per couple. Dancing will be to the music of George Dorman and his orchestra.

For tickets, call Mrs. Stanley Billick, Arlington Hts. 3801-M.

Bake sale June 14

A bake sale will be given by the Ladies Aid of St. Peter Lutheran church, Arlington Heights, at Drewes Electric Sho, June 14 at 11 a.m.

Law is the embodiment of the moral sentiment of the people.
—Blackstone

Some day we are going to learn not to write news before it happens. In last week's column we reviewed the year in the Northwest conference in sports and made a rash statement about Bensenville easily winning the baseball championship. They had just one game left with Ela-Vernon. We stuck our neck out and was our face ever red when we got the report Tuesday night that Ela had beaten the Bisons and taken over first place. We called Paddock Publications but an early deadline Memorial week meant the sport page had gone to press before we could correct our error. As it turned out Ela lost to Grant and then beat Barrington so Bensenville got back into a final first place tie with the Ela Bears, so we did not lose face altogether. We ought to learn pretty soon that baseball is a percentage game and that a team is never beaten until the last man is out.

First Northwest conference all-star baseball team selected this week

In this issue we have the first all-Northwest conference baseball team ever selected by the coaches and Paddock Publications. We got the statistics together for the metropolitan press and Paddocks, and we think the lineup of players is definitely the best in the league. The voting was not even close except for some infield spots with Ken Wilke of Bensenville and Ken Kolze of Palatine just being shaded out of first team berths around the keystone sack. Both are mighty fine players. Aside from those two no one else came close to the 12 named in the select group.

Expect home and home baseball card next spring

A six game league schedule of one game with each opponent is certainly not satisfactory in determining a conference champion but the spring season for baseball in this area is so uncertain that it took to June 2 to get this number of games played. Baseball is a percentage game and two chances at each opponent is a better test. Next year with only six playing baseball a home and home 10 game schedule will no doubt be attempted. We picked Bensenville to win the championship before the season opened. Ela-Vernon under Mel Eide has never had a losing season and playing three of their six league games in the last week of May against the three strongest opponents gave the Bears a break of which they took full advantage to get a share of the championship. Grant came up strong to take third when tabbed for sixth while Barrington and Palatine with veteran teams did not perform at the pace expected of them due to spotty pitching and weak hitting.

Niles golf ace is top student in senior class

Bruno Dal Corobo, Niles township high school senior and number one man on their golf team, had just one "B" grade in four years of high school. All the rest were "A" and Bruno took top scholarship honors. In addition Bruno wins an Evans scholarship and will attend the University of Illinois with most of his expenses paid.

The Evans scholarship is open to any boy who can excel in scholarship and school activiites, and who is a golf caddy. Annually a large number of outstanding caddies win scholarships to universities of their choice through a fine high school record and the recommendation of the officers of the golf course where they caddy. Ron Andrae of Barrington won one of them last year. We are hoping that a Palatine or Arlington golfer-student may some day win one of these outstanding honor scholarships first established by Chick Evans and promoted by the Western Golf association.

Expect Roake to be starter on Washington grid team

Friends of Steve Roake who helped put Barrington on the map from an athletic standpoint in recent years, are getting together to purchase a block of seats for the Illinois-Washington university football game at Champaign next October 11. According to press reports, Roake has been outstanding at Washington in spring practice as a pass catching end, and may be a regular next fall. He was tried at quarterback on the junior varsity last fall but finally moved to end where his pass snaring made Washington passers look unusually good. They are also expecting Roake to make the basketball team next year.

Notes from here and there

The Chicago district junior golf tournament will be played at the Palatine Inverness club July 14-15-16-17, and the state junior chamber of commerce tournament for boys under 18 is scheduled for nearby Bonnie Dundee golf club, also in July. A nice opportunity for good junior golfers of the Northwest suburbs.... Rumor has it that Les Harman, Barrington's highly successful and capable basketball coach, will become principal of the North Chicago high school now under construction and work under his former Barrington principal, Herbster, who is superintendent of the new district. . . . Charles Feutz, who resides in Palatine with his family on E. Chicago ave. in Palanois Park, has been hired to teach English, driver training and coach freshman football, basketball, and track at Palatine high next year. Feutz has had five years teaching experience and in his senior year in high school at Oak Park took third in the state in the low hurdles and ran on a state title winning 880 relay team. Oak Park won the state that year. Feutz later won four letters as football quarterback and four as sprinter and hurdler in track at Dubuque university.

(Continued on next page)

KARRIGAN, GRIFFONE UNANIMOUS PICKS ON NW BASEBALL ALL-STARS

Arlington's baseball team finishes the season this week, Wednesday, with a game against Glenbard, just one notch ahead of last year's conference record. Two losses Monday and Tuesday, 2-1, 1-0 were heartbreakers.

Pictured above, front row, left to right: Tom Meyer, Bill Lynk, Richard Sander, Ron Grace, Herb Gorder, John Eakins, Denny Straus. Second row, Herb Rickert, Jim Thompson, Wayne Hesch, Gene Dassonville, Forrest Laude, Tom Reed, Leon Nolte.

Back row, managers Bob Virgil and Mark Creviston, Bob Simmons, Jim Intravartolo, Hans Schmidt, Coach Wally Grace. Absent from the picture is Harry Munn.

Folkman photo

Merholtz, Schrage also named by league coaches

Bensenville and Grant each placed three players on the all-star baseball team selected by the coaches for Paddock Publications. Jim Karrigan of the Bisons, who allowed but seven hits in 39 innings, and his battery mate, Marlyn Merholtz, rated first team berths as did John Griffone, a .500 hitting outfielder. In fact Karrigan and Griffone were the only unanimous first team selections. Karrigan batted .430 and was without much question the most valuable player in the league.

Grant's infield combination of Roger Smith at first, Don Wehrstein at second, and Stu Koutny at short topped in the balloting for their respective positions though Paul Schrage of Palatine got the most votes of any infielder in the circuit. Schrage was not up to par in the batting averages but his fielding sparkled and he hit well in the pinch. Koutny and Wehrsten played together four years around the keystone sack and this year batted .400 and .370 respectively. Smith was a capable performer either at first or behind the bat.

THE FIRST TEAM outfield packs a terrific batting punch. In addition to Griffone's .500 average George Radke of Ela-Vernon hit .425, and William Garraughty of Antioch slugged a lusty .455. A second battery found Charles Wesner of Ela-Vernon behind the bat and Bob Iverson of Barrington, the pitcher. Both were steady consistent ball players.

Bob Whitmer, one of the best infielders in the area with a batting average of .448, was selected as utility infielder on the first squad of 12 players. Honorable mention to boys who polled votes just below those in the select 12 were en Kolze of Palatine at short, Ken Wilke of Bensenville at short, Art Landwehr of Northbrook a catcher or first baseman, Joe Mundsam of Palatine a pitcher, Lester Biefeld of Bensenville at third base, and Ken Rentner of Antioch, a catcher.

Northwest all-star baseball team

Name	School	Position
Don Wehrstein	Grant	Second Base
Stu Koutny	Grant	Short Stop
William Garraughty	Antioch	Right Field
John Griffone	Bensenville	Center Field
George Radke	Ela-Vernon	Left Field
Jim Karrigan	Bensenville	Pitcher
Marlyn Merholtz	Bensenville	Catcher
Paul Schrage	Palatine	Third Base
Roger Smith	Grant	First Base

Ken Kolze	Palatine	Shortstop
Ken Wilke	Bensenville	Shortstop
Art Landwehr	Northbrook	First Base
Lester Biefeld	Bensenville	Third Base
Joe Wundsam	Palatine	Pitcher
Ken Rentner	Antioch	Catcher

Busse Motors take first in Mt. Prospect golf

In the Wednesday division of the Mt. Prospect twilight golf league heavy winds were undoubtedly instrumental in blowing Van Driel's drug store right out of first place as golf scores soared above the anticipated due to the many tricks Mr. Wind can play with a golf ball.

Mt. Prospect bowling lanes sparked by Harry "The Beast" Ball will want to claim some of the credit and rightfully so as they took 7 points away from the leaders.

Busse Motors now heads the field with the gap between first and fourth place still a respectable 4 points.

G. T. Hawk remained aloof of weather conditions and scored a bird on the 11th at Mt. Prospect country club Wednesday evening. He had the distinction of being the only person that evening able to boast that fact. Hawk also had a strong hand in lifting his team, Kirchhoff Insurance, out of the cellar for the first time this year as the Mt. Prospect Lions club dropped down to the uncoveted anchor position.

League golfers are starting to round out in shape and team standings can be expected to change quite frequently from here on in.

The Tuesday Division matches were called off because of the heavy rains. Six holes must be played to constitute a match. The players who started early had only played five holes when the rains came.

Wednesday division team standings:

Busse Motors	20½
Van Driels Drug Store	19½
Illinois Range	19
Mt. Prospect Bowling	18
Wille Lumber & Coal	16½
Hooks Nursery	12½
Mt. Prospect State Bank	12
Busse-Bierman Hdw.	11½
Kirchhoff Ins. Agency	11
Mt. Prospect Lions Club	9½

Kalteux Construction move up at Rob Roy

Kalteux Construction picked up six points over Koske Excavators to move into a tie for second place in Tuesday night's Rob Roy league. Michael's IGA, only one point in the lead, bogged down in this week's play.

Michael's IGA	19½
Park Ridge Stop & Sock	18½
Kaiteux Construction	18½
Prosp. Hts. Service Station	17½
Prosp. Hts. Appliances	16

Ela, Bensenville tie for baseball title in Northwest

Ela-Vernon whipped Barrington, 8-0, Monday afternoon to gain a tie with Bensenville for the Northwest conference baseball championship. Prouty limited the Bronchos to two safe hits while Ela clubbed Iverson and Gedlach for five runs in the third and three in the fifth. The victory enabled Ela-Vernon to finish with a 5-1 record while Barrington dropped to fourth place with a 3-3 mark.

Bensenville .....001 000 0 1—5—4

ELA-VERNON made a tie for the championship possible by upsetting Bensenville last week Tuesday, 4-1. Obenauf hurled a steady game for the Bears, allowing but five hits. His mates got only three safeties off Jim Karrigan but the Bison ace was wild and his teammates committed five costly errors. Bensenville had whipped Antioch, 12-0, and needed only a win over Ela for an undefeated season.

Bensenville's hopes of at least a share of the title were realized last Thursday when Grant's up and coming third place team beat Ela-Vernon, 7-6, in an extra inning tilt. This in turn cost Ela a chance at an undisputed title.

I beat Ben Hogan

Among 3,000 Chicagoland golfers attempting to beat Ben Hogan Sunday, H. C. John of Palatine performed the trick at Inverness with a 70. Hogan shot a 71 at Northwood, Texas, course

Brumm twirls no-hitter for Heights frosh

Wayne Brumm pitched a no-hitter Thursday afternoon for the Arlington Heights frosh nine against Woodstock, winning 10-0 in five innings. The ten run margin had been agreed upon as ending the contest on the Arlington diamond. Previous meeting had netted Woodstock a 11-2 victory May 13.

Brumm fanned seven boys and walked two. Six errors, five of them by France at third base, put Woodstock boys on base, but they couldn't be brought around. Biggest threat to the shut out was in the fifth inning when three errors filled the bases.

ARLINGTON SCORED one run in the first, and two each in the second, third and fourth innings. Leading hitters for the day were Brumm, himself, with two blows in three times at bat, and Bick with the same record, one of them a double.

The yearlings dropped a 12-3 decision to Leyden Tuesday of last week with Winkelman, Brumm and Charles doing the twirling for Coach "Bus" Ormsbee. Winkelman gave up three blows in five innings and Brumm one in one frame. Winkelman struck out nine, Brumm two and Charles one for Heights.

SWARTZ WENT ALL the way for Leyden, fanning 14 and giving up five hits.

Arlington golfers end year with 4 wins in 5 matches, place 3rd in frosh-soph meet

Coach Curtis Larsen's Arlington Heights high school golfers packed away their clubs as far as the school is concerned this past week, but did it with a flourish as they copped three of four duals, all in easy fashion, and placed third in West Suburban league frosh-soph competition.

Ken Goodman led the way for the yearling duffers in the league meet Thursday with an 83 at White Pines course near Bensenville. That mark was good enough for third individually as well as helping his mates rank behind Downers Grove and Hinsdale.

THE DOWNERS golfers racked up 333, not bad for first and second year men, including medalist Fridley with 73 and number four boy Grawe with 84. Hinsdale carded 346, eight strokes up on Heights.

Other scores locally, with the low four counting in team scoring, were Grant Skelton with 86, Howard Alton with 94, Turner with 91 and Ken Leark with 104.

Future golf prospects at Arlington don't look too hot for next year. After copping the varsity championship the past two years, some fans are beginning to think West Suburban golf leader is Heights, but Downers' up and coming aggregation, plus Hinsdale, looks best in varsity play next season. Frosh-soph hopes at Heights next year are high, however, with three good boys (on the links) slated to enter AHTHS next fall.

IN CONJUNCTION with the frosh-soph meet at White Pines Thursday Coach Larsen's golfers took on Thornton and Leyden in a double dual. Heights tripped the Harvey school, 12-3, and the Franklin Park duffers, 14½-½.

Dick Hauff's 72 was tops for Arlington, good for five points in the two matches. George Skelton was second with 78. Low man for Leyden was Druger with 88 with Rzab rating "best" for Thornton with 83.

The split gave Arlington a 14-4-1 record for the year.

Hauff A 72 beat Rzab T 83, 2-1, and beat Druger L 88, 3-0.

Rascher A 83 beat Ber T 88, 2-1, and beat Briscoe L 89, 2½-½.

Geo. Skelton A 78 beat Allison T 89, 3-0. and beat Bielick L 89, 3-0.

Dahm A 83 beat Burke T 86, 2-1, and beat Hall L 90, 3-0.

LeMay A 82 beat Czyl T 90, 3-0, and beat Albrecht L 95, 3-0.

ON THE SAME White Pines course Wednesday of last week Arlington took the measure of Bensenville in an eight man match, 22½-1½. Dan Silianoff was tops for the Bisons with 87, but six Arlington boys were better. Tang's 77 and Hauff's 78 were best for the Cardinal and White.

Tang A 77 beat Silianoff B 87, 3-0.

Hauff A 78 beat Giese B 89, 3-0.

Rascher A 89, tied Masotti B 88, 1½-1½.

Geo. Skelton A 81 beat Hoffman B 101, 3-0.

LeMay A 85 beat Landino B 107, 3-0.

Roselle and Arlington golfers win letters at University of Illinois

Eight members of the 1952 Illinois golf squad have been awarded varsity letters by the athletic council and six freshmen will receive numerals upon completion of scholastic requirements.

Letter winners include Bob Marquardt of Roselle, Vernon Rascher of Arlintgon Heights, Thomas Rowader of Arlington Heights, and Leo Walch of Roselle.

Arlington Junior Legion team practices to start Friday

First practice for the Arlington Heights Junior Legion baseball team has been called for this Friday, June 6, at Recreation park, starting at 2:20. Boys up to 17 years of age by January 1, 1952, are eligible to compete.

Lloyd Meyer is coaching the team again this year, which will be sponsored by the local legion and George C. Poole Ford organization.

Berschet fourth

Illinois completed its grand sweep in the Big Ten Saturday when it copped the track championship with 67 points, two ahead of Michigan. The Illini were league champs in football, basketball, baseball, indoor and outdoor track, gymnastics, wrestling, fencing and bowling.

Arlington's Marv Berschet, captain of the Illini runners, took fourth in the shot with a toss of 48' 11". Nilsson of Michigan copped the event at 54'.

In the discus Berschet again took fourth with a throw of 150' 7" while the winner, Holm of Minnesota, threw the platter 159' 10".

Touting the Bangtails

by T. C. HART

The big Arlington Park race meeting will get underway Monday, June 16 and the jockey club is making big preparations for one of the most successful seasons in the history of the track.

The racing plant is undergoing a thorough going over in preparation for the opening ten days hence. The huge stands are being cleaned and painted, the grounds are being raked, mowed and freshened with thousands of blooming plants.

THE TRACK itself is being put in apple pie order under the watchful eye of track superintendent Clarence Brinkman. In fact, the whole park is getting a cleaning and grooming that will have it shining like a bright new dollar when the gates open the 16th for the central west's greatest race meeting.

The beautiful paddock park with its spreading shade trees under which the horses are saddled before each race, the comfortable benches beneath the trees, the walking ring and the spacious lawns are all in readiness to greet the eager throng of race fans.

The infield with its rose hedges, its turf course, its lagoons and the hundreds of capering white ducks are again all set to welcome home the race fans who annually make the Arlington Park track vacation headquarters.

THE '52 RACING season at Arlington promises to be one of the most successful in years. The best stables, the best horses, and the best jockeys in the country will be seen during the meeting. The famous Calumet stable, headed by Hill Gail, winner of the Kentucky Derby, is already on the grounds as is also a big stable from the Pacific coast which has been here for several weks gettings the feel of things and becoming acclimated to local conditions.

In a week's time, the influx of horses and racing folks will be on in earnest and almost overnight Arlington Park will become a veritable young city and a beehive of activity.

Palatine Motors to open league play Friday

Palatine Motors softball team opens its league season at Highland Park this Friday night. Sunday night the Motor boys play Evanston at Palatine in their first league game at home.

Last Sunday Palatine Motors beat Elgin, 8-4 at Palatine. Palatine jumped into a 3-0 lead in the first inning and coasted to an easy victory. The team looked very good, considering it was the first game under the lights.

Johnny Majewski made two sparkling plays at short stop and had two nice hits. Ned Wickersham, slugging Palatine first baseman, drove in three runs with two triples and a double.

Game time Sunday is 8:30 p. m.

KARRIGAN, GRIFFONE UNANIMOUS PICKS ON NW BASEBALL ALL-STARS

SMACYS

BY G. A. McELROY

Some day we are going to learn not to write news before it happens. In last week's column we reviewed the year in the Northwest conference in sports and made a rash statement about Bensenville easily winning the baseball championship. They had just one game left with Ela-Vernon. We stuck our neck out and was our face ever red when we got the report Tuesday night that Ela had beaten the Bisons and taken over first place. We called Paddock Publications but an early deadline Memorial week meant the sport page had gone to press before we could correct our error. As it turned out Ela lost to Grant and then beat Barrington so Bensenville got back into a final first place tie with the Ela Bears, so we did not lose face altogether. We ought to learn pretty soon that baseball is a percentage game and that a team is never beaten until the last man is out.

First Northwest conference all-star baseball team selected this week

In this issue we have the first all-Northwest conference baseball team ever selected by the coaches and Paddock Publications. We got the statistics together for the metropolitan press and Paddocks, and we think the lineup of players is definitely the best in the league. The voting was not even close except for some infield spots with Ken Wilke of Bensenville and Ken Kolze of Palatine just being shaded out of first team berths around the keystone sack. Both are mighty fine players. Aside from those two no one else came close to the 12 named in the select group.

Expect home and home baseball card next spring

A six game league schedule of one game with each opponent is certainly not satisfactory in determining a conference champion but the spring season for baseball in this area is so uncertain that it took to June 2 to get this number of games played. Baseball is a percentage game and two chances at each opponent is a better test. Next year with only six playing baseball a home and home 10 game schedule will no doubt be attempted. We picked Bensenville to win the championship before the season opened. Ela-Vernon under Mel Eide has never had a losing season and playing three of their six league games in the last week of May against the three strongest opponents gave the Bears a break of which they took full advantage to get a share of the championship. Grant came up strong to take third when tabbed for sixth while Barrington and Palatine with veteran teams did not perform at the pace expected of them due to spotty pitching and weak hitting.

Niles golf ace is top student in senior class

Bruno Dal Corobo, Niles township high school senior and number one man on their golf team, had just one "B" grade in four years of high school. All the rest were "A" and Bruno took top scholarship honors. In addition Bruno wins an Evans scholarship and will attend the University of Illinois with most of his expenses paid.

The Evans scholarship is open to any boy who can excel in scholarship and school activiites, and who is a golf caddy. Annually a large number of outstanding caddies win scholarships to universities of their choice through a fine high school record and the recommendation of the officers of the golf course where they caddy. Ron Andrae of Barrington won one of them last year. We are hoping that a Palatine or Arlington golfer-student may some day win one of these outstanding honor scholarships first established by Chick Evans and promoted by the Western Golf association.

Expect Roake to be starter on Washington grid team

Friends of Steve Roake who helped put Barrington on the map from an athletic standpoint in recent years, are getting together to purchase a block of seats for the Illinois-Washington university football game at Champaign next October 11. According to press reports, Roake has been outstanding at Washington in spring practice as a pass catching end, and may be a regular next fall. He was tried at quarterback on the junior varsity last fall but finally moved to end where his pass snaring made Washington passers look unusually good. They are also expecting Roake to make the basketball team next year.

Notes from here and there

The Chicago district junior golf tournament will be played at the Palatine Inverness club July 14-15-16-17, and the state junior chamber of commerce tournament for boys under 18 is scheduled for nearby Bonnie Dundee golf club, also in July. A nice opportunity for good junior golfers of the Northwest suburbs.... Rumor has it that Les Harman, Barrington's highly successful and capable basketball coach, will become principal of the North Chicago high school now under construction and work under his former Barrington principal, Herbster, who is superintendent of the new district. . . . Charles Feutz, who resides in Palatine with his family on E. Chicago ave. in Palanois Park, has been hired to teach English, driver training and coach freshman football, basketball, and track at Palatine high next year. Feutz has had five years teaching experience and in his senior year in high school at Oak Park took third in the state in the low hurdles and ran on a state title winning 880 relay team. Oak Park won the state that year. Feutz later won four letters as football quarterback and four as sprinter and hurdler in track at Dubuque university.

Busse Motors take first in Mt. Prospect golf

In the Wednesday division of the Mt. Prospect twilight golf league heavy winds were undoubtedly instrumental in blowing Van Driel's drug store right out of first place as golf scores soared above the anticipated due to the many tricks Mr. Wind can play with a golf ball.

Mt. Prospect bowling lanes sparked by Harry "The Beast" Ball will want to claim some of the credit and rightfully so as they took 7 points away from the leaders.

Busse Motors now heads the field with the gap between first and fourth place still a respectable 4 points.

G. T. Hawk remained aloof of weather conditions and scored a bird on the 11th at Mt. Prospect country club Wednesday evening. He had the distinction of being the only person that evening able to boast that fact. Hawk also had a strong hand in lifting his team, Kirchhoff Insurance, out of the cellar for the first time this year as the Mt. Prospect Lions club dropped down to the uncoveted anchor position.

League golfers are starting to round out in shape and team standings can be expected to change quite frequently from here on in.

The Tuesday Division matches were called off because of the heavy rains. Six holes must be played to constitute a match. The players who started early had only played five holes when the rains came.

Wednesday division team standings:

Busse Motors	20½
Van Driels Drug Store	19½
Illinois Range	19
Mt. Prospect Bowling	18
Wille Lumber & Coal	16½
Hooks Nursery	12½
Mt. Prospect State Bank	12
Busse-Bierman Hdw.	11½
Kirchhoff Ins. Agency	11
Mt. Prospect Lions Club	9½

Kalteux Construction move up at Rob Roy

Kalteux Construction picked up six points over Koske Excavators to move into a tie for second place in Tuesday night's Rob Roy league. Michael's IGA, only one point in the lead, bogged down in this week's play.

Michael's IGA	19½

Ela, Bensenville tie for baseball title in Northwest

Ela-Vernon whipped Barrington, 8-0, Monday afternoon to gain a tie with Bensenville for the Northwest conference baseball championship. Prouty limited the Bronchos to two safe hits while Ela clubbed Iverson and Gedlach for five runs in the third and three in the fifth. The victory enabled Ela-Vernon to finish with a 5-1 record while Barrington dropped to fourth place with a 3-3 mark.

Bensenville ..... 001 000 0 1—5—4

ELA-VERNON made a tie for the championship possible by upsetting Bensenville last week Tuesday, 4-1. Obenauf hurled a steady game for the Bears, allowing but five hits. His mates got only three safeties off Jim Karrigan but the Bison ace was wild and his teammates committed five costly errors. Bensenville had whipped Antioch, 12-0, and needed only a win over Ela for an undefeated season.

Bensenville's hopes of at least a share of the title were realized last Thursday when Grant's up and coming third place team beat Ela-Vernon, 7-6, in an extra inning tilt. This in turn cost Ela a chance at an undisputed title.

Arlington golfers end year with 4 wins in 5 matches, place 3rd in frosh-soph meet

Coach Curtis Larsen's Arlington Heights high school golfers packed away their clubs as far as the school is concerned this past week, but did it with a flourish as they copped three of four duals, all in easy fashion, and placed third in West Suburban league frosh-soph competition.

Ken Goodman led the way for the yearling duffers in the league meet Thursday with an 83 at White Pines course near Bensenville. That mark was good enough for third individually as well as helping his mates rank behind Downers Grove and Hinsdale.

THE DOWNERS golfers racked up 333, not bad for first and second year men, including medalist Fridley with 73 and number four boy Grawe with 84. Hinsdale carded 346, eight strokes up on Heights.

Other scores locally, with the low four counting in team scoring, were Grant Skelton with 86, Howard Alton with 94, Turner with 91 and Ken Leark with 104.

Future golf prospects at Arlington don't look too hot for next year. After copping the varsity championship the past two years, some fans are beginning to think West Suburban golf leader is Heights, but Downers' up and coming aggregation, plus Hinsdale, looks best in varsity play next season. Frosh-soph hopes at Heights next year are high, however, with three good boys (on the links) slated to enter AHTHS next fall.

IN CONJUNCTION with the frosh-soph meet at White Pines Thursday Coach Larsen's golfers took on Thornton and Leyden in a double dual. Heights tripped the Harvey school, 12-3, and the Franklin Park duffers, 14½-½.

Dick Hauff's 72 was tops for Arlington, good for five points in the two matches. George Skelton was second with 78. Low man for Leyden was Druger with 88 with Rzab rating "best" for Thornton with 83.

The split gave Arlington a 14-4-1 record for the year.

Hauff A 72 beat Rzab T 83, 2-1, and beat Druger L 88, 3-0.

Rascher A 83 beat Ber T 88, 2-1, and beat Briscoe L 89, 2½-½.

Geo. Skelton A 78 beat Allison T 89, 3-0, and beat Bielick L 89, 3-0.

Dahm A 83 beat Burke T 86, 2-1, and beat Hall L 90, 3-0.

LeMay A 82 beat Czyl T 90, 3-0, and beat Albrecht L 95, 3-0.

ON THE SAME White Pines course Wednesday of last week Arlington took the measure of Bensenville in an eight man match, 22½-1½. Dan Silianoff was tops for the Bisons with 87, but six Arlington boys were better. Tang's 77 and Hauff's 78 were best for the Cardinal and White.

Tang A 77 beat Silianoff B 87, 3-0.

Hauff A 78 beat Giese B 89, 3-0.

Rascher A 89, tied Masotti B 88, 1½-1½.

Geo. Skelton A 81 beat Hoffman B 101, 3-0.

LeMay A 85 beat Landino B 107, 3-0.

Frosh-soph golf

Downers Grove	333
Hinsdale	346
Arlington Heights	354
LaGrange	380
York	382
Glenbard	402
Riverside-Brook.	403

Medalists: Fridley of Downers Grove 73, Corkery of Hinsdale 82, Goodman of Arlington Hts. 83, Grawe of Downers Grove 84.

Merholtz, Schrage also named by league coaches

Bensenville and Grant each placed three players on the all-star baseball team selected by the coaches for Paddock Publications. Jim Karrigan of the Bisons, who allowed but seven hits in 39 innings, and his battery mate, Marlyn Merholtz, rated first team berths as did John Griffone, a .500 hitting outfielder. In fact Karrigan and Griffone were the only unanimous first team selections. Karrigan batted .430 and was without much question the most valuable player in the league.

Grant's infield combination of Roger Smith at first, Don Wehrstein at second, and Stu Koutny at short topped in the balloting for their respective positions though Paul Schrage of Palatine got the most votes of any infielder in the circuit. Schrage was not up to par in the batting averages but his fielding sparkled and he hit well in the pinch. Koutny and Wehrsten played together four years around the keystone sack and this year batted .400 and .370 respectively. Smith was a capable performer either at first or behind the bat.

THE FIRST TEAM outfield packs a terrific batting punch. In addition to Griffone's .500 average George Radke of Ela-Vernon hit .425, and William Garraughty of Antioch slugged a lusty .455. A second battery found Charles Wesner of Ela-Vernon behind the bat and Bob Iverson of Barrington, the pitcher. Both were steady consistent ball players.

Bob Whitmer, one of the best infielders in the area with a batting average of .448, was selected as utility infielder on the first squad of 12 players. Honorable mention to boys who polled votes just below those in the select 12 were en Kolze of Palatine at short, Ken Wilke of Bensenville at short, Art Landwehr of Northbrook a catcher or first baseman, Joe Mundsam of Palatine a pitcher, Lester Biefeld of Bensenville at third base, and Ken Rentner of Antioch, a catcher.

Roselle and Arlington golfers win letters at University of Illinois

Eight members of the 1952 Illinois golf squad have been awarded varsity letters by the athletic council and six freshmen will receive numerals upon completion of scholastic requirements.

Letter winners include Bob Marquardt of Roselle, Vernon Rascher of Arlintgon Heights, Thomas Rowader of Arlington Heights, and Leo Walch of Roselle.

Arlington Junior Legion team practices to start Friday

First practice for the Arlington Heights Junior Legion baseball team has been called for this Friday, June 6, at Recreation park, starting at 2:20. Boys up to 17 years of age by January 1, 1952, are eligible to compete.

Lloyd Meyer is coaching the team again this year, which will be sponsored by the local legion and George C. Poole Ford organization.

Berschet fourth

Illinois completed its grand sweep in the Big Ten Saturday when it copped the track championship with 67 points, two ahead of Michigan. The Illini were league champs in football, basketball, baseball, indoor and outdoor track, gymnastics, wrestling, fencing and bowling.

Arlington's Marv Berschet, captain of the Illini runners, took fourth in the shot with a toss of 48' 11". Nilsson of Michigan copped the event at 54'.

In the discus Berschet again took fourth with a throw of 150' 7" while the winner, Holm of Minnesota, threw the platter 159' 10".

Touting the Bangtails

by T. C. HART

The big Arlington Park race meeting will get underway Monday, June 16 and the jockey club is making big preparations for one of the most successful seasons in the history of the track.

The racing plant is undergoing a thorough going over in preparation for the opening ten days hence. The huge stands are being cleaned and painted, the grounds are being raked, mowed and freshened with thousands of blooming plants.

THE TRACK itself is being put in apple pie order under the watchful eye of track superintendent Clarence Brinkman. In fact, the whole park is getting a cleaning and grooming that will have it shining like a bright new dollar when the gates open the 16th for the central west's greatest race meeting.

The beautiful paddock park with its spreading shade trees under which the horses are saddled before each race, the comfortable benches beneath the trees, the walking ring and the spacious lawns are all in readiness to greet the eager throng of race fans.

The infield with its rose hedges, its turf course, its lagoons and the hundreds of capering white ducks are again all set to welcome home the race fans who annually make the Arlington Park track vacation headquarters.

THE '52 RACING season at Arlington promises to be one of the most successful in years. The best stables, the best horses, and the best jockeys in the country will be seen during the meeting. The famous Calumet stable, headed by Hill Gail, winner of the Kentucky Derby, is already on the grounds as is also a big stable from the Pacific coast which has been here for several weks gettings the feel of things and becoming acclimated to local conditions.

In a week's time, the influx of horses and racing folks will be on in earnest and almost overnight Arlington Park will become a veritable young city and a beehive of activity.

Palatine Motors to open league play Friday

Palatine Motors softball team opens its league season at Highland Park this Friday night. Sunday night the Motor boys play Evanston at Palatine in their first league game at home.

Last Sunday Palatine Motors beat Elgin, 8-4 at Palatine. Palatine jumped into a 3-0 lead in the first inning and coasted to an easy victory. The team looked very good, considering it was the first game under the lights.

Johnny Majewski made two sparkling plays at short stop and had two nice hits. Ned Wickersham, slugging Palatine first baseman, drove in three runs with two triples and a double.

Game time Sunday is 8:30 p. m.

Issuance of athletic awards closes year at local schools

Arlington honors 162 athletes in eight sports

Athletic awards of 86 letters and 76 numerals were made this week at an assembly at Arlington Heights high school with football heading the parade. Twenty-three major A emblems were given in this sport with 18 numerals also given. Track was next with 19 and 9 with baseball rating 13 and 13.

Ten managers' letters were given in six sports as were five managers' numerals. Summary of the year's results, all sports, is slated to be released next week.

Palatine golfers end 3rd 'good' year in row

When Palatine's high school golf team closed the season last Wednesday with a 12½ to 2½ loss to Niles Township High it marked the third straight year that the Pirates have had a highly successful season. This year Palatine won 13 and lost seven matches. In 1951 the record was 14-7 and in 1950 the team had an undefeated 14-0 record.

This year Palatine did not have as strong a team as a year ago, but the record was almost identical against comparable opposition. Teams played were New Trier, Highland Park, Proviso, Arlington Heights, Crystal Lake, Barrington, Bensenville, Northbrook, Leyden, Niles Township and McHenry.

Palatine won the Northwest conference tournament for the third year in a row and won all matches with Northwest schools. Richard "Tinker" Meyer, sophomore, won medal honors the second straight year with a 78 followed by Tom Smith, senior, with an 80. Third place was won by Bill Giese of Bensenville, fourth by Charles James of Palatine, fifth by Dan Silianoff of Bensenville, and sixth by Jack Lageschulte of Barrington. Palatine's winning team scores were Meyer 78, Smith 80, James 92, and Abramson 95.

PALATINE'S letter winners in golf with their point totals and average score for 20 matches and two tournaments follow: Richard Meyer averaged 81.44 and scored 33½ points; Tom Smith averaged 83.9 and scored 36 points; Peter Abramson averaged 88.1 and scored 34½ points; Charles James averaged 88.65 and scored 33 points, and Gerry McElroy averaged 94.3 and scored 34½ points.

Palatine's home matches and the Northwest conference tournament were played at the Inverness golf club whose management has contributed much to the success of Palatine high golf through encouraging the sport among teen age boys.

Glenbard turns tables, drubs Downers, 9-1

Coach Harold Corrigan found new strength in his Glenbard pitching staff when he made use of his shortstop's arm in last Tuesday night's game.

Dick Weichenhain switched character and took on the pitching role to hurl a five-hit, 9-1 victory over league-leading Downers Grove for the Bards' third straight triumph over the Trojans.

Weichenhain lost his poise only once during the contest. In the sixth inning the Trojan batters aided by two passes, scored their lone tally when Amling singled with two men on.

GLENBARD'S scoring machine opened up in the first frame when Slater singled home Ebeling. They shifted to high in the coming innings and in no time had driven Wally Hylander from the mound. Bruce Rutherford stalled the Bards a little, but the Hilltoppers had their big advantage.

Although Dick Weichenhain turned in a rare mound performance, it was Bonnie Willis who sparked the team's defensive efforts when he raced over in foul territory to make a flying leap for Norman's foul ball.

With two singles apiece, Frank Slater and Dick Ebeling paced the Bards in the hitting column. The victory elevated the Bards to fourth place in the WSC.

Glenbard nine trips LaGrange, 5-2

Continuing their climb upward in the West Suburban conference, Glenbard's sluggers added another victim to their string of victories as they turned back the LaGrange nine, 5-2, behind the two-hit pitching of Dick Whitehead.

Whitehead topped all previous performances as he stopped the visiting Lyons coid. LT's only runs came in the first frame, but they failed to hit safely in their rally. Five errors freely handed to the visitors gave the LaGrange club their lone margin for the day.

Glenbard's team played such balanced ball at the plate that everyone with the exception of two players hit safely. Sparking the defense, Dick Ebeling made a last-minute catch of Sedgwick's short fly ball.

Heights soph nine splits

Coach "Bus" Ormsbee's sophomore baseball team of Arlington Heights, gained a split in the final two games of the season, beating Maine Tuesday, 4-2, and losing to Palatine Wednesday, 4-3.

Tuesday the local yearlings scored once the opening frame, relaxed until the fourth when Maine scored two, then rallied to tally twice in the fifth and add another in the sixth. The losers outhit Arlington, 7-3.

AFTER RYDEN and Amann fanned in the opening frame for Arlington, Lemke, Thomas, Sieburg and Dotts walked before Bakalar struck out just after Lemke scored. In the fifth Amann got on base on an error, Lemke and Thomas struck out, Sieburg singled, Dotts was on base on an error, and Bakalar walked. Amann and Sieburg scored.

Other local run was the result of two walks and an error.

FAILURE TO BUNT on two squeeze plays, plus poor judgment on fly balls for three runs—that tells the tale of Arlington's 4-3 loss to Palatine. Bob Butler pitched for the Heights frosh-sophs Wednesday, and looked promising though lacking experience. Hillesheim stole home against Butler for the final Palatine tally.

In both the sixth and seventh innings Heights yearlings had the bases loaded, but to no avail. Arlington won on hits, 11-3.

THE YOUNG Cardinals drew first blood but Palatine tied in the third, and went ahead in the fifth on walks to Kolze and Nuss, a hit by Lorden and a walk to Hillesheim. Bentzloff and Penning were on due to errors and three scores were in.

Heights scored two in the sixth on a single by Amann, a triple by Thomas, and a hit by Dotts.

Booth L 77 beat Grant Skelton A 78, 1-0.

Arlington nine drops 2-1, 1-0 heartbreakers

Arlington's baseball squad lost two heartbreakers Monday and Tuesday of this week when they dropped a 2-1 decision at Riverside-Brookfield and traveled to Downers Grove Tuesday to lose in the final inning after two were out, 1-0.

The pitching of Harry Munn was outstanding in the Downers game Tuesday as he matched the Grovers' ace twirler, Paul Fister, pitch for pitch. Only in number of strikeouts did Fister hold the upper hand over Munn.

PREVIOUSLY Arlington and Downers had fought to a 12-inning scoreless standstill. This time not a man reached home for either squad until after two were out in the seventh inning when Norman's double scored McCabe with the all-important run. That tally, by the way, gave Downers a co-championship with York for league honors.

Munn allowed six hits, Fister five. Munn walked two, Fister one. Fister fanned 13 while Munn was striking out two. Both twirlers are southpaws.

DOWNERS SCORED that run after Fister had walked, then was trapped off first, Intravartolo to Dassonville to Grace as McCabe missed an attempted bunt. McCabe then beat out an infield hit. After Potter popped to Dassonville Norman made his all-important contribution.

Monday afternoon Bob Simmons and Soderstrom of Riverside-Brookfield conducted their own private battle. Each allowed four hits. Each struck out six. Simmons walked five for Heights while Soderstrom gave three free ones. Each twirler hit one batsman.

IN THE SECOND inning after Hirst popped to Eakins, Heights third baseman, Blank walked, only to have Soderstrom strike out. Fox then singled and J. Simmons walked. Vojta then walked, forcing in Blank.

With one out Meinhart hit a single for Riverside-Brookfield and Hirst was struck by a pitched ball the next inning. Blank singled, scoring Meinhart. Soderstrom popped to Grace and Fox swung at the third one to end the frame.

FOR ARLINGTON, after Schmidt had bunted a fly to the pitcher, Lynk singled to right field. Dassonville grounded out, Lynk going to second and scoring on a double by Eakins.

Card netmen gain split against Niles

Arlington's tennis varsity copped a 4-1 decision against Niles last week, one of the few victories for Coach Ray DeGreeff's men this year, while the frosh-sophs were losing their part of the double bill, 3-2.

Rod Peltier and Tom Bowersox won their singles for the locals, though the former was pushed as he missed the second set, 4-6. In the doubles Alan Ross and Ray Holmes had to go all the way to win their initial set, 8-6, but came back strong, 6-0. Charles Knapp and Jay Vawter had an easy time of it in the other doubles.

FOR THE YEARLINGS the singles went to Niles while the doubles went to Arlington. Schnyder and Hutchinson were extended plenty, winning 9-7, losing 2-6, then winning, 8-6. Malcom and Schroeder also won for the red and white, though it took three sets to do it.

Varsity:

Peltier A beat Mark N, 6-1, 4-6, 6-4.

Winkler N beat Birkholz A, 6-4, 6-3.

Bowersox A beat Mather N, 6-0, 6-3.

Ross and Holmes A beat Bussey and Nelson, 8-6, 6-0.

Knapp and Vawter A beat Lundin and Klevay N, 6-2, 6-1.

IN FROSH-SOPHS:

Kroetschman N beat Sherrill A, 6-3, 9-7.

Maher N beat Morrissey A, 6-1, 6-1.

Appel N beat Livingston N, 6-3, 6-4.

Schnyder and Hutchinson A beat Tinaglia and Wellington N, 9-7, 2-6, 8-6.

Malcom and Schroeder A beat Anderson and Laiho N, 7-5, 3-6, 9-7.

Bears sign Stone

Switching from newcomers to a veteran, the Chicago Bears football club announced the signing of a top halfback for the 1952 national football league campaign. Club president George Halas disclosed that Billy Stone, the Springfield, Ill., speedster, has "inked" for the coming season.

Stone, rated one of the greatest athletes ever to attend Bradley university, will report July 29 when the Bears begin workouts at their St. Joseph's College training camp.

One of the fastest and shiftiest halfbacks in the league, Stone sparkled for the Bears as a pass receiver. He caught 18 aerials last season for 320 yards and an average of 17.8, including a 62 yard touchdown run. As a ball carrier, Stone averaged better than 4 yards per try. Playing defensive halfback, he managed to intercept four enemy passes. However, the Bears' Board of Strategy has indicated that Stone will be employed more on offense this fall to take advantage of his speed.

Top notch field aims for record in Mays classic

Troy Ruttman, Lynwood, Calif., winner of this year's 500 mile race at the Indianapolis speedway and six others of the first 10 finishers, are among the more than 30 entries who will compete in the third annual Rex Mays classic 100 mile national championship big car race Sunday, June 8, at Wisconsin State Fair park, Milwaukee.

Time trials begin at 12:30 noon; the race, fielding the fastest 16 qualifiers, lines up at 2:30 p. m. (CST).

The other Hoosier classic front runners are Jim Rathmann, Chicago, second; Duane Carter, Culver City, Calif., fourth; Art Cross, Morristown, N. J., fifth; Jim Bryan, Los Angeles, Calif., sixth; Cpl. Jimmy Reece, U. S. Army, seventh, and Cliff Griffith, Indianapolis, ninth.

TONY BETTENHAUSEN, winner of the past two Mays races here as the 1951 AAA national big car champ, is an odds-on favorite to repeat. Vukovich, always a crowd pleaser, led the 500 mile race before spinning out with only 20 miles to go.

Two records may be broken—Johnny McDowell's one mile mark of 36.02 seconds (99.94 miles per hour) and Bettenhausen's 100 mile standard of 1 hour, six minutes, 38.91 seconds (88.4 miles per hour).

Tickets are on sale at the Wisconsin Auto Racing association, 1200 S. First Street, Milwaukee 4. Telephone reservations to EVergreen 4-2240.

Chicago police next

Stretton blanks Berwyn on 3 hits for Redwings

Arlington Redwings faltered before the Cicero Buccaneers Memorial Day at Recreation Park in Arlington Heights, 7-6, but came back to beat the Berwyn Colts, 2-0, Sunday in a well played game. The Colts were previously unbeaten in league play. The locals now have a 2-1 record in Midwest league play.

Hornbrott started things off as leadoff Memorial Day by singling, then going to third on an error. He scored when Simpson singled. Again in the third Hornbrott opened things with a single and scored when followed by safe blows by Meath and Simpson.

A walk, error and a hit brought in Cicero's first blood in the fourth with Salach scoring. In the fifth inning the visitors tallied three more on three straight blows, a walk, a hit and an error.

ARLINGTON RALLIED with Hornbrott's third straight single which counted as Simpson and Scheiwe also hit. Then in the sixth Wille singled, O'Shaunnessy was on base on an error with Stange tripling to drive both men in. The latter tallied when Reader singled.

Cicero made it 6-5 in the seventh on a triple by Rom and a fly by Finder. Then came that ill-fated eighth when two runs scored for the runners on three hits and a walk.

Top man for the Redwings at the plate was Simpson with four singles in five. Pitching for the locals were Lange, who went four frames, and Reader, who was losing twirler.

AGAINST BERWYN it was a different game. Wasco was in at short and Lloyd Meyer at second for the Redwings. Now that college is over, these two will be regular the rest of the summer.

It was a close game all the way with Stretton pitching to just 30 Colts for local manager Elmer Kirchhoff. Singles in the third, fifth and sixth, plus a walk in the eighth, were the only instances of the losers on base.

Arlington's winning margin was provided in the sixth. Stretton actually saved his own game when he singled. Wasco walked and Simpson doubled, scoring Stretton and Wasco. The Redwings gained just four hits.

LAST SUNDAY'S shut out was the second for Stretton this year. He has permitted just four hits in two games thus far. The low scoring affair was a change from last season when Berwyn won two from the Redwings, 28-1 and 13-7, then fell before the same team, 11-1 later in the season.

This Sunday the Redwings play host to the Chicago police department nine, an annual affair.

Northern Illinois Fastball league

STANDINGS

Libertyville	2	0
Oak Park	1	1
Waukegan	1	1
Evanston	0	1
Highland Park	0	1
Palatine	0	0

RESULTS

Libertyville 3; Waukegan 0.
Libertyville 9; Evanston 2.
Oak Park 3; Highland Park 2.
Waukegan 4; Oak Park 3.

COMING GAMES

Friday, June 6

Evanston at Oak Park.
Palatine at Highland Park.

Sunday, June 8

Evanston at Palatine.
Libertyville at Waukegan.

Wednesday, June 11

Evanston at Libertyville.

The Northern Illinois Fastball league, now in its third season of activity, starts the second week of play with Palatine and Oak Park opening their home seasons over the week end.

Evanston will travel to Oak Park on Friday while Palatine will entertain Evanston on Sunday. Currently the Libertyville Comets lead the circuit with two victories, a 3-0 blanking of Waukegan and a 9-2 decision over Evanston.

Oak Park has been involved in two one-run contests, edging Highland Park, 3-2, and losing to Waukegan 4-3.

Don Burson, 1951 all-American Northwestern gridder and Alex Sarkisian, another Northwestern former football player, lead the league in batting with an even .500 average. Libertyville's Warren Boyes is the top pitcher with a 2-0 record, having given up no earned runs and fanning 29.

Hitting:	AB	R	H	BA
Burson, Evanston	4	0	2	.500

Faust, Oak Park	1	1	6	7	22
Miner, Highland Pk.	0	1	3	4	11

Arlington comes back after 3-0 deficit to defeat Leyden, 5-3

Arlington's baseball team gained an even break in non-league competition Wednesday of last week when the Cardinals entertained Leyden of Franklin Park, 5-3. The only other non-league foe for Coach Wally Grace's nine was Niles which edged the locals, 8-6, earlier this season.

After the visitors scored three times without a hit in the opening inning, the Cardinals pecked away until the game was won. Tom Reed opened for the locals, walking the first three batters. Harry Munn relieved but a trio of scores was chalked up before the side could be retired, though without a single safety.

MUNN PITCHED good ball for Heights. In four innings he fanned two, gave up nary a hit or a walk, and generally acted like a good southpaw should until relieved by Bob Simmons the final three innings. The latter struck out two and gave up just one hit in the three frames he was on the mound.

For Leyden Barry Colbert twirled until one was out in the fourth, five runs being charged against him. Ed Fandell relieved and held the locals scoreless though giving up three hits and a walk. Colbert allowed seven safeties and one walk.

WINARD, FLICK and Lueth started things for Leyden by walking. Harry Munn took over on the mound and fanned Moehler. On a squeeze play, though, Winard scored from third when Rickert dropped the ball. Intravartolo was playing the outfield that day due to a smashed finger, instead of his usual spot behind the plate.

Pontarelli then hit to Lynk who threw home too late to catch Flick. Miro did the same thing for Leyden, but this time Lynk tossed to Dassonville at first for the out, Lueth scoring. Mork ended things when he flied to Wayne Hesch in center.

FOR ARLINGTON Grace initiated things the opening inning by being safe on Mork's error, but Hesch hit into a double play. Rickert kept hopes alive by walking and Intravartolo beat out an infield hit. Schmidt and Lynk walked, forcing in Rickert. Eakins struck out to end the threat.

In the third frame Rickert singled to left, Trav was safe on Flick's miscue, but Schmidt flied to Miro. Lynk then rapped out a single to right field, Rickert scoring.

THE CARDS put the game on ice in the fourth by scoring three times. After Dassonville popped to Lueth, Munn beat out an infield hit. Grace and Hesch singled, scoring Munn and Grace. Rickert was safe on Colbert's error and Trav walked. Schmidt singled to left, scoring Hesch. Lynk and Eakins fanned to end the threat.

Bob Marquardt of Roselle was low man for University of Illinois golfers Saturday in the Big Ten meet with 318 (77, 73, 89, 79) as his team placed ninth, beating only Michigan State. Verne Rascher of Arlington Heights, captain of the squad, carded a 333 (88, 81, 81, 83).

Mac Says —

(Continuer from preceding page)

Burton Nesset set new Palatine high records in high hurdles, low hurdles, and high jump this year. . . . "Tinker" Meyer's golf average is 81 for 18 matches this past season is the best ever compiled by a Palatine high golfer. . . . The steel frame work of the new Palatine high gym is scheduled to be erected starting the first week in July. It will take fast work to have it ready for the opening of the basketball season in November but it can be done if enough labor is available at the time it is needed. . . . The Chicago White Sox are interested in taking a look at that good Irish ball player at Bensenville high, Jim Karrigan, if Coach Tom Meneguin can card a game for him to pitch. . . . Bensenville does not have a park program but there is plenty of baseball activity with the Lions sponsoring two "Little League" teams (under 12), the VFW sponsoring two junior teams (12-15), and the American Legion sponsoring a Junior Legion nine (under 17). That is why Bensenville has good high school teams. The same goes for Ela-Vernon where the high school boys play Junior Legion ball. . . . Dick Tang, one of the finest high school golfers in Illinois, was way overdue to win a major tournament when he copped the West Suburban crown recently with a 75 score to help bring Arlington the golf championship for the second year in a row. His father was state amateur champ of Iowa a number of years ago and is now one of the lowest handicap members at Inverness golf club in Palatine.

Palatine gives spring awards

Palatine had a good spring sports season. The track squad won the Northwest conference championship the fifth year in a row and the frosh-sophs won their second straight. The golf team won its third straight championship.

Issuance of athletic awards closes year at local schools

Arlington honors 162 athletes in eight sports

Athletic awards of 86 letters and 76 numerals were made this week at an assembly at Arlington Heights high school with football heading the parade. Twenty-three major A emblems were given in this sport with 18 numerals also given. Track was next with 19 and 9 with baseball rating 13 and 13.

Ten managers' letters were given in six sports as were five managers' numerals. Summary of the year's results, all sports, is slated to be released next week.

Baseball trophy pays off

Lee Eilbracht, acting baseball coach for the 1952 season, has been appointed head coach on a permanent basis and Allen Klingel has been named acting swimming coach at Illinois for one year, Douglas R. Mills, director of athletics, announced.

Eilbracht handled the baseball team on a temporary basis during the current campaign and his squad tied for the Big Ten championship with Michigan.

13-7 this year

Palatine golfers end 3rd 'good' year in row

When Palatine's high school golf team closed the season last Wednesday with a 12½ to 2½ loss to Niles Township High it marked the third straight year that the Pirates have had a highly successful season. This year Palatine won 13 and lost seven matches. In 1951 the record was 14-7 and in 1950 the team had an undefeated 14-0 record.

This year Palatine did not have as strong a team as a year ago, but the record was almost identical against comparable opposition. Teams played were New Trier, Highland Park, Proviso, Arlington Heights, Crystal Lake, Barrington, Bensenville, Northbrook, Leyden, Niles Township and McHenry.

Palatine won the Northwest conference tournament for the third year in a row and won all matches with Northwest schools. Richard "Tinker" Meyer, sophomore, won medal honors the second straight year with a 78 followed by Tom Smith, senior, with an 80. Third place was won by Bill Giese of Bensenville, fourth by Charles James of Palatine, fifth by Dan Silianoff of Bensenville, and sixth by Jack Lageschulte of Barrington. Palatine's winning team scores were Meyer 78, Smith 80, James 92, and Abramson 95.

PALATINE'S letter winners in golf with their point totals and average score for 20 matches and two tournaments follow: Richard Meyer averaged 81.44 and scored 33½ points; Tom Smith averaged 83.9 and scored 36 points; Peter Abramson averaged 88.1 and scored 34½ points; Charles James averaged 88.65 and scored 33 points, and Gerry McElroy averaged 94.3 and scored 34½ points.

Palatine's home matches and the Northwest conference tournament were played at the Inverness golf club whose management has contributed much to the success of Palatine high golf through encouraging the sport among teen age boys.

Glenbard turns tables, drubs Downers, 9-1

Coach Harold Corrigan found new strength in his Glenbard pitching staff when he made use of his shortstop's arm in last Tuesday night's game.

Dick Weichenhain switched character and took on the pitching role to hurl a five-hit, 9-1 victory over league-leading Downers Grove for the Bards' third straight triumph over the Trojans.

Weichenhain lost his poise only once during the contest. In the sixth inning the Trojan batters aided by two passes, scored their lone tally when Amling singled with two men on.

GLENBARD'S scoring machine opened up in the first frame when Slater singled home Ebeling. They shifted to high in the coming innings and in no time had driven Wally Hylander from the mound. Bruce Rutherford stalled the Bards a little, but the Hilltoppers had their big advantage.

Although Dick Weichenhain turned in a rare mound performance, it was Bonnie Willis who sparked the team's defensive efforts when he raced over in foul territory to make a flying leap for Norman's foul ball.

With two singles apiece, Frank Slater and Dick Ebeling paced the Bards in the hitting column. The victory elevated the Bards to fourth place in the WSC.

Glenbard nine trips LaGrange, 5-2

Continuing their climb upward in the West Suburban conference, Glenbard's sluggers added another victim to their string of victories as they turned back the LaGrange nine, 5-2, behind the two-hit pitching of Dick Whitehead.

Whitehead topped all previous performances as he stopped the visiting Lyons cold. LT's only runs came in the first frame, but they failed to hit safely in their rally. Five errors freely handed to the visitors gave the LaGrange club their lone margin for the day.

Glenbard's team played such balanced ball at the plate that everyone with the exception of two players hit safely. Sparking the defense, Dick Ebeling made a last-minute catch of Sedgwick's short fly ball.

Heights soph nine splits

Coach "Bus" Ormsbee's sophomore baseball team of Arlington Heights, gained a split in the final two games of the season, beating Maine Tuesday, 4-2, and losing to Palatine Wednesday, 4-3.

Tuesday the local yearlings scored once the opening frame, relaxed until the fourth when Maine scored two, then rallied to tally twice in the fifth and add another in the sixth. The losers outhit Arlington, 7-3.

AFTER RYDEN and Amann fanned in the opening frame for Arlington, Lemke, Thomas, Sieburg and Dotts walked before Bakalar struck out just after Lemke scored. In the fifth Amann got on base on an error, Lemke and Thomas struck out, Sieburg singled, Dotts was on base on an error, and Bakalar walked. Amann and Sieburg scored.

Other local run was the result of two walks and an error.

FAILURE TO BUNT on two squeeze plays, plus poor judgment on fly balls for three runs—that tells the tale of Arlington's 4-3 loss to Palatine. Bob Butler pitched for the Heights frosh-sophs Wednesday, and looked promising though lacking experience. Hillesheim stole home against Butler for the final Palatine tally.

In both the sixth and seventh innings Heights yearlings had the bases loaded, but to no avail. Arlington won on hits, 11-3.

THE YOUNG Cardinals drew first blood but Palatine tied in the third, and went ahead in the fifth on walks to Kolze and Nuss, a hit by Lorden and a walk to Hillesheim. Bentzloff and Penning were on due to errors and three scores were in.

Heights scored two in the sixth on a single by Amann, a triple by Thomas, and a hit by Dotts.

Goodman A 85 beat Rhodes B 98, 3-0.

Grant Skelton A 84 beat Luebking B 105, 3-0.

ONLY LOSS for Arlington was the 5-3 decision taken by LaGrange Tuesday of last week at Old Orchard. It was the final West Suburban league competition for the locals.

Tang's 70 was best for the day with Hauff and the two Skeltons also in the 70s for Arlington. French and Raegan were tops for LaGrange with 73s.

Tang A 70 beat French L 73, 1-0.

Raegan L 73 beat Hauff A 76, 1-0.

Brandenburg L 77 beat Rascher A 84, 1-0.

Geo. Skelton A 77 beat Schneider L 78, 1-0.

Pankow L 81 beat LeMay A 84, 1-0.

Goodman A 86 beat DeSantes L 93, 1-0.

Anderson L 77 beat Turner A 81, 1-0.

Booth L 77 beat Grant Skelton A 78, 1-0.

Arlington nine drops 2-1, 1-0 heartbreakers

Arlington's baseball squad lost two heartbreakers Monday and Tuesday of this week when they dropped a 2-1 decision at Riverside-Brookfield and traveled to Downers Grove Tuesday to lose in the final inning after two were out, 1-0.

The pitching of Harry Munn was outstanding in the Downers game Tuesday as he matched the Grovers' ace twirler, Paul Fister, pitch for pitch. Only in number of strikeouts did Fister hold the upper hand over Munn.

PREVIOUSLY Arlington and Downers had fought to a 12-inning scoreless standstill. This time not a man reached home for either squad until after two were out in the seventh inning when Norman's double scored McCabe with the all-important run. That tally, by the way, gave Downers a co-championship with York for league honors.

Munn allowed six hits, Fister five. Munn walked two, Fister one. Fister fanned 13 while Munn was striking out two. Both twirlers are southpaws.

DOWNERS SCORED that run after Fister had walked, then was trapped off first, Intravartolo to Dassonville to Grace as McCabe missed an attempted bunt. McCabe then beat out an infield hit. After Potter popped to Dassonville Norman made his all-important contribution.

Monday afternoon Bob Simmons and Soderstrom of Riverside-Brookfield conducted their own private battle. Each allowed four hits. Each struck out six. Simmons walked five for Heights while Soderstrom gave three free ones. Each twirler hit one batsman.

IN THE SECOND inning after Hirst popped to Eakins, Heights third baseman, Blank walked, only to have Soderstrom strike out. Fox then singled and J. Simmons walked. Vojta then walked, forcing in Blank.

With one out Meinhart hit a single for Riverside-Brookfield and Hirst was struck by a pitched ball the next inning. Blank singled, scoring Meinhart. Soderstrom popped to Grace and Fox swung at the third one to end the frame.

FOR ARLINGTON, after Schmidt had bunted a fly to the pitcher, Lynk singled to right field. Dassonville grounded out, Lynk going to second and scoring on a double by Eakins.

Card netmen gain split against Niles

Arlington's tennis varsity copped a 4-1 decision against Niles last week, one of the few victories for Coach Ray DeGreeff's men this year, while the frosh-sophs were losing their part of the double bill, 3-2.

Rod Peltier and Tom Bowersox won their singles for the locals, though the former was pushed as he missed the second set, 4-6. In the doubles Alan Ross and Ray Holmes had to go all the way to win their initial set, 8-6, but came back strong, 6-0. Charles Knapp and Jay Vawter had an easy time of it in the other doubles.

FOR THE YEARLINGS the singles went to Niles while the doubles went to Arlington. Schnyder and Hutchinson were extended plenty, winning 9-7, losing 2-6, then winning, 8-6. Malcom and Schroeder also won for the red and white, though it took three sets to do it.

Varsity:

Peltier A beat Mark N, 6-1, 4-6, 6-4.

Winkler N beat Birkholz A, 6-4, 6-3.

Bowersox A beat Mather N, 6-0, 6-3.

Ross and Holmes A beat Bussey and Nelson, 8-6, 6-0.

Knapp and Vawter A beat Lundin and Klevay N, 6-2, 6-1.

IN FROSH-SOPHS:

Kroetschman N beat Sherrill A, 6-3, 9-7.

Maher N beat Morrissey A, 6-1, 6-1.

Appel N beat Livingston N, 6-3, 6-4.

Schnyder and Hutchinson A beat Tinaglia and Wellington N, 9-7, 2-6, 8-6.

Malcom and Schroeder A beat Anderson and Laiho N, 7-5, 3-6, 9-7.

FRIDAY, JUNE 6, 1952

Bears sign Stone

Switching from newcomers to a veteran, the Chicago Bears football club announced the signing of a top halfback for the 1952 national football league campaign. Club president George Halas disclosed that Billy Stone, the Springfield, Ill., speedster, has "inked" for the coming season.

Stone, rated one of the greatest athletes ever to attend Bradley university, will report July 28 when the Bears begin workouts at their St. Joseph's College training camp.

One of the fastest and shiftiest halfbacks in the league, Stone sparkled for the Bears as a pass receiver. He caught 18 aerials last season for 320 yards and an average of 17.8, including a 62 yard touchdown run. As a ball carrier, Stone averaged better than 4 yards per try. Playing defensive halfback, he managed to intercept four enemy passes. However, the Bears' Board of Strategy has indicated that Stone will be employed more on offense this fall to take advantage of his speed.

Top notch field aims for record in Mays classic

Troy Ruttman, Lynwood, Calif., winner of this year's 500 mile race at the Indianapolis speedway and six others of the first 10 finishers, are among the more than 30 entries who will compete in the third annual Rex Mays classic 100 mile national championship big car race Sunday, June 8, at Wisconsin State Fair park, Milwaukee.

Time trials begin at 12:30 noon; the race, fielding the fastest 16 qualifiers, lines up at 2:30 p. m. (CST).

The other Hoosier classic front runners are Jim Rathmann, Chicago, second; Duane Carter, Culver City, Calif., fourth; Art Cross, Morristown, N. J., fifth; Jim Bryan, Los Angeles, Calif., sixth; Cpl. Jimmy Reece, U. S. Army, seventh, and Cliff Griffith, Indianapolis, ninth.

TONY BETTENHAUSEN, winner of the past two Mays races here as the 1951 AAA national big car champ, is an odds-on favorite to repeat. Vukovich, always a crowd pleaser, led the 500 mile race before spinning out with only 20 miles to go.

Two records may be broken—Johnny McDowell's one mile mark of 36.02 seconds (99.94 miles per hour) and Bettenhausen's 100 mile standard of 1 hour, six minutes, 38.91 seconds (88.4 miles per hour).

Tickets are on sale at the Wisconsin Auto Racing association, 1200 S. First Street, Milwaukee 4. Telephone reservations to EVergreen 4-2240.

Chicago police next

Stretton blanks Berwyn on 3 hits for Redwings

Arlington Redwings faltered before the Cicero Buccaneers Memorial Day at Recreation Park in Arlington Heights, 7-6, but came back to beat the Berwyn Colts, 2-0, Sunday in a well played game. The Colts were previously unbeaten in league play. The locals now have a 2-1 record in Midwest league play.

Hornbrott started things off as leadoff Memorial Day by singling, then going to third on an error. He scored when Simpson singled. Again in the third Hornbrott opened things with a single and scored when followed by safe blows by Meath and Simpson.

A walk, error and a hit brought in Cicero's first blood in the fourth with Salach scoring. In the fifth inning the visitors tallied three more on three straight blows, a walk, a hit and an error.

ARLINGTON RALLIED with Hornbrott's third straight single which counted as Simpson and Scheiwe also hit. Then in the sixth Wille singled, O'Shaunnessy was on base on an error with Stange tripling to drive both men in. The latter tallied when Reader singled.

Cicero made it 6-5 in the seventh on a triple by Rom and a fly by Finder. Then came that ill-fated eighth when two runs scored for the runners on three hits and a walk.

Top man for the Redwings at the plate was Simpson with four singles in five. Pitching for the locals were Lange, who went four frames, and Reader, who was losing twirler.

AGAINST BERWYN it was a different game. Wasco was in at short and Lloyd Meyer at second for the Redwings. Now that college is over, these two will be regular the rest of the summer.

It was a close game all the way with Stretton pitching to just 30 Colts for local manager Elmer Kirchhoff. Singles in the third, fifth and sixth, plus a walk in the eighth, were the only instances of the losers on base.

Arlington's winning margin was provided in the sixth. Stretton actually saved his own game when he singled. Wasco walked and Simpson doubled, scoring Stretton and Wasco. The Redwings gained just four hits.

LAST SUNDAY'S shut out was the second for Stretton this year. He has permitted just four hits in two games thus far. The low scoring affair was a change from last season when Berwyn won two from the Redwings, 28-1 and 13-7, then fell before the same team, 11-1 later in the season.

This Sunday the Redwings play host to the Chicago police department nine, an annual affair.

Arlington comes back after 3-0 deficit to defeat Leyden, 5-3

Arlington's baseball team gained an even break in non-league competition Wednesday of last week when the Cardinals entertained Leyden of Franklin Park, 5-3. The only other non-league foe for Coach Wally Grace's nine was Niles which edged the locals, 8-6, earlier this season.

After the visitors scored three times without a hit in the opening inning, the Cardinals pecked away until the game was won. Tom Reed opened for the locals, walking the first three batters. Harry Munn relieved but a trio of scores was chalked up before the side could be retired, though without a single safety.

MUNN PITCHED good ball for Heights. In four innings he fanned two, gave up nary a hit or a walk, and generally acted like a good southpaw should until relieved by Bob Simmons the final three innings. The latter struck out two and gave up just one hit in the three frames he was on the mound.

For Leyden Barry Colbert twirled until one was out in the fourth, five runs being charged against him. Ed Fandell relieved and held the locals scoreless though giving up three hits and a walk. Colbert allowed seven safeties and one walk.

WINARD, FLICK and Lueth started things for Leyden by walking. Harry Munn took over on the mound and fanned Moehler. On a squeeze play, though, Winard scored from third when Rickert dropped the ball. Intravartolo was playing the outfield that day due to a smashed finger, instead of his usual spot behind the plate.

Pontarelli then hit to Lynk who threw home too late to catch Flick. Miro did the same thing for Leyden, but this time Lynk tossed to Dassonville at first for the out, Lueth scoring. Mork ended things when he flied to Wayne Hesch in center.

FOR ARLINGTON Grace initiated things the opening inning by being safe on Mork's error, but Hesch hit into a double play. Rickert kept hopes alive by walking and Intravartolo beat out an infield hit. Schmidt and Lynk walked, forcing in Rickert. Eakins struck out to end the threat.

In the third frame Rickert singled to left. Trav was safe on Flick's miscue, but Schmidt flied to Miro. Lynk then rapped out a single to right field, Rickert scoring.

THE CARDS put the game on ice in the fourth by scoring three times. After Dassonville popped to Lueth, Munn beat out an infield hit. Grace and Hesch singled, scoring Munn and Grace. Rickert was safe on Colbert's error and Trav walked. Schmidt singled to left, scoring Hesch. Lynk and Eakins fanned to end the threat.

Oak Park	1	1
Waukegan	1	1
Evanston	0	1
Highland Park	0	1
Palatine	0	0

RESULTS

Libertyville 3; Waukegan 0.
Libertyville 9; Evanston 2.
Oak Park 3; Highland Park 2.
Waukegan 4; Oak Park 3.

COMING GAMES

Friday, June 6

Evanston at Oak Park.
Palatine at Highland Park.

Sunday, June 8

Evanston at Palatine.
Libertyville at Waukegan.

Wednesday, June 11

Evanston at Libertyville.

The Northern Illinois Fastball league, now in its third season of activity, starts the second week of play with Palatine and Oak Park opening their home seasons over the week end.

Evanston will travel to Oak Park on Friday while Palatine will entertain Evanston on Sunday. Currently the Libertyville Comets lead the circuit with two victories, a 3-0 blanking of Waukegan and a 9-2 decision over Evanston.

Oak Park has been involved in two one-run contests, edging Highland Park, 3-2, and losing to Waukegan 4-3.

Don Burson, 1951 all-American Northwestern gridder and Alex Sarkisian, another Northwestern former football player, lead the league in batting with an even .500 average. Libertyville's Warren Boyes is the top pitcher with a 2-0 record, having given up no earned runs and fanning 29.

Hitting:	AB	R	H	BA
Burson, Evanston	4	0	2	.500
Sarkisian, Evan.	4	0	2	.500
Luce, Liberty	9	2	4	.444

Boettcher, Wauk	1	1	6	10	8
Faust, Oak Park	1	1	6	7	22
Miner, Highland Pk.	0	1	3	4	11

Palatine gives spring awards

Palatine had a good spring sports season. The track squad won the Northwest conference championship the fifth year in a row and the frosh-sophs won their second straight. The golf team won its third straight championship. The baseball team had an average season with just about an even break in games won and lost.

Letters were presented Tuesday at an awards assembly for basketball, track, baseball and golf. Gerry Hermann was announced as winner of the Lions club athletic award to the senior who rated best in scholarship, athletic achievement, leadership, training, cooperation, dependability, and competitive spirit. Herrmann was a letter winner in track and cross country, and winner of the mile in the conference meet. Burton Nesset, who broke three Palatine track records and was a letterman in football, was a close second.

KENNETH KOLZE, shortstop on the baseball team, was selected by his teammates as the most valuable player and will have his name engraved on the Fred Herbertz memorial baseball trophy. The award was announced by Claude Bailey, baseball coach. Dick Welty presented the track awards and three trophies to the school. Eugene Moyland awarded varsity basketball letters, Eldon Naffziger the frosh basketball and frosh-soph baseball awards, and G. A. McElroy the golf letters. Numerals, letters and state awards were given girls for G. A. A. activities by Mrs. Beck. Burton Showers presented cheerleader letters.

Palatine high spring awards are as follows:

Varsity basketball

Paul Schrage, Richard Abrahamson, Donald Buenzow, Richard Meyer, Donald Kincaid, John Busch, Donald Zoellick, Kenneth Mangels, Herbert Busching (mgr.), Donald Hertel (mgr.).

Frosh-Soph basketball

Harry Burtzlaff, Lawrence Hapke, William Breyer, Gerry McElroy, Roger Kolze, Pete Abramson, John Goetz, Dale Christensen.

Frosh basketball

Vernon Sporleder, Robert Kozy, Albert Ross, Ray Lorden, David Nesset, John Taylor (mgr.).

Varsity track

Gerry Herrmann, Robert Ward, Burton Nesset, James Vogt, William Senne, Raymond Metzler, Walter Grever, George Gunder, Donald Zoellick, Harold Reeve, Norman Stenzel, John Busch, Dick Abrahamson, Charles Hartmann, Kenneth Rehusch, James Hillesheim, Paul Hess, Clark Garret (mgr.).

Frosh-Soph track

Donald Hapke, Carl Nuss, Ronald Buta, Tim Rich, David Cornwell, Earl Ladewig, Robert Kozy.

Varsity golf

Tom Smith, Charles James, Richard Meyer, Peter Abramson, Gerry McElroy.

Cheer leaders

Carol Leimer, Jean Inglis, Norma Hapke, Ida Mae Heide, Sancy Day, Lynn Lommen, Nancy Cimbolo, Marcia Noyes.

GAA awards

Numerals—Janice Pearson, Charlotte Nelson, Barbara Nickols, June Goetz, Barbara Welchman, Donna Nordin, Carol Bauer, Marianne Welchman, Janice Langhorst, Charlotte Huenerberg, Dolores Rohde, and Carol Harmon.

Letter award—June Burden, Marilyn Frette,

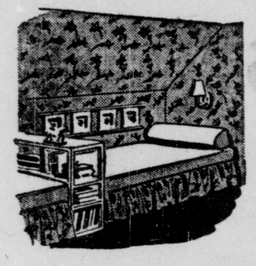
NOW! your home can be Beautiful!

NEED AN EXTRA ROOM?

Family getting larger? Need more space? Perhaps, like many folks, you are letting precious space go to waste. That space beneath a slanting ceiling in the upstairs hall, for instance. Don't neglect this area, and think that because ceiling is low it is not usable, except for a table and chair or a chest.

MAKE AN ASSET OF SLANTING CEILING . . .

. . . by wallpapering it to match walls underneath it. Then, transform the whole end of the room into an attrac-



tive sleeping alcove by placing twin beds (box springs and mattresses) end to end along the wall. If space permits, let open shelves double for night stand. Or use wall-hung reading lamps.

There are any number of ways to convert wasted space into functional areas that will be most attractive. Come in and let's talk about your space problems. We're sure we can make helpful suggestions. Anytime.

Good sleeping equipment is essential to good health Select your mattresses and box springs from our wide assortment. Triple tied springs to insure comfort and long wear. Some air-foam filled. Twin and full size available Budget priced.

Night-stands—or open shelves that double for that purpose—add to the comfort and convenience of any sleeping area. We have several styles and sizes—in light and dark finishes to fit in with your room plan. See them today! Budget priced.

For you, who love nice things, we have garnered a wide assortment of beautifully styled, well built furnishings that will be at home in any type room. Do come in and browse around. Let us help you make unhurried selections.

At Monmouth

Miss Marilyn Schlemmer, 22 S. George, Mt. Prospect, a senior at Monmouth college was recently initiated into national collegiate players. The aim of the organization is to encourage participation in dramatic performances, play writing, and the study and appreciation of all phases of drama.

Miss Schlemmer is the daughter of Mr. and Mrs. Roy E. Schlemmer.

She graduated from Monmouth Tuesday.

At Normal

The 93rd commencement of Illinois State Normal university will be held at 3:30 p. m. Saturday, June 7, in the outdoor amphitheater. President Ralph McDonald of Bowling Green university in Ohio will speak.

The June graduation list now includes names of 320 candidates for bachelor's and 16 for master's degrees.

A list of candidates for the bachelor's degree from this area includes:

Mary Barker, 1229 Western, Northbrook.

Harold Stephan, Palatine.

Arthur Johnston, Arlington Heights.

Glenn and Lloyd Grever, Prairie View.

Answers to Your Questions

do people still buy shrouds?

No, the dismal, old-fashioned funeral shrouds are no longer used by the modern mortuary. When clothing is available from the wardrobe of the deceased, we prefer to use it as an aid to the natural memory picture. For those desiring them, however, we offer a complete line of modern, appropriately styled funeral attire.

At Stephens

Miss Taunya Leah Gage of Arlington Heights was candidate for an associate in arts degree from Stephens college for women June 3 with degrees conferred on more than 700 candidates by President Homer P. Rainey.

An extensive five-day commencement program began Friday with the first two commencement balls in Lela Raney Wood ballroom.

Miss Gage is the daughter of Mr. and Mrs. Rex T. Gage, 721 S. Highland in Arlington Hts.

At Northwestern

Robert Ragland, former graduate of Arlington Heights high school, was recently elected and initiated into Deru, Northwestern university's senior honorary fraternity.

Selection is based upon the maintainence of a "B" average and outstanding work in extra-curricular activities. Fifteen members are selected from the entire senior class.

Mr. Ragland is a member of Phi Delta Theta fraternity, was the associate music director for the nationally famous Waa-Mu musical show, leads his own dance band, was on the fraternity football and championship track team—being the indoor and outdoor interfraternity champion half-miler.

The announcement was made at the May Week Honors Day at Cohn auditorium at Evanston.

Mr. Ragland has been accepted to attend Reserve Officers' Class (ROC) school at Long Beach, Calif., this summer, after which he will return to Northwestern and graduate in March, 1953.

At Monmouth

Miss Dorothy Schlemmer, 22 S. George, Mt. Prospect, a senior at Monmouth college was recently initiated into Phi Alpha Theta. Organized in February of 1949 on Monmouth campus Beta Chapter of Phi Alpha Theta is a national honorary history fraternity, one of the highest ranking national honorary societies. Membership is open to upperclassmen who are history majors or minors and who have a B average in all college work.

Miss Schlemmer is the daughter of Mr. and Mrs. Roy E. Schlemmer. She was active in speech work, dramatics and was graduated from Monmouth Tuesday.

At Bowling Green

Students received 571 degrees at the Bowling Green state university commencement Friday, May 30.

Students from Greece, Guatemala, Hawaii, Palestine, Panama and Thailand were among the candidates for degrees.

Donald Miller, son of Mr. and Mrs. Francis X. Miller, Keeney rd., Roselle, received a bachelor of science in business administration.

At Michigan Tech

Harold Sanborn Jr., of 716 N. Ridge ave., Arlington Heights, will graduate from Michigan college of mining and technology at the commencement exercises June 8.

Michigan Tech will confer 321 bachelors' and advanced degrees in fields of technology at the ceremonies. Veterans of military services account for 42 per cent of the class of 1952.

Sanborn will receive bachelor of science degree in mechanical engineering at Michigan Tech.

At Arkansas

Dorothy Oswald of Seligman, Mo., formerly of Bensenville, was presented by the University of Arkansas department of music in her junior voice recital Tuesday, May 27, in the arts center concert hall. The recital was in partial fulfillment for a degree of bachelor of music.

Miss Oswald opened the program with a group of Italian songs, "Vittoria, mio core" by Carissimi, "Se tu m'ami," Pergolesi, and "Ah, mio core," Handel. A French group consisted of "L'heure Exquise," Hahn; "J'ai Pleure en Reve," Hue, and "Mon Coeur S'ouvre a ta Voix," Saint-Saens.

Four German songs programmed were "Meine Liebe ist grun," "Feldeinsamkeit," "Wie Melodien Zieht es mir," all by Brahms, and "Gebet Der Elizabeth" from Wagner's Tannhauser.

Four songs sung in English completed the program. They were: "The Island" and "In the Silence of Night," both by Rachmaninoff; "By the Brook," Greig, and "The Water Mill," Vaughn-Williams.

Miss Oswald is a graduate of Bensenville community high school.

At Carleton

Miss Joanne Leckband, daughter of Dr. and Mrs. Norbert F. Leckband, 211 N. Belmont, Arlington Heights, will receive her bachelor of arts degree from Carleton college at commencement exercises on Monday, June 9.

Dr. Donald Kirk David, business executive, educator and dean of the Harvard school of business administration, will deliver the commencement address at the 10 a. m. exercises. Graduation exercises will be held on the Carleton Commons behind the Skinner Memorial Chapel.

Miss Leckband, a major in art, is a graduate of Arlington Hts. township high school. She has ranked in the upper 10% of her class, has served as publicity chairman of the Carleton co-op and co-chairman of the Carleton student fund. and is a member of mortar board.

At Coe

Three students from Arlington Heights received awards at the annual sports banquet at Coe college in Cedar Rapids, Ia.

John Peters, son of Mr. and Mrs. Albert C. Peters, 403 N. Belmont ave., was awarded a numeral in golf, Verne Busse, son of Mr. and Mrs. LaVerne F. Busse, 900 N. State rd., a letter in track and Miss Jean Simmons, daughter of Mr. and Mrs. E. W. Simmons, 514 Beverley Lane, an award for cheerleading.

Busse, a sophomore, placed in two events for Coe in the Midwest conference track meet Saturday afternoon on the Coe field. He was a member of a mile relay team which placed third and he was fourth in the 440-yard dash.

During the 1952 season, he took part in eight track meets, placing in every one of them.

At Iowa State

Cadet Richard C. Desgrey of 436 Lincoln lane, Arlington Hts., will attend a six week reserve officers' training camp at Fort Sill, Okla. The camp will begin June 21 and continue through August 1. Cadet Desgrey is a student at Iowa State college, and upon completion of the ROTC training, he will be commissioned a second lieutenant of artillery.

At Western

Cadet Bradford W. Godfrey, son of Mr. and Mrs. C. K. Godfrey, 307 Carlyle place, Arlington Heights, is one of 70 graduates who received diplomas from Western military academy at Alton, Ill., June 2.

Godfrey has had an excellent all-round record. He is a second lieutenant in the corps of cadets and belonged to the military "honor guard." Godfrey has been the outstanding golfer on the varsity team for three years. This year he is team captain. He recently won medalist honors at the state district tournament at Jacksonville and went on to play in the state tournament at Champaign.

Godfrey has also won letters in junior varsity and "B" basketball.

At DeKalb

Ten men have been initiated into Cavaliers, honorary senior men's fraternity at Northern Illinois state teachers' college. Members are chosen for scholarship, service and leadership. Initiates include Charles V. Fischer, Rt. 1, Mt. Prospect, a graduate of Arlington Heights high school.

In the future

"Just add water" and you, too, can be a farmer. The famous phrase can now be applied to a window-sill garden which contains a scientific material with the needed nutrients and seeds already implanted. Simply add water and you'll soon have your own home-grown parsley for garnishing . . . Two longer-lasting sanders are available. One has a vacuum which picks up 85 per cent of the dust, thus keeping the sanding material from clogging. The other is a sanding material made of mesh fabric which permits easy washing to remove waste material after clogging . . . Due shortly is a combination disc and tape recorder which is said to be similar to professional devices of this type—but less expensive . . . The maker of a tiny fire extinguisher which can fit into a lady's pocketbook says it will smother the hottest fire.

Bits o' business

Over-all employment was 248,000 higher at mid-April than at the same time last year but factory employment was 410,000 lower . . . Movie attendances so far this year are running six per cent below last year . . . April retail store sales were $12.6 billion compared with $12.1 billion in March and $11.9 billion in April, 1951. After adjustment for seasonal factors April sales were up two per cent over March and three per cent over the same month a year previous . . . The American Telephone and Telegraph Company plans the biggest corporate financing in history. On June 16 stockholders will be offered about half a million dollars in convertible debentures.

National sales up

National tea company announces consolidated sales for the four weeks ended May 17, amounted to $30,436,324 as compared with $27,680,196 for the corresponding four weeks last year, an increase of 9.95%.

Sales for twenty weeks ending May 17 were $139,729,822 as compared with $139,967,906 for the corresponding period last year, a decrease of .17%.

Court upholds upping of Park Ridge phone rates

Circuit judge Elmer J. Schnackenberg sustained an Illinois Commerce commission order of Oct. 10, 1951, which granted an increase in monthly telephone rates of $56,890 yearly to Middle States Telephone Co., who serve Park Ridge and Des Plaines.

Visual Aid to Education

Recently, a couple of unaccomplished equine hurdlers were shown a newsreel of the Grand National steeplechase, a race held annually at Aintree, England. The idea, stated their owner-trainer, was to give the plugs the idea. Maybe they could pick up a few pointers. Inasmuch as one horse is eleven, and one eight years old, and both have been steeplechasing for years, it must be assumed that if they had not already mastered the art of jumping barriers at top speed, it is doubtful if the film taught them much. Must have been nice to see the other end of a horse, though.

Nevertheless, this visual aid to education for horses could well start a disturbing trend with no foreseeable ending. A new field for the home movie fan with a pet. At each field competition, rodeos, horse shows, circuses, the home movie enthusiast would be grinding away with the object in mind of a home movie training film for his pet dingo, zebra, what have you. Or he might buy the home movie version of some of those early Hollywood animal thrillers.

"Now, lissen, Rover," the pet owner says grimly, "that there is Rin Tin Tin. Now watch 'im rescue that blonde from the railroad tracks. SEE? That's the way to do it, Rover! Get that, boy? Here, I'll run that over."

Rover yawns, scratches and tries to slink from the room. "Hey!" yelps his master. "You lazy meat - grinding factory. Come back here!" And Rover sits through another session. It's a dog's life.

But how about some Missouri farmer with a spare mule on his hands. Suppose that mule was shown some of those Francis, The Talking Mule pictures? Maybe our mule would learn to talk. Imagine a real live talking mule. I shudder to think what could happen. He might even run for congress. But on second thought, why worry? Who could tell the difference?

CHRISTIAN SCIENCE CHURCHES

Believing man to be a creator, our expectancy is of fear, want and grief. Recognizing God as the perfect Creator we anticipate and receive health, harmony and supply. How to bring this into our experience will be explained in the Lesson-Sermon entitled GOD THE ONLY CAUSE AND CREATOR which will be read in all Churches of Christ, Scientist, on Sunday, June 8.

The Golden Text is from Malachi (2: 10) "Have we not all one father? hath not one God created us?"

Lesson-Sermon passages from the Bible (King James Version) include the following:

"I am the Lord, and there is none else, there is no God beside me . . . I have made the earth and created man upon it: I even my hands, have stretched out the heavens, and all their host have I commanded . . . And call no man your father upon the earth: for one is your Father, which is in heaven" (Isa. 45: 5, 12; Matt. 23: 9).

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include:

"Cause does not exist in matter, in mortal mind, or in physical forms. Mortals are egotists. They believe themselves to be independent workers, personal authors, and even privileged originators of something which Deity would not or could not create. The creations of mortal mind are material. Immortal spiritual man alone represents the truth of creation" (pp. 262, 263).

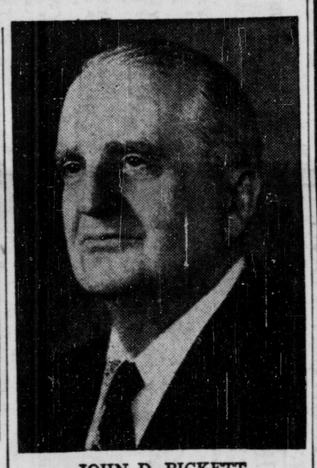
Daily vacation Bible school for boys and girls from 3 to 14 years, June 9 to 20, 9:30 to 11:30 a. m.

Rabbits chose crowded school grounds to nest

A rabbit's nest was found on the lawn in front of the Crystal Lake grade and junior high school building, this in spite of the busy activities there occasioned by almost 1000 children. The lawn was being mowed when the mower was stopped to pick up what appeared to be an obstruction of dead grass and stones. Closer scrutiny revealed there was a nest of about 10 bunnies. Few of the children noticed this unusual nesting place and ere long the bunnies were large enough to take off.

Two Chicagoans named lecturers

GEORGE NAY

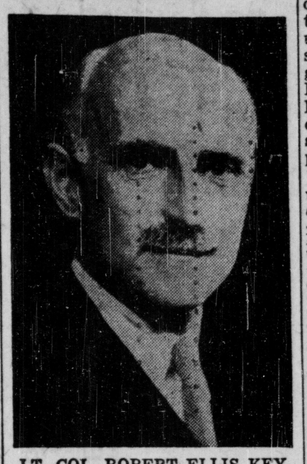


JOHN D. PICKETT

Two Chicagoans—George Nay and John D. Pickett — were named Christian Science lecturers at the annual meeting of the Mother Church, The First Church of Christ, Scientist, in Boston.

The appointments will take them to points throughout the United States and other countries. Both men have been engaged in the practice of Christian Science healing in Chicago.

Lt. Col. R. E. Key new prexy of Mother Church, Christian Scientist



LT. COL. ROBERT ELLIS KEY

Spiritual understanding alone can pierce today's corruption in government and world confusion and lead mankind to lasting safety and security, the Christian Science board of directors said.

About 7,500 Christian Scientists from throughout the world heard the directors' special message at the annual meeting in Boston, Mass.

Named president of The Mother Church for the coming year was Lt. Col. Robert Ellis Key of London, England, associate editor of the Christian Science religious periodicals. He has been active in the religion for more than 40 years, including service as practitioner, lecturer and authorized teacher.

George Channing, manager of Christian Science committees on publication, reported increasing official state and local recognition of the right of the individual to exemption from compulsory physical examinations in good faith on religious grounds. He said fluoridation of the public water supply is being opposed on the grounds that it represents state medicine, and there are prospects of success.

Relief totalling some $200,000 was voluntarily contributed by Christian Scientists to aid sufferers in the Kansas-Missouri flood.

Weekly recipe

Strawberries are more than welcome in our house, and I think most families enjoy them. Now that they are plentiful, I would like to suggest a new way of serving them — Strawberry Fritters. Here is the recipe, so go right ahead.

Strawberry Fritters

2 cups ripe, red berries
1 cup all purpose flour
1 tsp. double acting baking powder
¼ tsp. salt
3 tbspns. sugar
2 eggs
½ cup milk
Powdered sugar

Method—Make a batter of all ingredients except berries. Fold in berries. Drop by spoonfuls into hot, deep vegetable fat. Turn once. Drain. Sprinkle with powdered sugar and serve.

Christian Science Lecture June 8 at Palatine high school

Herschel P. Nunn of Portland, Ore., a member of The Christian Science Board of Lectureship, will speak Sunday afternoon, June 8, at 3:30 o'clock in Palatine high school auditorium, 150 Wood st., Palatine, on the practical use of Christianity in daily life.

One of 27 Christian Science lecturers who travel throughout this country and many other countries of the world, Mr. Nunn is being brought here by First Church of Christ, Scientist, Barrington. The public is admitted without charge to the lecture.

Mr. Nunn became interested in Christian Science in 1908 while he was attending college. Following a period of duty with the U. S. army overseas during World War I, he devoted his full time to the practice of Christian Science healing.

He is expected to discuss the application of the truths of Christianity to various kinds of difficulties. His lecture is titled: "Chirstian Science: The Letter and the Spirit of Its Healing Message."

Published Weekly For Your Entertainment By Max Rhodes

Visual Aid to Education

Recently, a couple of unaccomplished equine hurdlers were shown a newsreel of the Grand National steeplechase, a race held annually at Aintree, England. The idea, stated their owner-trainer, was to give the plugs the idea. Maybe they could pick up a few pointers. Inasmuch as one horse is eleven, and one eight years old, and both have been steeplechasing for years, it must be assumed that if they had not already mastered the art of jumping barriers at top speed, it is doubtful if the film taught them much. Must have been nice to see the other end of a horse, though.

Nevertheless, this visual aid to education for horses could well start a disturbing trend with no foreseeable ending. A new field for the home movie fan with a pet. At each field competition, rodeos, horse shows, circuses, the home movie enthusiast would be grinding away with the object in mind of a home movie training film for his pet dingo, zebra, what have you. Or he might buy the home movie version of some of those early Hollywood animal thrillers.

"Now, lissen, Rover," the pet owner says grimly, "that there is Rin Tin Tin. Now watch 'im rescue that blonde from the railroad tracks. SEE? That's the way to do it, Rover! Get that, boy? Here, I'll run that over."

Rover yawns, scratches and tries to slink from the room. "Hey!" yelps his master. "You lazy meat - grinding factory. Come back here!" And Rover sits through another session. It's a dog's life.

But how about some Missouri farmer with a spare mule on his hands. Suppose that mule was shown some of those Francis, The Talking Mule pictures? Maybe our mule would learn to talk. Imagine a real live talking mule. I shudder to think what could happen. He might even run for congress. But on second thought, why worry? Who could tell the difference?

CHRISTIAN SCIENCE CHURCHES

Believing man to be a creator, our expectancy is of fear, want and grief. Recognizing God as the perfect Creator we anticipate and receive health, harmony and supply. How to bring this into our experience will be explained in the Lesson-Sermon entitled GOD THE ONLY CAUSE AND CREATOR which will be read in all Churches of Christ, Scientist, on Sunday, June 8.

The Golden Text is from Malachi (2: 10) "Have we not all one father? hath not one God created us?"

Lesson-Sermon passages from the Bible (King James Version) include the following:

"I am the Lord, and there is none else, there is no God beside me . . . I have made the earth and created man upon it: I even my hands, have stretched out the heavens, and all their host have I commanded . . . And call no man your father upon the earth: for one is your Father, which is in heaven" (Isa. 45: 5, 12; Matt. 23: 9).

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include:

"Cause does not exist in matter, in mortal mind, or in physical forms. Mortals are egotists. They believe themselves to be independent workers, personal authors, and even privileged originators of something which Deity would not or could not create. The creations of mortal mind are material. Immortal spiritual man alone represents the truth of creation" (pp. 262, 263).

SHOPPING *with* SHARON

To celebrate their second anniversary June 9 through June 14 the Squire Shop on Northwest hwy. in Palatine is offering free gifts every day. A birthday party June 10 will highlight the occasion and will feature special surprise gifts and refreshments.

The store will be open every night until 9 p. m. during this week, and special prizes will prevail for the anniversary week.

Mr. Monroe was also telling me about the extra special gifts he has for Father's day, so stop in next week and accomplish two things at once. The new ladies' department in this progressive store will also have its grand opening during this week.

• • •

Have you forgotten or just put off getting a few graduation gifts? Flaherty Jewelers have the answer for last minute graduation gifts. You will find gifts in all price ranges . . . Elgin watches. 17 jeweled with the durapower mainspring, from $33.75 . . . Trifari and other summer jewelry, the Trifari pearls in the shell box are especially graduation minded . . . rings from $12.50 . . . compacts . . . billfolds . . . pen and pencil sets . . . manicure sets and many others. If you're having trouble deciding they will be more than glad to help you. If she's started her silver, you can always add to it . . . International, Wallace, Heirloom and Albin are all available at Flaherty's.

Father's day is just around the corner. You know, I always thought fathers were so hard to buy gifts for, but the minute I entered Flaherty's and saw their men's display I was wondering not what to get but which gift to finally select. For the man who has everything, they have man-styled jewelry boxes. The newest thing in men's jewelry is the initialed Neo-Gram jewelry by Swank . . . the smart cuff links and tie clasps feature his initials on a black onyx background. You could also get him a lighter, a combination cigarette case and lighter, or an electric razor. These are just suggestions . . . stop in today and select your gifts.

• • •

There might be shop lifting going on in Arlington Heights, but the honesty of the majority of local residents was proved last week when a little boy came into Arlington Cake Box with $1 to make a purchase. He was accidently given change for $5 . . . his mother promptly called to inform the store of their mistake and then returned the money.

But now to get away from human interest items and on to more tasty subjects . . . don't forget that the Cake Box makes extra special graduation cakes decorated with diplomas, etc., to make his or her graduation just a little bit more memorable. While you're in, don't forget to take home a pie. Especially delicious is their Dutch apple pie with the butter streussel top, or blueberry pie.

• • •

Have you noticed that ever so often you spot a moth flying around? Guess their season is just about here, but you don't have to worry about them getting into your clothes closet any more . . . Webber Paint Co. banished all your worries when they got a supply of Cedar Kote spray and Cedacote.

Cedar Kote spray at only $1.95 makes your closet mothproof. Just spray it on and it affords complete protection for suits, coats, dresses and other woolen garments for one year. It's a scientific achievement that combines efficient moth-proofing agents with clean, pure, fragrant cedar essence . . . suspends both in an almost invisible transparent plastic film. It won't harm furniture or walls and can be wiped clean with a damp cloth . . . dries in about 2 minutes.

Cedacote, which covers 40 square feet and is $6.85, costs only about 1/5 of natural cedar wood paneling. To turn your closet into a permanent cedar closet, just brush Cedacote, let it dry overnight to a cedar tone finish and then if you like, paint it in the color of your choice. It's guaranteed in both application and performance.

CIRCLING THE TOWN

BY PHYLLIS KNIGHT

This week sees commencement time for the largest group of graduates in Arlington Heights' history, for 235 high school boys and girls will receive diplomas Monday night and 193 grade school children are being graduated this week.

The Junior high bade farewell to the class of '52 at the first of the ceremonies last night, Wednesday, at the new gym of the high school. A student-led program was presented to an audience made up for the first time of any one interested in attending. The capacity of the large gym at the high school makes graduation more of a community event, where previously it had to be limited to parents and closest friends of the boys and girls.

Last week the kindergarten class of St. Peter Lutheran school proudly received their diplomas, and the eighth graders will graduate tomorrow, Friday. Both ceremonies take place in South school gym.

St. James Catholic school still has a week to run, and the graduates will be honored June 15.

Baccalaureate services Sunday night will precede by one day the graduation exercises at Arlington high. Sunday's principal talk will be given by Rev. L. V. Stephan of St. Peter church with Rev. F. L. Gehrs of St. John church, Elk Grove, giving the invocation and benediction. At Monday's commencement Rev. Richard Resemeyer of St. James Catholic church will give the invocation, there will be music by the students, and several members of the class will speak.

With all the pomp and ceremony of official graduation, the young people are also having their share of fun. Various classes are holding parties, picnics, outings, and so forth, with "something for every one" pretty much the theme. However, June is traditionally for the graduates. a time for them and their friends to remember for the rest of their lives.

Saturday date

Lots of the newer residents of Arlington Heights will be heading for Itasca Country club Saturday night for the third spring dance of the Newcomer's club. While the dance is open to every one who enjoys a good time—and many long-time residents attend—it is primarily a function of the club, and one of its most looked-forward-to events of the year.

Informality and friendliness are the keynote of the evening. George Dorman and his orchestra will provide the music, beginning at 9 p.m.

Heigh-ho

Delores Eiler's School of Dancing, noted for its spring recital which is always an intriguing extravaganza, will this year turn her talents and those of her students to "Snow White and the Seven Dwarfs." It will be given next week Thursday and Friday at the high schol.

The popular songs from the movie will appear, and all her students, from the tiny tots just beginning to the highly skilled nearly professional older ones will appear. Costuming and scenery will be in keeping with the story and, of course, highly appropriate.

The program is open to the general public with a small admission being charged. It will be given in the high school auditorium.

Transition time

To help ease the transition from school time to vacation time and to teach boys and girls to "live as children of God," Faith Lutheran church will offer to youth of the community its daily vacation Bible school during the next two weeks.

The school is open to all boys and girls of Arlington Heights between the ages of 4 and 14. Registration of the nearly 200 expected—the school enrolled 160 last year—will take place Friday afternoon from 2 to 4 p.m. and Monday morning. Mrs. Ada Koch is registrar, and a fee of 50 cents per child will be charged. School will run from 9 to 11:30 a.m. five days each week.

Department superintendents are Mrs. E. H. Behrens, senior; Mrs. John Manz, jnnior; Mrs. Wilma Kaiser, primary, and Mrs. Lois Michaels, beginners. Garwood Leckband and Paul Gustafson will be in charge of recreation with extensive work in crafts guided by Mrs. Jack Weise, Mrs. Bernice Leth and Mrs. A. Junkunc.

The children will show off what they have learned at a program for their parents and friends June 22 at 7:30 p.m.

NEW NEIGHBORS .... IN THE CITY OF GOOD NEIGHBORS

Mr. and Mrs. Clifford Warfuel
734 S. Mitchell ave.

Because they found a home that suited their needs, and because they liked the town, shopping district, and the good transportation to Chicago, Mr. and Mrs. Clifford Warfuel moved to Arlington Heights from Chicago February 16.

The Warfuels live in a Georgian-type home and Mr. Warfuel is manager of the spring steel department of the Korhumel Steel Co. in Evanston. They have a daughter, Gail, 4 years old.

Both Warfuels enjoy sports, and Mrs. Warfuel enjoys sewing. They have a dog, Tippy.

Mr. and Mrs. Richard Corn
826 N. Kennicott

Mr. and Mrs. Richard Corn and their children, Richard, 7, Margaret, 6, and Patricia, 3, moved into their ranch home in Arlington Heights February 20.

Mr. Corn is in the Navy and is stationed at Glenview. His hobby is home movies and photography.

An Englishwoman, Mrs. Corn was born and raised in Jamaica, West Indies. She met her husband when he was stationed there, and they were married later in the Panama Canal Zone. Mrs. Corn is a member of the PTA.

Two of their children, Richard and Margaret, are in first grade at North school.

Mr. and Mrs. A. Klaslo
926 N. Illinois

The desire to own a home of their own and move out of Chicago prompted Mr. and Mrs. A. Klaslo to move to Arlington Heights. They moved into their ranch-type home March 1.

They have a son, Richard, who is 8 years old and in second grade at St. James school.

Mr. Klaslo is employed as a salesman with the Burhop Paper Co. in Chicago. Both Klaslos enjoy gardening and Mrs. Klaslo likes to sew, while Mr. Klaslo enjoys working with wood.

Mrs. Klaslo is a member of St. James Mothers' club.

Mr. and Mrs. Walter Hogan
922 N. Illinois

Mr. and Mrs. Walter Hogan moved to Arlington Heights from Chicago so that their children would have a place to run and play outdoors.

They moved into their ranch-type home March 1. The Hogans have three children, Kathleen, 3, Mary Ellen, 2, and Richard, 1.

Mrs. Hogan attended Mary Manse college in Toledo, O., and Mr. Hogan was graduated from Purdue university. He is employed as an electronics engineer with the Signal Corp Supply Agency in Chicago.

Mr. and Mrs. George Cole
909 N. Douglas

When Mr. Cole was transferred to Chicago from Pittsburgh, Pa., he drove around Chicago until he found a home he liked. The Coles moved into their ranch home March 1.

They have two children. George Jr. is 10 years old and is in fourth grade at St. James school, and Victoria, who is 6, attends kindergarten at North school.

Mr. Hogan is employed as a civil engineer with Blair-Knox Construction Co. He enjoys woodworking and finishing furniture. Mrs. Cole likes to garden and play bridge. She is a member of St. James Mothers' club.

SHOPPING *with* SHARON

To celebrate their second anniversary June 9 through June 14 the Squire Shop on Northwest hwy. in Palatine is offering free gifts every day. A birthday party June 10 will highlight the occasion and will feature special surprise gifts and refreshments.

The store will be open every night until 9 p. m. during this week, and special prizes will prevail for the anniversary week.

Mr. Monroe was also telling me about the extra special gifts he has for Father's day, so stop in next week and accomplish two things at once. The new ladies' department in this progressive store will also have its grand opening during this week.

• • •

Have you forgotten or just put off getting a few graduation gifts? Flaherty Jewelers have the answer for last minute graduation gifts. You will find gifts in all price ranges . . . Elgin watches. 17 jeweled with the durapower mainspring, from $33.75 . . . Trifari and other summer jewelry, the Trifari pearls in the shell box are especially graduation minded . . . rings from $12.50 . . . compacts . . . billfolds . . . pen and pencil sets . . . manicure sets and many others. If you're having trouble deciding they will be more than glad to help you. If she's started her silver, you can always add to it . . . International, Wallace, Heirloom and Albin are all available at Flaherty's.

Father's day is just around the corner. You know, I always thought fathers were so hard to buy gifts for, but the minute I entered Flaherty's and saw their men's display I was wondering not what to get but which gift to finally select. For the man who has everything, they have man-styled jewelry boxes. The newest thing in men's jewelry is the initialed Neo-Gram jewelry by Swank . . . the smart cuff links and tie clasps feature his initials on a black onyx background. You could also get him a lighter, a combination cigarette case and lighter, or an electric razor. These are just suggestions . . . stop in today and select your gifts.

• • •

There might be shop lifting going on in Arlington Heights, but the honesty of the majority of local residents was proved last week when a little boy came into Arlington Cake Box with $1 to make a purchase. He was accidently given change for $5 . . . his mother promptly called to inform the store of their mistake and then returned the money.

But now to get away from human interest items and on to more tasty subjects . . . don't forget that the Cake Box makes extra special graduation cakes decorated with diplomas, etc., to make his or her graduation just a little bit more memorable. While you're in, don't forget to take home a pie. Especially delicious is their Dutch apple pie with the butter streussel top, or blueberry pie.

• • •

Have you noticed that ever so often you spot a moth flying around? Guess their season is just about here, but you don't have to worry about them getting into your clothes closet any more . . . Webber Paint Co. banished all your worries when they got a supply of Cedar Kote spray and Cedacote.

Cedar Kote spray at only $1.95 makes your closet mothproof. Just spray it on and it affords complete protection for suits, coats, dresses and other woolen garments for one year. It's a scientific achievement that combines efficient moth-proofing agents with clean, pure, fragrant cedar essence . . . suspends both in an almost invisible transparent plastic film. It won't harm furniture or walls and can be wiped clean with a damp cloth . . . dries in about 2 minutes.

Cedacote, which covers 40 square feet and is $6.85, costs only about 1/5 of natural cedar wood paneling. To turn your closet into a permanent cedar closet, just brush Cedacote, let it dry overnight to a cedar tone finish and then if you like, paint it in the color of your choice. It's guaranteed in both application and performance.

In Wisconsin

Cpl. Robert Lamping, son of Mr. and Mrs. Joseph Lamping, is now serving company C, 115th engineer combat battalion as combat construction specialist. He is stationed at Camp McCoy, Wis. The Lampings live at 227 Williams ave., Palatine, located in Arlington Crest subdivision.

At Illinois

Three hundred twenty-one University of Illinois seniors who have completed advanced work in the Reserve Officers' Training Corps will receive commissions in army, navy and air force at ceremonies Sunday, June 15.

Ceremonies will be held at noon in the university auditorium. Oaths will be administered by the commanding officers of the three ROTC units at the university.

Included are:

Arlington Heights
Marvin W. Berschet, Box 191 Golf rd., Air Force, 2nd Lt.
Paul E. Ransdell, 1010 North Chicago, Navy, Ensign.

Roselle
Wylbur N. Cazel, Circle Drive, Army, 2nd Lt.

At Knox

David Allan Kurtz, son of Mr. and Mrs. Oscar C. Kurtz of 909 N. Mitchell st., Arlington Hts., was awarded the $50 Clark Mills Carr prize in mathematics, given by Knox college since 1901 to an outstanding student in a competitive examination.

Kurtz is a sophomore. His brother, Tom, won the Carr prize in 1948 while he, too, was a sophomore.

Kurtz has been an honor student the past two years, is vice-president of the Knox independent student organization, and has served as manager of the college basketball and track teams.

At Western State

Gene Lesch, son of Mr. and Mrs. Ray Lesch of Wheeling, and a junior at Western State college at Macomb, Ill., won the men's intramural golf championship of Western State last week when he defeated Bill Boyer, senior, from Beardstown, by a 6 up margin.

This was the first year that an intramural tournament was held at Western, and it met with wide approval, for more than 40 students participated in the match play event. The tournament was started May 7, with two matches played each week until the winner was decided.

Lesch was awarded medals and certificates for his accomplishment.

Victor Lesch, his brother, has been very active in sports and has received honorable mention at numerous occasions in the sports field at the same college.

At Dartmouth

John H. Fellingham from Arlington Heights is among 570 seniors at Dartmouth college expected to receive bachelor of arts degrees at Dartmouth's 183rd commencement exercises Sunday, June 8.

Sir Oliver S. Franks, British ambassador to the United States, is scheduled to deliver the principal commencement address, while President John Sloan Dickey of Dartmouth will confer the degrees. Some 2,000 people, including seniors, their parents, alumni and guests will attend the combined baccalaureate and commencement program which will be held outdoors in the college Bema on Sunday morning.

Fellingham's activities include major-history. Kappa Sigma; Casque and Gauntlet; undergraduate council; Green Key; baseball, manager (D).

At DeKalb

Northern Illinois state teachers college, DeKalb, held its 53rd annual commencement exercises Sunday afternoon, June 1, on the campus island. For the first time in the history of the school, the degree of master of science in Education was granted.

Fourteen students received this advanced degree, while 294 seniors were awarded the degree of bachelor of science in Education.

Among local graduates who received degrees of bachelor of science in education is Donald Dewey of Arlington Heights, pictured above. His activities during his college years included music education club, Phi Mu Alpha, mixed chorus, melody club, dance band, orchestra and band.

Others include Walter Beckman of Arlington Heights, major in physical education; Marilyn C. Beyers of Bensenville, major in music; Geraldine M. Polivka of Bensenville, major in later elementary.

Campus Capers

At Coe

Miss Gloria Rasch, daughter of William Rasch, rural Palatine, will be awarded a degree in chemistry at the centennial commecement Monday, June 9, at Coe college, Cedar Rapids, Ia.

At DePaul

The Most Rev. William E. Cousins, D.D., bishop-elect of Peoria, the Very Rev. Msgr. Kenneth G. Stack, vice-president of Extension magazine, and Joseph B. Murray, chairman of the board, Murray manufacturing company, New York City, will receive honorary degrees at DePaul University's fifty-fourth annual commencement Wednesday, June 11, at 2 p. m. in the civic opera house.

Bishop Cousins will deliver the commencement address before approximately 722 graduates.

Mary Lou McAthie, Arlington Heights, is a candidate for the degree of bachelor of science in nursing education.

At Stephens

Miss Bonita Belle Cazel of Roselle received an associate in art degree from Stephens college for women at Columbia, Mo., commencement exercises Tuesday morning. Miss Cazel is the daughter of Mr. and Mrs. W. C. Cazel, Circle drive in Roselle.

Way Back When

"Our Aim: To Fear God, Tell The Truth, and Make Money." — H. C. Paddock, 1898-1935

Happenings 10, 20, 30, 40 and 50 years ago this week

Ninety-six years ago

Extracts from a book customarily presented to brides 100 years ago. It is being loaned to this paper by Mrs. Gladys Steinbrinck of Palatine, granddaughter of the original recipient.

MARRIAGE

Powers, the sculptor, writing to a friend of what people call the folly of marrying without the means to support a family, expresses frankly his own fears when he found himself in this very position; but he adds, with characteristic candor, "To tell the truth, however, family and poverty have done more to support me than I have to support them. They have compelled me to make exertions that I hardly thought myself capable of; and often, when on the eve of despairing, they have forced me, like a coward in a corner, to fight like a hero, not for myself, but for my wife and little ones. I have now as much work to do as I can execute, unless I can find some more assistance in the marble, and I have a prospect of further commissions."

The truth, as expressed above by the gifted sculptor, is like a similar remark we heard, not long since, by a gentleman of Boston, who tried matrimony in the same way, and found afterwards that the loose fund, and the loose change in his pocket, which he had before squandered in "foolish notions" (young men's whims, as he called them), was enough to support a prudent wife, who, by well-regulated economy, had proved a fortune in herself, and had saved a snug sum of money for her once careless husband. A wife to direct a man towards a proper ambition and to a general economy, he said, was like timely succor at sea, to save him from destruction on a perilous voyage.

A SWEET TEMPER

If there is anything a woman needs to assist her in buffeting the ills of life, it is a true Christian patience. The lady at the head of a family, no matter how placidly everything may pass along, will far oftener have occasion for the exercise of a sweet temper, which a Christian patience alone can create, than she will for her French or her music.

I would not, by any means, undervalue female accomplishments; but never let them be cultivated or used to the detriment of the virtues and affections of the heart, the graces of the spirit, and the adorning of the mind, which are the substantial accomplishments of the female character.

(Next week: The wife's duty to her husband and his obligations to his helpmate.)

Sixty years ago

KISSING A REAL ART 60 YEARS AGO

Sixty years ago, according to the diary of a Palatine young lady that recently came into possession of Paddock Publications, the young people of those days knew how to get the greatest amount of enjoyment out of the pressure of lips. Here is the way the grandparents of today did it when they were young.

"If there are degrees in kissing, there is also an art in the kiss. It is not every one that can kiss properly. The kiss is born, not made. He may achieve greatness in his particular line, but it must be done according to artistic rules. There are some who could not kiss if they were to spend their whole lives in attempting to master the art. Grant it that most women like to kiss and be kissed. It is a part of their nature, just as it is the nature of birds to sing and owls to blink. And if they cannot kiss a bewhiskered face, they are satisfied with a smooth one. And if the smooth one is the face of one of their own kind, the kiss counts just the same.

"But they certainly do object to being kissed brutally. By this I mean indelicately, forcibly, burglariously, furiously, muscularly. No woman wants to be pounced upon for a kiss as a falcon seizes upon its victim or a cat pounces upon an unfortunate mouse. A kiss to be enjoyable must be artistic. There should be the premonitory warning, the careful and delightful preparation. What a world of exquisite emotion there is in this!

"The arm gently encircling the waist and pressing the quivering form with a tender and deep-seated meaning. Then comes the next stage, the placing of the finger tips on the rounded cheek and its succeeding slight elevation. With this the lips of the fair one automatically pucker and the eyes close as if in the intoxication of the delirium that is so near. Then the realization. Heaven preserve us.

"The application of the four lips in a gentle, desperate, fully-realizing - the - importance - of - the - situation and soul - stirring style, comes the climax, the real soul of the kiss, its inner consciousness, its very living essence. This cannot be described because it varies with the individual. With some there comes at the instant a long-drawn-out, symmetrical, and suggestive sound, something like the drawing of a bow over the mute string of a violin.

With others there is the gurgling sound, which carries the impression that the pair are in the last stages of poignant frenzy. Last and best of all the game is the very choicest kind of a kiss—the kiss accompanied by the velvety, adhesive sound, that plainly says: 'Now we have got what we want and would like to stay here forever.' Goodness gracious! It sets one all over in a titilation, or a tintinabulation, as you please, just to think of it!

"A kiss, to be thoroughly appreciated and enjoyed, should cause every nerve center in the physical organism to dance riotously in a series of transports. Such kisses go to the very root of one's being. They are never forgotten. Even in the throes of final dissolution I imagine that the memories of the sweet kisses of a lifetime steal over one like the recollection of something that is too lovely to be perishable, but which, like all else in this world, must be sacrificed to the inevitable. A kiss that is conceived in pure fancy and executed with proper refinement and intelligence. accompanied by the necessary sentiment, ought to live forever."

(Editor's note:—This department will be pleased to receive comments from any young miss who tries out the 1892 method outlined above. She need not sign her name.)

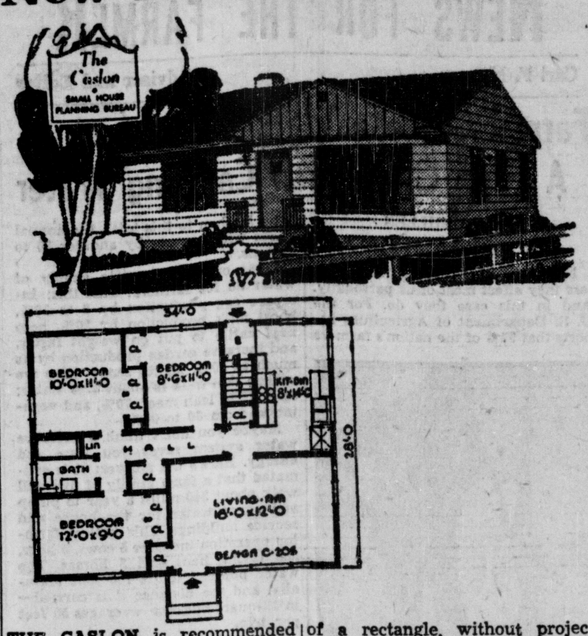
The Hagerstrom Metalcraft studio is now operating at their new location at Wheeling.

New Ideas In Homes



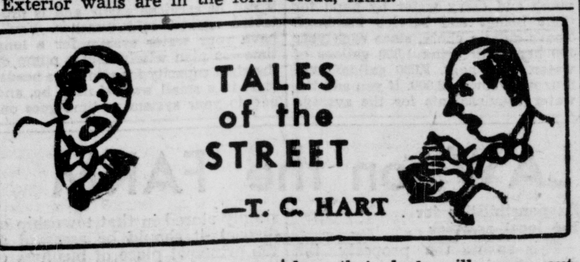
THE CASLON is recommended for a maximum livable floor space in a small area and for economy in construction. There is a full basement and the first foor consists of three bedrooms, bath, living room and combination kitchen-dinette.

An abundance of closet space answers the storage problem with wardrobes in the bedrooms, linen and general closet in the bedroom hall and closets in the living room and kitchen.

Exterior walls are in the form of a rectangle, without projections, and finished with wide siding and vertical siding in the front gable. Other features include picture window, galley type kitchen with cupboards on opposite walls, privacy for all rooms, wrought iron railings and asphalt shingles.

Dimensions are 34 feet by 28. Area is 952 square feet while the cubage totals 18,564.

For further information about THE CALSON, write the Small House Planning Bureau, St. Cloud, Minn.



● **LUCKY—MAYBE**

Maybe Palatine is lucky after all, in the matter of several things connected with that $300,000 sewer plant. With that lift station not doing much lifting, it's a lucky thing that all of Palanois Park homes are not connected directly with the sewer but are still going through the old septic tanks and thus getting some measure of treatment.

If all the homes in Palanois Park had direct sewer connections, conditions in the area would be intolerable, according to the opinion of some experts who usually know what they are talking about. Then again that muskrat pond at the railroad and rte. 53 which we have frequently mentioned which drains into the sewer, may, under existing conditions, be a blessing in disguise.

At least when that lift station hasn't been working, which seems to have been most of the time, the flood waters from that swamp have helped to dilute the sewage which has been dumped untreated into the east branch of Salt Creek.

So maybe a couple of not so ideal conditions have after all, under the existing conditions, been a blessing in disguise. But all that doesn't excuse that supposedly modern and up to date sewage plant from working the way it should.

● **STILL THEY PASS**

And still those speeding trains pass each other at terrific speed within the staton area in Palatine. The chief offender now, as always, is that northbound flyer which roars through town in the morning and pays no particle of attention as to whether there is another train anywhere in sight or not.

That passing in town has been repeated time after time by this train. So far the C.&N.W. R.R. has been lucky. One of these days their luck will run out. People will be killed and it will be pure unadulterated murder on the part of the railroad.

● **KID ANTICS**

A farmer had his milk cans shot full of holes by a group of pranksters, another has a new mail box stolen and a neighbor finds it crushed along the roadside the next day.

A farmer working in his field sees some youngsters around the barn, then suddenly they are gone. He goes back to the barn to investigate. No one in sight, but his dog is looking up at the hay mow and wagging his tail. What's he got treed up there? wonders the farmer. So he investigates. Hiding behind the hay are some youngsters with a rifle and a box of kitchen matches. "The matches are to light fires with outdoors," they tell him.

The farmer gives the kids a lecture and chases them off the place. It really looks as if the days of the old woodshed and the hickory switch should be revived by some parents in these modern days of letting the youngsters "express themselves."

● **POTATOES**

This crazy potato shortage has got about everyone "up in the air." Think of all the potatoes that were dumped by the government, instead of being allowed to reach the market and then see yourself paying up to 63 cents for five pounds of runty little new potatoes that a grower a few years ago would have left for the hogs, and you get a good idea of what the government price control is doing to the poor consumer.

A great land like this with huge crops of potatoes ordinarily and then all of a sudden you're limited to five pounds per purchase, and the size and quality of that five pounds on the very questionable side.

Is it any wonder that the public is fed up on government controls even if they can't feed up on potatoes?

● **CORRECTION**

Last week we mentioned that Paul Remington of Palanois Park reported that the rabbits were eating his pansy plants. His wife saw that story and turning on friend husband she remarked, "Hm, folks would think that you were the gardener around here. Just what have you planted this year?"

From which we gather that any garden remarks by Paul are merely the superfluous remarks of a bystander and that Mrs. Remington is the real gardener of the family and should be consulted on any subjects pertaining to pansy plants, tomatoes, glads and other gardening matter.

Take notice you other hubbies of the real gardeners and don't go to "experting" where the real boss of the garden is liable to hear about it.

● **NO SHAVE**

In a recent thunderstorm, the electricity in the home of Attorney Charles J. Walters was put out of commission so C. J. showed up the next morning minus the usual morning shave, he being addicted to the use of an electric razor.

Just shows what modern life and modern conveniences will do to a fellow who was born and raised down in southern Illinois and who migrated to the big towns and got far away from the ways of his childhood. We will say for C. J. though that he is loyal to the old home country and is frequently quoting the advantages of life in the back country even though a republican and a democrat can't go fishing together down there without causing something of a sensation.

● **OLD FRIEND**

For several years there has been a robin that would follow us around in the garden every time we started to cultivate or hoe the crops. He would get within a few feet of us and watch for us to turn up worms or bugs.

We would no sooner appear in the garden than there he was waiting for us to help him find food. He has been growing older, thinner and more faded with the years, but each spring he was on the job. This year when we started garden operations, he was missing. We thought that natural enemies or the ravages of time had caught up with him at last. No sign of him for at least three weeks and then all of a sudden one morning, we looked around and there he was about three feet behind us following the cultivator as usual.

He was more faded and thinner than ever, but his actions and mannerisms were the same. Why was he late this spring? Maybe the rigors of travel and the weather held him back on his tour up from the south like they do many people, but he finally got here and is on the job every time we show up in the garden.

We no more than get in the garden that he comes sailing out of a tree or bush close at hand and cocks his head and watches for us to turn up some food. The odl boy is getting along in years as birds go and his brightness of plumage is gone, but he's still got a lot of life left in him yet.

● **FISH? WHERE?**

Roy LaLonde, Doc Macklenberg, "Buckets" Folkerts, Clyde Moffet and some more of the boys recently returned from ten days up at George Kenyon's camp in Canada. They brought back glowing reports of wonderful weather, great fishing where everyone caught fish, even the novices in the gang. In fact, things couldn't have been finer, they were all hepped up about the trip.

Fish? Sure everyone shipped home a lot of fish, wall-eyed pike, northern pike, crappies, all sorts of fish. It all sounded good, and in fact one morning we saw six big boxes from Kenyon's camp on the express truck at the Palatine depot.

The boxes were leaking water, and it really looked like a shipment of fish as the boxes were addressed to various members of the fishing party. But was it really fish, or did the boys just put up one big co-ordinated fish story? With all the big fishing talk, we haven't seen one physical or visual sign of any fish.

Those leaking boxes on the express truck? Ice moss and some other waste material possibly, just packed and shipped to back up all the fish stories. Evidence? Yes, but not concrete—you can't prove a murder without the body of the murdered, and you can't prove a fish story without some real evidence of fish.

One story we can believe and that's the one about George Kenyon catching the biggest fish of the week right off his own boat dock, while these other fishermen were chasing all over the lake with guides trying to land some.

JUST AROUND THE CORNER

from PATTY McARDLE

Dear Peg:

Although we expected Memorial day to be "baby's" birthday, "baby" seems to have other ideas. So, instead of making the anticipated trip to the hospital, Bob, Megan and I went to the park to watch the parade and the Memorial day program. As soon as she heard the band, Megan insisted we were going to the circus (the performers on TV's Super Circus go through their routines to band music!)

It was such a beautiful day we sat outside all afternoon, Megan played in the sand box and Bob and I chatted with friends who dropped over for a visit. The day was spent quietly and pleasantly (even though I would rather have been in the hospital!) and perhaps by the time you receive this letter we will have our new little "addition."

Did you by any chance read the article, "Babies Don't Smother," in the June issue of McCall's? I was especially interested in it because I remembered our friends' admonitions when they came to see the new baby and found her sleeping on her stomach. "Aren't you afraid to let her sleep on her stomach? They say babies can smother in that position," they warned. Fortunately my progressive pediatrician had assured me that Megan could sleep in whatever position she found most comfortable, however, this fact evidently was not common knowledge then.

"FOR YEARS women have been warned about the danger of letting little babies go to sleep lying on their stomachs. For years medical examiners have listed "accidental mechanical suffocation" as a cause of infant death . . . There is now abundant evidence, says Dr. Katherine Bain, Associate Chief U. S. Children's Bureau, that most of these so-called 'smothering' deaths are not due to any external cause but the result of a sudden overwhelming infection with which a young baby is not able to cope. When a careful post-mortem examination is made, including microscopic study, evidence of infection is often found somewhere in the baby's body. Occasionally a congenital defect—for instance of the heart—has been revealed. The sudden death of a seemingly well infant, in short, can rarely be explained by external and accidental causes which with proper precaution and vigilance could have been prevented."

Even more tragic for the family than the death of the infant is the feeling of guilt—an emotion stronger than grief—which the misinformed mother in a case such as this may have. Feeling that the death was due to some form of negligence on her part, she never again can attain peace of mind.

Dr. Jacob Werne, assistant medical examiner, Borough of Queens, New York City, set out more than 20 years ago to absolve these bereaved mothers from their emotional burdens. He performed autopsies and microscopic studies on babies who were known to have actually died by suffocation such as drowning or strangulation and on babies who died in their cribs by what the coroner had hastily listed as "accidental mechanical suffocation." Dr. Werne found a striking difference in the condition of the lungs in the two groups. All those who had died in their cribs showed evidence of acute respiratory infection.

DR. WERNE'S findings have also proved that the position these babies are found in in their cribs, generally assumed to be face down or under the covers, has little or nothing to do with their deaths. "Among 32 cases in 1950 which ordinarily would have been called suffocation only eight babies were found face down or under the covers."

You know, Peg, I wish that every mother who has heard of this "smothering" superstitution could read this article and tell their friends about it. Here is a source of reliable information through which we can dispel another one of the "old wives' tales" we all hear so many of during our child raising careers, and by informing ourselves through articles of this type, can become more capable and intelligent mothers.

My love,
Patty.

THE FENCE POST

Letters to the Fence Post should be short and concise. All letters must be signed, though name will be withheld if desired. Address Fence Post, Paddock Publications, Inc., Arlington Heights, Ill.

Feehanville petition

A great deal of controversy has been brought about by a 1951-52 petition of the home owners of the Northeast area of Mt. Prospect, to detach their area from Dist. 26 and join the progressive Dist. 57.

We are anxious for our children to be properly educated in substantial, cheerful and safe surroundings. We came to this area with open minds, not dreaming a school district would be so self-satisfied with such poor educational and outdoor recreational facilities.

The petition is preventing Feehanville from enlarging the present building. Did the petition prevent the school board from investigating the number of homes to be built by Rand building corporation in their district, making a reasonable estimate of future pupils and then drawing up plans for a modern school? These plans were not begun until the fall of 1951. The homes were begun in 1949.

Did the petition prevent the installation of inside plumbing before 1949?

The petition has never prevented the moving of the school to a safer area. We realize Public Service has installed only the safest equipment, but a perfect mechanism can never be provided by imperfect man.

We are told by representatives of Feehanville, that all district 26 claims it can do, will be done with no increase in taxes. Being handed the world on a silver platter is an interesting theory, but hardly practical.

Feehanville is resting on their laurels, poorly planted, improperly tilled and yet to be harvested.

Petitioner,
Mt. Prospect.

Memorial Day

I enjoyed the Palatine Memorial Day parade last Friday morning. I did not take part in it as in my younger days. Instead, I took different spots along the route so as to be sure of seeing it go by.

The spirit of Palatine was well displayed, the band, the flying flags and all was a very beautiful sight indeed. As I waited at one particular corner for the parade to arrive, it was rather embarrassing to be ordered, "take off your hat."

I do not think you could find a man in Palatine who would object to removing his hat at the proper time in honor of our American flag, the flag so dear to us all.

Who is to know the exact moment for the procedure of removing his hat as the parade approaches.

I am in hopes of seeing the parade again next Memorial Day, but to avoid further embarrassment, my hat will remain at home.

True American.

Itasca 'hobbies'

Now that the "bloodhounds" are on the scent in Itasca's business that violates the zoning law, how about tracking down each and every one? Or will Itasca's publicized names be like those of Arlington Heights recently? Only those names NOT ranking on the social calendar are printed in the papers? The others escape. If this is a cat eat cat and dog eat dog fight, why not get a calendar of everyone and their hobbies—be that a paying one or one just for fun—publish them all, instead of the two or three that were singled out by some high officials or perhaps a begrudging neighbor.

Then give each one a rule of the zoning law, when it took effect, and be governed by same. The real estate men are only too anxious to sell their wares, and then along comes the village board after the "hobbyist" sets up expensive machinery and rules you are violating some sort of law. Personally, I would blame the real estate man who sold the property to said persons for not giving along with the deed of said property a zoning rule, or when such rules are incorporated into a village at a later date, each and every property holder should be informed of such rules by a mailed form.

I have lived in Itasca over 17 years, and have never been informed of what law is what so far as zoning is concerned, other than what is stated on our property deed, the rest you gather by "hearsay." If these laws are so strict and must be adhered to, let's inform our residents of such by personal contact or mail.

The three parties named in the front page article under issue of May 15—two of them have been residents of Itasca for a good many years. They believe in work—as according to modern psychology work is the sublimation for the truest escape from self-pity and self-centeredness — work gives us dignity and this brings about a society where there is food and security and freedom for all. Let's keep Itasca the village of "good neighbors" live and let live and free from domineering.

If said three parties are in violation of the zoning law, how about the music teacher, the tutor, the bookkeeper doing services in his home, the electrician who does laboratory testing in his home, the lady addressing envelopes in her home to earn extra cash, the chicken and egg lady, the crowing cock in the country club area, the dressmaker, are these and many others any different than Mr. Trine or Mr. Price? A few live in the same vicinity of said "guilty" violators.

A Good Neighbor
Itasca

Bouquets

St. Peter Lutheran congregation, Arlington Heights, wishes to express hearty thanks to you for the kind and valued services which you rendered to the church on the occasion of the cornerstone laying service of our new activities building on April 27.

By furnishing publicity and programs gratis for this occasion, you added immeasurably to its beauty. A hearty "Thank You" from all of us.

Can You Tell Me...

Why Paint Turned Black?

Enclosed is a sample of paint taken from my home. The house was painted two years ago with a nationally advertised brand paint and almost immediately started to "turn black." Although we washed the house, large areas of it returned to this black look. Can you tell me what caused this?

The black material on the paint seems to be nothing more than dirt. We were able to remove most of it with plain water. The pieces of paint which you sent us have a bad case of wrinkling and we can readily understand why you can't get the dirt out of the depressions in the paint, using ordinary methods. However, we do believe that it would be a simple matter to get it out by using a scrub brush and plain water. Wrinkling is caused by having too much oil and not enough turpentine in the paint or by not rubbing it out thoroughly when it was applied — usually the latter.

"DUTCH BOY" HOUSE PAINT

The painter's choice! Keeps your house bright and new-looking through all weather . . . *it's specially blended for weather resistance.* In white or the color you want!

May we help solve your decorating problems?

Way Back When

"Our Aim: To Fear God, Tell The Truth, and Make Money." — H. C. Paddock, 1898-1935

Happenings 10, 20, 30, 40 and 50 years ago this week

Ninety-six years ago

Extracts from a book customarily presented to brides 100 years ago. It is being loaned to this paper by Mrs. Gladys Steinbrinck of Palatine, granddaughter of the original recipient.

MARRIAGE

Powers, the sculptor, writing to a friend of what people call the folly of marrying without the means to support a family, expresses frankly his own fears when he found himself in this very position; but he adds, with characteristic candor, "To tell the truth, however, family and poverty have done more to support me than I have to support them. They have compelled me to make exertions that I hardly thought myself capable of; and often, when on the eve of despairing, they have forced me, like a coward in a corner, to fight like a hero, not for myself, but for my wife and little ones. I have now as much work to do as I can execute, unless I can find some more assistance in the marble, and I have a prospect of further commissions."

The truth, as expressed above by the gifted sculptor, is like a similar remark we heard, not long since, by a gentleman of Boston, who tried matrimony in the same way, and found afterwards that the loose fund, and the loose change in his pocket, which he had before squandered in "foolish notions" (young men's whims, as he called them), was enough to support a prudent wife, who, by well-regulated economy, had proved a fortune in herself, and had saved a snug sum of money for her once careless husband. A wife to direct a man towards a proper ambition and to a general economy, he said, was like timely succor at sea, to save him from destruction on a perilous voyage.

A SWEET TEMPER

If there is anything a woman needs to assist her in buffeting the ills of life, it is a true Christian patience. The lady at the head of a family, no matter how placidly everything may pass along, will far oftener have occasion for the exercise of a sweet temper, which a Christian patience alone can create, than she will for her French or her music.

I would not, by any means, undervalue female accomplishments; but never let them be cultivated or used to the detriment of the virtues and affections of the heart, the graces of the spirit, and the adorning of the mind, which are the substantial accomplishments of the female character.

(Next week: The wife's duty to her husband and his obligations to his helpmate.)

Sixty years ago

KISSING A REAL ART
60 YEARS AGO

Sixty years ago, according to the diary of a Palatine young lady that recently came into possession of Paddock Publications, the young people of those days knew how to get the greatest amount of enjoyment out of the pressure of lips. Here is the way the grandparents of today did it when they were young.

"If there are degrees in kissing, there is also an art in the kiss. It is not every one that can kiss properly. The kiss is born, not made. He may achieve greatness in his particular line, but it must be done according to artistic rules. There are some who could not kiss if they were to spend their whole lives in attempting to master the art. Grant it that most women like to kiss and be kissed. It is a part of their nature, just as it is the nature of birds to sing and owls to blink. And if they cannot kiss a bewhiskered face, they are satisfied with a smooth one. And if the smooth one is the face of one of their own kind, the kiss counts just the same.

"But they certainly do object to being kissed brutally. By this I mean indelicately, forcibly, burglariously, furiously, muscularly. No woman wants to be pounced upon for a kiss as a falcon seizes upon its victim or a cat pounces upon an unfortunate mouse. A kiss to be enjoyable must be artistic. There should be the premonitory warning, the careful and delightful preparation. What a world of exquisite emotion there is in this!

"The arm gently encircling the waist and pressing the quivering form with a tender and deep-seated meaning. Then comes the next stage, the placing of the finger tips on the rounded cheek and its succeeding slight elevation. With this the lips of the fair one automatically pucker and the eyes close as if in the intoxication of the delirium that is so near. Then the realization. Heaven preserve us.

"The application of the four lips in a gentle, desperate, fully-realizing - the - importance - of - the - situation and soul - stirring style, comes the climax, the real soul of the kiss, its inner consciousness, its very living essence. This cannot be described because it varies with the individual. With some there comes at the instant a long-drawn-out, symmetrical, and suggestive sound, something like the drawing of a bow over the mute string of a violin.

With others there is the gurgling sound, which carries the impression that the pair are in the last stages of poignant frenzy. Last and best of all the game is the very choicest kind of a kiss—the kiss accompanied by the velvety, adhesive sound, that plainly says: 'Now we have got what we want and would like to stay here forever.' Goodness gracious! It sets one all over in a titilation, or a tintinabulation, as you please, just to think of it!

"A kiss, to be thoroughly appreciated and enjoyed, should cause every nerve center in the physical organism to dance riotously in a series of transports. Such kisses go to the very root of one's being. They are never forgotten. Even in the throes of final dissolution I imagine that the memories of the sweet kisses of a lifetime steal over one like the recollection of something that is too lovely to be perishable, but which, like all else in this world, must be sacrificed to the inevitable. A kiss that is conceived in pure fancy and executed with proper refinement and intelligence, accompanied by the necessary sentiment, ought to live forever."

(Editor's note:—This department will be pleased to receive comments from any young miss who tries out the 1892 method outlined above. She need not sign her name.)

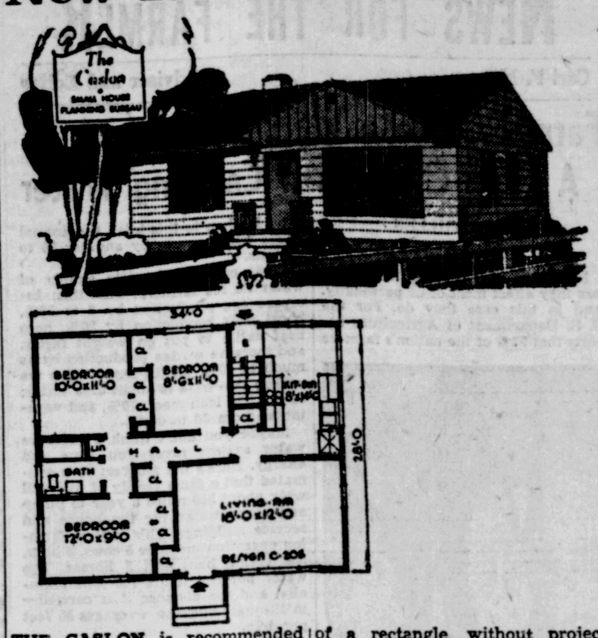
New Ideas In Homes



THE CASLON is recommended for a maximum livable floor space in a small area and for economy in construction. There is a full basement and the first foor consists of three bedrooms, bath, living room and combination kitchen-dinette.

An abundance of closet space answers the storage problem with wardrobes in the bedrooms, linen and general closet in the bedroom hall and closets in the living room and kitchen.

Exterior walls are in the form of a rectangle, without projections, and finished with wide siding and vertical siding in the front gable. Other features include picture window, galley type kitchen with cupboards on opposite walls, privacy for all rooms, wrought iron railings and asphalt shingles.

Dimensions are 34 feet by 28. Area is 952 square feet while the cubage totals 18,564.

For further information about THE CALSON, write the Small House Planning Bureau, St. Cloud, Minn.

TALES of the STREET

—T. C. HART

● LUCKY—MAYBE

Maybe Palatine is lucky after all, in the matter of several things connected with that $300,000 sewer plant. With that lift station not doing much lifting, it's a lucky thing that all of Palanois Park homes are not connected directly with the sewer but are still going through the old septic tanks and thus getting some measure of treatment.

If all the homes in Palanois Park had direct sewer connections, conditions in the area would be intolerable, according to the opinion of some experts who usually know what they are talking about. Then again that muskrat pond at the railroad and rte. 53 which we have frequently mentioned which drains into the sewer, may, under existing conditions, be a blessing in disguise.

At least when that lift station hasn't been working, which seems to have been most of the time, the flood waters from that swamp have helped to dilute the sewage which has been dumped untreated into the east branch of Salt Creek.

So maybe a couple of not so ideal conditions have after all, under the existing conditions, been a blessing in disguise. But all that doesn't excuse that supposedly modern and up to date sewage plant from working the way it should.

● STILL THEY PASS

And still those speeding trains pass each other at terrific speed within the staton area in Palatine. The chief offender now, as always, is that northbound flyer which roars through town in the morning and pays no particle of attention as to whether there is another train anywhere in sight or not.

That passing in town has been repeated time after time by this train. So far the C.&N.W. R.R. has been lucky. One of these days their luck will run out. People will be killed and it will be pure unadulterated murder on the part of the railroad.

● KID ANTICS

A farmer had his milk cans shot full of holes by a group of pranksters, another has a new mail box stolen and a neighbor finds it crushed along the roadside the next day.

A farmer working in his field sees some youngsters around the barn, then suddenly they are gone. He goes back to the barn to investigate. No one in sight, but his dog is looking up at the hay mow and wagging his tail. What's he got treed up there? wonders the farmer. So he investigates. Hiding behind the hay are some youngsters with a rifle and a box of kitchen matches. "The matches are to light fires with outdoors," they tell him.

The farmer gives the kids a lecture and chases them off the place. It really looks as if the days of the old woodshed and the hickory switch should be revived by some parents in these modern days of letting the youngsters "express themselves."

● POTATOES

This crazy potato shortage has got about everyone "up in the air." Think of all the potatoes that were dumped by the government, instead of being allowed to reach the market and then see yourself paying up to 63 cents for five pounds of runty little new potatoes that a grower a few years ago would have left for the hogs, and you get a good idea of what the government price control is doing to the poor consumer.

A great land like this with huge crops of potatoes ordinarily and then all of a sudden you're limited to five pounds per purchase, and the size and quality of that five pounds on the very questionable side.

Is it any wonder that the public is fed up on government controls even if they can't feed up on potatoes?

● CORRECTION

Last week we mentioned that Paul Remington of Palanois Park reported that the rabbits were eating his pansy plants. His wife saw that story and turning on friend husband she remarked, "Hm, folks would think that you were the gardener around here, Just what have you planted this year?"

From which we gather that any garden remarks by Paul are merely the superfluous remarks of a bystander and that Mrs. Remington is the real gardener of the family and should be consulted on any subjects pertaining to pansy plants, tomatoes, glads and other gardening matter.

Take nótice you other hubbies of the real gardeners and don't go to "experting" where the real boss of the garden is liable to hear about it.

● NO SHAVE

In a recent thunderstorm, the electricity in the home of Attorney Charles J. Walters was put out of commission so C. J. showed up the next morning minus the usual morning shave, he being addicted to the use of an electric razor.

Just shows what modern life and modern conveniences will do to a fellow who was born and raised down in southern Illinois and who migrated to the big towns and got far away from the ways of his childhood. We will say for C. J. though that he is loyal to the old home country and is frequently quoting the advantages of life in the back country even though a republican and a democrat can't go fishing together down there without causing something of a sensation.

● OLD FRIEND

For several years there has been a robin that would follow us around in the garden every time we started to cultivate or hoe the crops. He would get within a few feet of us and watch for us to turn up worms or bugs.

We would no sooner appear in the garden than there he was waiting for us to help him find food. He has been growing older, thinner and more faded with the years, but each spring he was on the job. This year when we started garden operations, he was missing. We thought that natural enemies or the ravages of time had caught up with him at last. No sign of him for at least three weeks and then all of a sudden one morning, we looked around and there he was about three feet behind us following the cultivator as usual.

He was more faded and thinner than ever, but his actions and mannerisms were the same. Why was he late this spring? Maybe the rigors of travel and the weather held him back on his tour up from the south like they do many people, but he finally got here and is on the job every time we show up in the garden.

We no more than get in the garden that he comes sailing out of a tree or bush close at hand and cocks his head and watches for us to turn up some food. The odl boy is getting along in years as birds go and his brightness of plumage is gone, but he's still got a lot of life left in him yet.

● FISH? WHERE?

Roy LaLonde, Doc Macklenberg, "Buckets" Folkerts, Clyde Moffet and some more of the boys recently returned from ten days up at George Kenyon's camp in Canada. They brought back glowing reports of wonderful weather, great fishing where everyone caught fish, even the novices in the gang. In fact, things couldn't have been finer, they were all hepped up about the trip.

Fish? Sure everyone shipped home a lot of fish, wall-eyed pike, northern pike, crappies, all sorts of fish. It all sounded good, and in fact one morning we saw six big boxes from Kenyon's camp on the express truck at the Palatine depot.

The boxes were leaking water, and it really looked like a shipment of fish as the boxes were addressed to various members of the fishing party. But was it really fish, or did the boys just put up one big co-ordinated fish story? With all the big fishing talk, we haven't seen one physical or visual sign of any fish.

Those leaking boxes on the express truck? Ice moss and some other waste material possibly, just packed and shipped to back up all the fish stories. Evidence? Yes, but not concrete—you can't prove a murder without the body of the murdered, and you can't prove a fish story without some real evidence of fish.

One story we can believe and that's the one about George Kenyon catching the biggest fish of the week right off his own boat dock, while these other fishermen were chasing all over the lake with guides trying to land some.

JUST AROUND THE CORNER

from PATTY McARDLE

Dear Peg:

Although we expected Memorial day to be "baby's" birthday, "baby" seems to have other ideas. So, instead of making the anticipated trip to the hospital, Bob, Megan and I went to the park to watch the parade and the Memorial day program. As soon as she heard the band, Megan insisted we were going to the circus (the performers on TV's Super Circus go through their routines to band music!)

It was such a beautiful day we sat outside all afternoon, Megan played in the sand box and Bob and I chatted with friends who dropped over for a visit. The day was spent quietly and pleasantly (even though I would rather have been in the hospital!) and perhaps by the time you receive this letter we will have our new little "addition."

Did you by any chance read the article, "Babies Don't Smother," in the June issue of McCall's? I was especially interested in it because I remembered our friends' admonitions when they came to see the new baby and found her sleeping on her stomach. "Aren't you afraid to let her sleep on her stomach? They say babies can smother in that position," they warned. Fortunately my progressive pediatrician had assured me that Megan could sleep in whatever position she found most comfortable, however, this fact evidently was not common knowledge then.

"FOR YEARS women have been warned about the danger of letting little babies go to sleep lying on their stomachs. For years medical examiners have listed "accidental mechanical suffocation" as a cause of infant death . . . There is now abundant evidence, says Dr. Katherine Bain, Associate Chief U. S. Children's Bureau, that most of these so-called 'smothering' deaths are not due to any external cause but the result of a sudden overwhelming infection with which a young baby is not able to cope. When a careful post-mortem examination is made, including microscopic study, evidence of infection is often found somewhere in the baby's body. Occasionally a congenital defect—for instance of the heart—has been revealed. The sudden death of a seemingly well infant, in short, can rarely be explained by external and accidental causes which with proper precaution and vigilance could have been prevented."

Even more tragic for the family than the death of the infant is the feeling of guilt—an emotion stronger than grief—which the misinformed mother in a case such as this may have. Feeling that the death was due to some form of negligence on her part, she never again can attain peace of mind.

Dr. Jacob Werne, assistant medical examiner, Borough of Queens, New York City, set out more than 20 years ago to absolve these bereaved mothers from their emotional burdens. He performed autopsies and microscopic studies on babies who were known to have actually died by suffocation such as drowning or strangulation and on babies who died in their cribs by what the coroner had hastily listed as "accidental mechanical suffocation." Dr. Werne found a striking difference in the condition of the lungs in the two groups. All those who had died in their cribs showed evidence of acute respiratory infection.

DR. WERNE'S findings have also proved that the position these babies are found in in their cribs, generally assumed to be face down or under the covers, has little or nothing to do with their deaths. "Among 32 cases in 1950 which ordinarily would have been called suffocation only eight babies were found face down or under the covers."

You know, Peg, I wish that every mother who has heard of this "smothering" superstitution could read this article and tell their friends about it. Here is a source of reliable information through which we can dispel another one of the "old wives' tales" we all hear so many of during our child raising careers, and by informing ourselves through articles of this type, can become more capable and intelligent mothers.

My love,
Patty.

THE FENCE POST

Letters to the Fence Post should be short and concise. All letters must be signed, though name will be withheld if desired. Address Fence Post, Paddock Publications, Inc., Arlington Heights, Ill.

Feehanville petition

A great deal of controversy has been brought about by a 1951-52 petition of the home owners of the Northeast area of Mt. Prospect, to detach their area from Dist. 26 and join the progressive Dist. 57.

We are anxious for our children to be properly educated in substantial, cheerful and safe surroundings. We came to this area with open minds, not dreaming a school district would be so self-satisfied with such poor educational and outdoor recreational facilities.

The petition is preventing Feehanville from enlarging the present building. Did the petition prevent the school board from investigating the number of homes to be built by Rand building corporation in their district, making a reasonable estimate of future pupils and then drawing up plans for a modern school? These plans were not begun until the fall of 1951. The homes were begun in 1949.

Did the petition prevent the installation of inside plumbing before 1949?

The petition has never prevented the moving of the school to a safer area. We realize Public Service has installed only the safest equipment, but a perfect mechanism can never be provided by imperfect man.

We are told by representatives of Feehanville, that all district 26 claims it can do, will be done with no increase in taxes. Being handed the world on a silver platter is an interesting theory, but hardly practical.

Feehanville is resting on their laurels, poorly planted, improperly tilled and yet to be harvested.

Petitioner,
Mt. Prospect.

Memorial Day

I enjoyed the Palatine Memorial Day parade last Friday morning. I did not take part in it as in my younger days. Instead, I took different spots along the route so as to be sure of seeing it go by.

The spirit of Palatine was well displayed, the band, the flying flags and all was a very beautiful sight indeed. As I waited at one particular corner for the parade to arrive, it was rather embarrassing to be ordered, "take off your hat."

I do not think you could find a man in Palatine who would object to removing his hat at the proper time in honor of our American flag, the flag so dear to us all.

Who is to know the exact moment for the procedure of removing his hat as the parade approaches.

I am in hopes of seeing the parade again next Memorial Day, but to avoid further embarrassment, my hat will remain at home.

True American.

Itasca 'hobbies'

Now that the "bloodhounds" are on the scent in Itasca's business that violates the zoning law, how about tracking down each and every one? Or will Itasca's publicized names be like those of Arlington Heights recently? Only those names NOT ranking on the social calendar are printed in the papers? The others escape. If this is a cat eat cat and dog eat dog fight, why not get a calendar of everyone and their hobbies—be that a paying one or one just for fun—publish them all, instead of the two or three that were singled out by some high officials or perhaps a begrudging neighbor.

Then give each one a rule of the zoning law, when it took effect, and be governed by same. The real estate men are only too anxious to sell their wares, and then along comes the village board after the "hobbyist" sets up expensive machinery and rules you are violating some sort of law. Personally, I would blame the real estate man who sold the property to said persons for not giving along with the deed of said property a zoning rule, or when such rules are incorporated into a village at a later date, each and every property holder should be informed of such rules by a mailed form.

I have lived in Itasca over 17 years, and have never been informed of what law is what so far as zoning is concerned, other than what is stated on our property deed, the rest you gather by "hearsay." If these laws are so strict and must be adhered to, let's inform our residents of such by personal contact or mail.

The three parties named in the front page article under issue of May 15—two of them have been residents of Itasca for a good many years. They believe in work—as according to modern psychology work is the sublimation for the truest escape from self-pity and self-centeredness — work gives us dignity and this brings about a society where there is food and security and freedom for all. Let's keep Itasca the village of "good neighbors" live and let live and free from domineering.

If said three parties are in violation of the zoning law, how about the music teacher, the tutor, the bookkeeper doing services in his home, the electrician who does laboratory testing in his home, the lady addressing envelopes in her home to earn extra cash, the chicken and egg lady, the crowing cock in the country club area, the dressmaker, are these and many others any different than Mr. Trine or Mr. Price? A few live in the same vicinity of said "guilty" violators.

A Good Neighbor
Itasca

Bouquets

St. Peter Lutheran congregation, Arlington Heights, wishes to express hearty thanks to you for the kind and valued services which you rendered to the church on the occasion of the cornerstone laying service of our new activities building on April 27.

By furnishing publicity and programs gratis for this occasion, you added immeasurably to its beauty. A hearty "Thank You" from all of us.

Can You Tell Me...

Why Paint Turned Black?

Enclosed is a sample of paint taken from my home. The house was painted two years ago with a nationally advertised brand paint and almost immediately started to "turn black." Although we washed the house, large areas of it returned to this black look. Can you tell me what caused this?

The black material on the paint seems to be nothing more than dirt. We were able to remove most of it with plain water. The pieces of paint which you sent us have a bad case of wrinkling and we can readily understand why you can't get the dirt out of the depressions in the paint, using ordinary methods. However, we do believe that it would be a simple matter to get it out by using a scrub brush and plain water. Wrinkling is caused by having too much oil and not enough turpentine in the paint or by not rubbing it out thoroughly when it was applied — usually the latter.

"DUTCH BOY" HOUSE PAINT

The painter's choice! Keeps your house bright and new-looking through all weather . . . *it's specially blended for weather resistance.* In white or the color you want!

May we help solve your decorating problems?

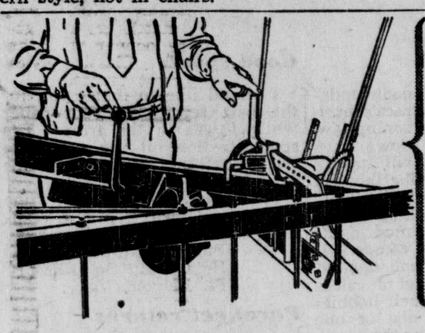
NEWS FOR THE FARMER

Carl F. Mees — Adviser and Editor

FRIDAY, JUNE 6, 1952

'No pointing' rule doesn't hold true in Arabia

Many a Western mother has warned her children that it is impolite to point a finger, but in Yemen—the proud little kingdom on the Red Sea in southwestern Arabia—it is considered particularly bad form to point your feet at anyone as you sit on the carpeted, cushioned floors. And in Yemen you sit on the floor, Eastern style, not in chairs.



The RIGHT SHIFT

for hay, straw, or tedding

Now is the time to bring your raking up to date. Let a new Allis-Chalmers GEAR SHIFT rake save you hours of field time in raking straw or mid-summer hay crops.

Let us show you what this gear-shift power rake can do for you.

Urge farmers cut hay early for most feed value

By cutting your hay at the right time this year, you'll be doing one of the most important things in making top-quality hay, says Carl F. Mees, farm adviser.

Mees emphasizes the fact that early-cut hay is higher in protein and has a much higher feeding value than forage that is too mature when cut.

Probably the one most important step in making A-1 hay is to cut it early. The best time to cut alfalfa or alfalfa-brome mixtures is when the alfalfa first starts blooming and is not over 1/10 in bloom. Red clover or red clover and timothy should be cut when the clover is about ½ in bloom. The longer you wait to cut after the best bloom stage, the less protein you have in the hay. And protein makes milk.

HERE ARE SOME other practical tips in making excellent hay:

Check short—and long-time weather forecasts carefully.

Cut no more than you can quickly cure and store.

Wilt in the swath for 1 to 3 hours, and finish curing in the windrow to save leaves and green color.

Dry to a safe moisture content to avoid moldy hay and barn fires. Without mow curing, safe moisture is 15 per cent for chopped hay, 20 per cent for loose hay and 25 per cent for baled hay.

For even better hay, use a hay crusher, mow-curing system, or both.

Farm day Saturday at Curtiss Candy farm

The dairy farmers' families and friends are invited to attend a showing of some of he "best in all dairy breeds" at the main Curtiss farm No. 711, Cary, Saturday, June 7, at 1:30 p. m.

Of special interest to the dairy farmer, the show will be directed by Delbert H. Kingston, livestock superintendent of the Curtiss farming enterprise. The audience will see many of the very valuable bulls used in the Curtiss artificial breeding service, as well as some of the offspring of the bulls, and a number of the national grand champion cows upon which the Curtiss herds were founded. One of the cows in the ring will be Curtiss Candy Proud Sally, who last fall finished making a new all-time fat production record for Illinois — 1175 lbs. in 365 days.

Record cows

Several registered Holstein-Friesian cows in the herd of Messrs. Donald W. Johnson, Anthony L. Michel & Roswell H. Chrisman, Holbart Farm, Bartlett, have completed official production tests under herd improvement registry rules.

Highest producer among these was Eldonon Grandmistress Felda with 511 pounds of butterfat and 12,215 pounds of milk testing 4.2%, produced on 2 milkings daily, in 349 days at the age of 2 years. Her record averages approximately 16 quarts of milk daily for the period covered her test.

Another high producer was Hickernel Peg M-O-W Ollie with 508 pounds of butterfat and 14,658 pounds of milk on 2 milkings daily in 352-days at the age of 10 years 4 months. Her record averages approximately 20 quarts of milk daily for the period covered by her test.

Farmers Take a Walk—And It's A Long One When Carrying Water

By IRA MILLER
Farm Electrification Bureau

Nothing's drier than statistics—unless they affect most of us personally. And in this case they do. For the U. S. Department of Agriculture reports that 97% of the nation's farmers do not have electric water pressure systems outside their homes.

FARMING'S TOUGH ENOUGH—but hand pumping makes it tougher.

True, many of these farmers do have non-pressure systems of some type. But hundreds of thousands still pump and carry water by hand for their homes and service buildings. That's quite a chore, since each year 100 hens will drink 1,500 gallons of water; four hogs, 9,000 gallons, and four milk cows, 52,000. If you add the water requirements for the average farm kitchen to this total, the annual needs will increase by another 20 to 30 tons.

What can an adequate supply of water do for farmers? Just this: increase egg production by 8 to 10%, boost milk production by 20%, help beef cattle to put on weight faster, and increase garden production by as much as 50%. Makes sense when we realize that milk is about 87% water; eggs, 73%; lean meat, 70%, and vegetables from 80 to 90%.

Maybe you don't think a pressure water system saves you time and energy. Here's the answer: it is estimated that a farm family of five will walk about 340 miles a year to pump and carry water for the house and service buildings. This typical farming operation includes 5 cows, 3 hogs, 300 laying hens and 2 horses. The water pumped totals 150 tons annually, and the distance it is carried—in 12-quart buckets—averages 50 feet per trip.

This will give you some idea of the advantages of having a pressure water system—and the disadvantages of farming without one. Also, it should caution prospective purchasers about getting one which is adequate for their needs. Here's a rule of thumb to help in selecting the proper pumping capacity: estimate your daily needs for water, then plan to install a system capable of supplying that amount in a 2-hour period.

Because water systems are important factors in fighting possible fires, connect the pump to its own circuit. The pump should be located so that it can be serviced easily and is protected against cold weather. You'll have your water system for a long time—so plan wisely. Get a pump of the right capacity for all future needs; start in a small way, if need be, and add to your system as time goes on.

Beef short but cows aplenty still in fields

Beef supplies will be short this summer, yet cow numbers in the country as a whole are up 12% over 1951 and 93% over the 1939-41 average, reports H. M. Conway, director of research in the June issue of National Live Stock Producer, the nation's leading live stock magazine. There are 20,608,000 head of beef cows on U. S. farms in 1952.

This shortage of beef and accumulation of cattle numbers has occurred because price ceilings forced production to a growing basis, thus delaying the marketing of many cattle in the grazing areas as well as in the corn belt. Too, the decrease in hog and sheep numbers being marketed has increased the demand for beef.

THIS EXPANSION in beef cattle numbers is not considered excessive, although it is above the average from the trend of normal increase in cattle numbers. In the past, any adverse conditions that affect the price of cattle have resulted in considerable increase in the cattle numbers as producers attempted to wait out the declining markets.

At present the upward trend in population numbers and the declining hog numbers gives some protection against a sudden decreased in the demand for beef. Despite the uncertainty of the time element in the beef cattle situation, it does seem important to recognize the prospective increased demand for all slaughter cattle this summer. Pasture and range areas should be used generally for producing beef this summer and early fall rather than for growing stockers.

Farm magazine wins award for excellence

An award for outstanding merit has been presented to the Record, official monthly magazine of the Illinois agricultural association, for general magazine excellence.

The Record was one of three magazines awarded certificates of merit in a magazine evaluation program sponsored by the Industrial Editors' Association of Chicago. More than 100 company magazines published in Chicago were evaluated in the study.

Among the ratings which a committee of judges gave the magazine were: (1) quality of writing, excellent; (2) editorial balance, excellent; (3) typography, good; (4) photography, good; (5) design and layout, good.

The Record is circulated to more than 190,000 farm families in Illinois who are members of farm bureau. The IAA is the statewide farm bureau organization.

Milk payments

Cook-DuPage county dairy farmers received $4,204.80 for milk delivered to Bowman dairy company receiving stations during the month of April.

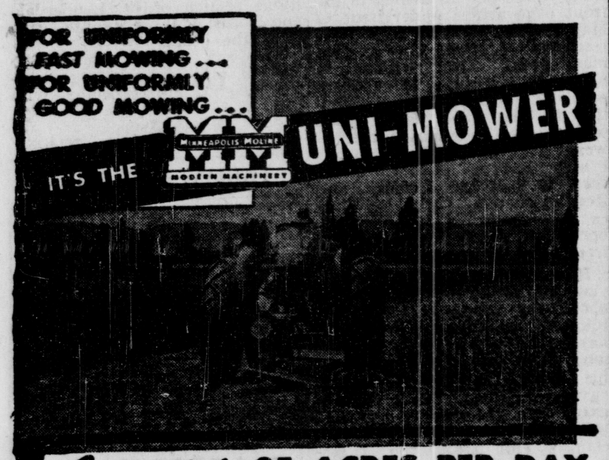
FOR UNIFORMLY FAST MOWING . . . FOR UNIFORMLY GOOD MOWING . . .

IT'S THE MM UNI-MOWER



Cuts up to **35 ACRES PER DAY**

The MM Uni-Mower has many outstanding features that assure longer, more uniform operation with a minimum of servicing. Full-length wearing plate holds the knife true and straight from end to end. This wearing plate closes the knife-race, prevents choking and separation of the mower knife section from the guard plates . . . prevents undergrowth and dirt from wedging into the knife-race.

There is safety built into the MM Uni-Mower . . . for the operator and the machine. Safety shielded hitch-bar quickly attaches to power-take-off. Control of cutting bar is through conveniently located lever or by hydraulic lift linkage.

SAFETY SPRING RELEASE

When the sickle bar of an MM Uni-Mower strikes an obstacle, the spring release hitch is disengaged, allowing the mower and sickle bar to pivot to the rear and by-pass the obstruction. To resume operation without leaving the seat, the operator merely backs the tractor to re-engage the hitch.

Two 16-inch caster wheels assure uniform cutting level over any ground contour. These full-swiveling wheels make it possible to make short turns . . . to cut square corners easily. Pea vine lifters and rock type guards are available on the 5, 6, and 7 foot sizes of the Uni-Mower. With MM's simplified V-belt drive you get a quiet, smoother running mower.

LAW on the FARM

Responsibilities for the local assessor

This spring the property tax division of the state department of revenue published a memorandum on the responsibilities of the local assessor. The memorandum reminds us that "The state has enacted certain laws that govern assessments, and every assessor in his oath of office is sworn to uphold these laws. No assessor can perform the duties of his office with satisfaction to himself or his constituents without a working overlook or ignoring property which should bear its just and fair share of the local property tax burden."

The memorandum then outlines the assessors' duties under six divisions, a summary of which follows:

I. WHAT PROPERTY is assessed. The revenue act provides that all real estate and personal property shall be assessed except as may be exempted. Real estate is not only land itself, with all things contained therein (minerals), but also all buildings, structures, and improvements, and other permanent fixtures, of whatsoever kind . . .

Personal property is divided into "tangible" and "intangible" property.

Tangible personal property consists of automobiles, livestock, grain, furniture, and furnishings, personal effects, machinery and equipment, merchandise, etc.

Intangible personal property for purposes of taxation includes money, bank deposits, shares of stock, bonds, franchises, patents, copyrights, goodwill, capitalized earning power, notes, accounts receivable, accrued interest, annuities, royalties (other than mining royalties) and other credits.

II. WHEN THE assessment must be made. The ownership, value and location of all property April 1 must be used for assessment purposes, regardless of the day when the assessment is actually made. The assessment should be made between April 1 and June 1; however an assessment made after June 1 is legal. All personal property is assessed every year. All real estate is assessed every fourth year.

III. WHERE PROPERTY is assessed. Real estate is assessed where it is located. Tangible personal property shall be listed and assessed where the owner resides with the following exceptions:

1. Personal property connected with a farm, including livestock shall be assessed where the farm is situated, regardless of where the owner of the personal property may reside.

2. If the farm is located in several districts, the personal property shall be assessed in the one where the principal place of business of the farm is located.

3. If the owner resides on the farm—and it is located in several districts or townships the assessment shall be made in the district in which the owner resides.

WHEN CORN is raised in one township or taxing district, there is no farm unit there and it is simply stored in that township or district, it should be assessed at the principal place of business of the farm.

IV. Who lists property. Real estate is listed by the county clerk and the assessor values it; personal property is listed by the person using it whether owner or not.

V. How assessments are made. Every year the assessor or his deputy must call at the place of business or residence of each person owning taxable personal property, and every quadrennial year the assessor or his deputy must actually view and determine the value of each parcel of real estate.

VI. Miscellaneous duties of assessors. Assessors are required to collect dog license fees at the time of annual assessment and issue a license tax or license; also they must gather agricultural statistics on forms submitted by the agricultural statistician, state department of agriculture.

Handy Jim's FIXIN-UP TIPS For Farm and Home

To Close Fireplace—

MANY old homes have old-fashioned fireplaces which no longer are serviceable. They are a problem, being expensive to remove or put into working condition, and being drafty, dirty, and wasteful of room heat.

There are several ways to close the opening to shut off the draft, but making the closure both functional and attractive is a bit of a trick. The ideal solution is a panel which tightly closes the opening and which may be pleasingly decorated to heighten the interest in an otherwise dull location.

Many leading artists use Tempered Presdwood instead of canvas. Its qualities as a painting medium—permanence, absence of grain, durability,

non-splintering or cracking—are the same which make it widely used in home remodeling and new construction in residential, commercial, and industrial fields.

A Presdwood panel, then, used as a fireplace closure and painted or otherwise decorated combines function and beauty. Instead of a painting by some talented member of the family or friend, the panel may be covered with a blowup of a favorite snapshot. Decalcomanias are another alternative, or the smooth-surfaced material may be painted or enameled.

Since the artistic motif is involved, it's wise to have the panel easily removable so that the scene may be changed from time to time. The simplest way to install the quarter-inch panel for its dual purpose is to fasten a framework of 1 x 2 lumber in the opening and then attach the hardboard with roundheaded screws inserted through drilled holes at the corners and intermediate points.

Have fire extinguisher on every tractor

A fire extinguisher on every tractor is the best form of "extra" insurance you can buy.

Dean M. Winter, farm fire prevention specialist at the Illinois college of agriculture, says a carbon tetrachloride extinguisher costs about $10, and a large carbon dioxide extinguisher about $20.

When a small investment like that may save a valuable machine, it's money well spent.

A tractor fire can start easily from a broken sediment bulb or from gasoline spilling over a hot manifold. With the right extinguisher within easy reach, you can put out the fire immediately.

Winters says to be sure you buy an extinguisher approved by the underwriters' laboratories. Look for their seal on the case.

Snow trap

The Sierra Nevada, a great mountain barrier running down through inland California, roughly parallel to the Pacific coast, is a natural snow trap. Moisture-laden winds from the Aleutians area first drop heavy rain on northern California and then leave the rest of their water vapor as snow in the high altitudes of the mountains.

Urge farmers cut hay early for most feed value

By cutting your hay at the right time this year, you'll be doing one of the most important things in making top-quality hay, says Carl F. Mees, farm adviser.

Mees emphasizes the fact that early-cut hay is higher in protein and has a much higher feeding value than forage that is too mature when cut.

Probably the one most important step in making A-1 hay is to cut it early. The best time to cut alfalfa or alfalfa-brome mixtures is when the alfalfa first starts blooming and is not over 1/10 in bloom. Red clover or red clover and timothy should be cut when the clover is about ½ in bloom. The longer you wait to cut after the best bloom stage, the less protein you have in the hay. And protein makes milk.

HERE ARE SOME other practical tips in making excellent hay:

Check short—and long-time weather forecasts carefully.

Cut no more than you can quickly cure and store.

Wilt in the swath for 1 to 3 hours, and finish curing in the windrow to save leaves and green color.

Dry to a safe moisture content to avoid moldy hay and barn fires. Without mow curing, safe moisture is 15 per cent for chopped hay, 20 per cent for loose hay and 25 per cent for baled hay.

For even better hay, use a hay crusher, mow-curing system, or both.

Farm day Saturday at Curtiss Candy farm

The dairy farmers' families and friends are invited to attend a showing of some of he "best in all dairy breeds" at the main Curtiss farm No. 711, Cary, Saturday, June 7, at 1:30 p. m.

Of special interest to the dairy farmer, the show will be directed by Delbert H. Kingston, livestock superintendent of the Curtiss farming enterprise. The audience will see many of the very valuable bulls used in the Curtiss artificial breeding service, as well as some of the offspring of the bulls, and a number of the national grand champion cows upon which the Curtiss herds were founded. One of the cows in the ring will be Curtiss Candy Proud Sally, who last fall finished making a new all-time fat production record for Illinois — 1175 lbs. in 365 days.

Record cows

Several registered Holstein-Friesian cows in the herd of Messrs. Donald W. Johnson, Anthony L. Michel & Roswell H. Chrisman, Holbart Farm, Bartlett, have completed official production tests under herd improvement registry rules.

Highest producer among these was Eldonon Grandmistress Felda with 511 pounds of butterfat and 12,215 pounds of milk testing 4.2%, produced on 2 milkings daily, in 349 days at the age of 2 years. Her record averages approximately 16 quarts of milk daily for the period covered her test.

Another high producer was Hickernel Peg M-O-W Ollie with 508 pounds of butterfat and 14,658 pounds of milk on 2 milkings daily in 352-days at the age of 10 years 4 months. Her record averages approximately 20 quarts of milk daily for the period covered by her test.

Carl F. Mees — Adviser and Editor

Farmers Take a Walk—And It's A Long One When Carrying Water

By IRA MILLER
Farm Electrification Bureau

Nothing's drier than statistics—unless they affect most of us personally. And in this case they do. For the U. S. Department of Agriculture reports that 97% of the nation's farmers do not have electric water pressure systems outside their homes.

FARMING'S TOUGH ENOUGH—but hand pumping makes it tougher.

True, many of these farmers do have non-pressure systems of some type. But hundreds of thousands still pump and carry water by hand for their homes and service buildings. That's quite a chore, since each year 100 hens will drink 1,500 gallons of water; four hogs, 9,000 gallons, and four milk cows, 52,000. If you add the water requirements for the average farm kitchen to this total, the annual needs will increase by another 20 to 30 tons.

What can an adequate supply of water do for farmers? Just this: increase egg production by 8 to 10%, boost milk production by 20%, help beef cattle to put on weight faster, and increase garden production by as much as 50%. Makes sense when we realize that milk is about 87% water; eggs, 73%; lean meat, 70%, and vegetables from 80 to 90%.

Maybe you don't think a pressure water system saves you time and energy. Here's the answer: it is estimated that a farm family of five will walk about 340 miles a year to pump and carry water for the house and service buildings. This typical farming operation includes 5 cows, 3 hogs, 300 laying hens and 2 horses. The water pumped totals 150 tons annually, and the distance it is carried—in 12-quart buckets—averages 50 feet per trip.

This will give you some idea of the advantages of having a pressure water system—and the disadvantages of farming without one. Also, it should caution prospective purchasers about getting one which is adequate for their needs. Here's a rule of thumb to help in selecting the proper pumping capacity: estimate your daily needs for water, then plan to install a system capable of supplying that amount in a 2-hour period.

Because water systems are important factors in fighting possible fires, connect the pump to its own circuit. The pump should be located so that it can be serviced easily and is protected against cold weather. You'll have your water system for a long time—so plan wisely. Get a pump of the right capacity for all future needs; start in a small way, if need be, and add to your system as time goes on.

Beef short but cows aplenty still in fields

Beef supplies will be short this summer, yet cow numbers in the country as a whole are up 12% over 1951 and 93% over the 1939-41 average, reports H. M. Conway, director of research in the June issue of National Live Stock Producer, the nation's leading live stock magazine. There are 20,608,000 head of beef cows on U. S. farms in 1952.

This shortage of beef and accumulation of cattle numbers has occurred because price ceilings forced production to a growing basis, thus delaying the marketing of many cattle in the grazing areas as well as in the corn belt. Too, the decrease in hog and sheep numbers being marketed has increased the demand for beef.

THIS EXPANSION in beef cattle numbers is not considered excessive, although it is above the average from the trend of normal increase in cattle numbers. In the past, any adverse conditions that affect the price of cattle have resulted in considerable increase in the cattle numbers as producers attempted to wait out the declining markets.

At present the upward trend in population numbers and the declining hog numbers gives some protection against a sudden decreased in the demand for beef. Despite the uncertainty of the time element in the beef cattle situation, it does seem important to recognize the prospective increased demand for all slaughter cattle this summer. Pasture and range areas should be used generally for producing beef this summer and early fall rather than for growing stockers.

Farm magazine wins award for excellence

An award for outstanding merit has been presented to the Record, official monthly magazine of the Illinois agricultural association, for general magazine excellence.

The Record was one of three magazines awarded certificates of merit in a magazine evaluation program sponsored by the Industrial Editors' Association of Chicago. More than 100 company magazines published in Chicago were evaluated in the study.

Among the ratings which a committee of judges gave the magazine were: (1) quality of writing, excellent; (2) editorial balance, excellent; (3) typography, good; (4) photography, good; (5) design and layout, good.

The Record is circulated to more than 190,000 farm families in Illinois who are members of farm bureau. The IAA is the statewide farm bureau organization.

LAW on the FARM

Responsibilities for the local assessor

This spring the property tax division of the state department of revenue published a memorandum on the responsibilities of the local assessor. The memorandum reminds us that "The state has enacted certain laws that govern assessments, and every assessor in his oath of office is sworn to uphold these laws. No assessor can perform the duties of his office with satisfaction to himself or his constituents without a working overlook or ignoring property which should bear its just and fair share of the local property tax burden."

The memorandum then outlines the assessors' duties under six divisions, a summary of which follows:

I. WHAT PROPERTY is assessed. The revenue act provides that all real estate and personal property shall be assessed except as may be exempted. Real estate is not only land itself, with all things contained therein (minerals), but also all buildings, structures, and improvements, and other permanent fixtures, of whatsoever kind . . .

Personal property is divided into "tangible" and "intangible" property.

Tangible personal property consists of automobiles, livestock, grain, furniture, and furnishings, personal effects, machinery and equipment, merchandise, etc.

Intangible personal property for purposes of taxation includes money, bank deposits, shares of stock, bonds, franchises, patents, copyrights, goodwill, capitalized earning power, notes, accounts receivable, accrued interest, annuities, royalties (other than mining royalties) and other credits.

II. WHEN THE assessment must be made. The ownership, value and location of all property April 1 must be used for assessment purposes, regardless of the day when the assessment is actually made. The assessment should be made between April 1 and June 1; however an assessment made after June 1 is legal. All personal property is assessed every year. All real estate is assessed every fourth year.

III. WHERE PROPERTY is assessed. Real estate is assessed where it is located. Tangible personal property shall be listed and assessed where the owner resides with the following exceptions:

1. Personal property connected with a farm, including livestock shall be assessed where the farm is situated, regardless of where the owner of the personal property may reside.
2. If the farm is located in several districts, the personal property shall be assessed in the one where the principal place of business of the farm is located.
3. If the owner resides on the farm—and it is located in several districts or townships the assessment shall be made in the district in which the owner resides.

WHEN CORN is raised in one township or taxing district, there is no farm unit there and it is simply stored in that township or district, it should be assessed at the principal place of business of the farm.

IV. Who lists property. Real estate is listed by the county clerk and the assessor values it; personal property is listed by the person using it whether owner or not.

V. How assessments are made. Every year the assessor or his deputy must call at the place of business or residence of each person owning taxable personal property, and every quadrennial year the assessor or his deputy must actually view and determine the value of each parcel of real estate.

VI. Miscellaneous duties of assessors. Assessors are required to collect dog license fees at the time of annual assessment and issue a license tax or license; also they must gather agricultural statistics on forms submitted by the agricultural statistician, state department of agriculture.

Handy Jim's FIXIN-UP TIPS For Farm and Home

To Close Fireplace—

MANY old homes have old-fashioned fireplaces which no longer are serviceable. They are a problem, being expensive to remove or put into working condition, and being drafty, dirty, and wasteful of room heat.

There are several ways to close the opening to shut off the draft, but making the closure both functional and attractive is a bit of a trick. The ideal solution is a panel which tightly closes the opening and which may be pleasingly decorated to heighten the interest in an otherwise dull location.

Many leading artists use Tempered Presdwood instead of canvas. Its qualities as a painting medium—permanence, absence of grain, durability,

non-splintering or cracking—are the same which make it widely used in home remodeling and new construction in residential, commercial, and industrial fields.

A Presdwood panel, then, used as a fireplace closure and painted or otherwise decorated combines function and beauty. Instead of a painting by some talented member of the family or friend, the panel may be covered with a blowup of a favorite snapshot. Decalcomanias are another alternative, or the smooth-surfaced material may be painted or enameled.

Since the artistic motif is involved, it's wise to have the panel easily removable so that the scene may be changed from time to time. The simplest way to install the quarter-inch panel for its dual purpose is to fasten a framework of 1x2 lumber in the opening and then attach the hardboard with roundheaded screws inserted through drilled holes at the corners and intermediate points.

Have fire extinguisher on every tractor

A fire extinguisher on every tractor is the best form of "extra" insurance you can buy.

Dean M. Winter, farm fire prevention specialist at the Illinois college of agriculture, says a carbon tetrachloride extinguisher costs about $10, and a large carbon dioxide extinguisher about $20.

When a small investment like that may save a valuable machine, it's money well spent.

A tractor fire can start easily from a broken sediment bulb or from gasoline spilling over a hot manifold. With the right extinguisher within easy reach, you can put out the fire immediately.

Winters says to be sure you buy an extinguisher approved by the underwriters' laboratories. Look for their seal on the case.

Weed control most important problem

Weed control is the most important garden problem, once you've planted the seed and it's growing.

B. L. Weaver, vegetable garden specialist in the Illinois College of Agriculture, recommends cultivating both planted and unplanted areas about once a week, plus hand-hoeing and weeding in the rows. Wheel hoes are excellent for saving both time and labor in the normal family-sized garden. Probably the best all-purpose type of hoe is a single-wheel implement equipped with surface blades.

Good pasture means valuable animal gains

Cut down your feed costs and build up your profits from your livestock by using improved pastures.

Farm adviser Carl F. Mees says the figures shown in above graph are average production which you can expect from improved pastures during an average pasture season.

Actually, Mees says, pasture gains have been much higher than this at the Illinois Experiment Station in Urbana and on some Illinois farms.

ONE 60-ACRE pasture at the Dixon Springs experiment station seeded to a mixture of legumes and grasses, has produced the following gains an acre during the past three years:

1949 (pastured with steers), 300 pounds an acre.

1950 (pastured with steers), 415 pounds an acre.

1951 (pastured with steers and sheep), 435 pounds an acre.

At the same station, one field of ladino clover-brome grass mixture produced a three-year average lamb gain of 408 pounds an acre.

ON A FARM in DeWitt county, a bluegrass pasture that had been renovated and seeded to a mixture of legumes and grasses produced 435 pounds of beef gain an acre in 1950. This pasture was stocked at the rate of 1½ steers an acre.

No grain was fed to the animals on pasture in any of these cases. However, the steers were fed grain following the pasture season to increase their grade and selling price.

In Cook county the recommended mixture is alfalfa-brome. See your farm adviser if you desire more information on pastures.

Journal of a Bird WatcheR

by F. J. FREEMAN

The main hope of our trip into the southwest last year was to see the Coppery-tailed Trogon. This tropical bird is about the size and build of a sparrow-hawk. Its back, head and breast are green, the belly and under-tail coverts a bright rose-red and the tail is copper-colored trimmed with white. It is a rare summer resident in the southeastern mountains of Arizona. We looked for it in the Chiricahua and Huachuca mountains and although we failed to find it, our searching was well rewarded otherwise. We found other species of Mexican birds that have established themselves across our border.

We also saw Coati-mundis or "Chulas" which, too, came over from Mexico. These are opposum-like animals which are very agile at climbing, have long almost prehensile tails and a long pointed rubbery snout. In disposition they are curious and playful, more like a monkey than an opossum. We saw a wild one in the Huachucas where they are sometimes found roaming in bands of twenty or more. At Major Healy's ranch where we stayed, a tame one had the run of the place and we observed it at some length.

THE HEALYS also had tame deer and odds and ends of farm stock running around their ranch as well as many of the native birds which came to drink at their running spring. The only wild animal they seemed not to like were the mountain lions. When we were there they had one of the famous Lee brothers with a pack of lion-hunting dogs. Lee and Mrs. Healy had gotten two lions in the last two mornings. Lee who was raised in Portal told me that he had hunted lions from Guatemala to Montana and was of the opinion that there were as many lions now as there were thirty years ago when he first started hunting them. He feels the country they range in is too difficult for man and dog for them ever likely to be exterminated.

Upon setting up camp at Rustler Park in the Chiricahuas almost the first bird we learned was the Stephen's Whip-poor-will. It was a bright moonlight night and these birds started to whip it up as soon as we turned in. They were very close to us and their voices were loud and ringing. Insted of "whip-poor-will," like their eastern relatives, they seemed to say "pur-pur-ree'-a." Sometimes when two of them got to going at once they would sing faster and faster as though to outdo each other like two children who are shouting at each other "I can—You can't—Can—Can't—Can—etc."

THE MEXICAN Chickadee is one of the Mexican birds found only in these particular mountainous regions in the U.S.A. It is very similar to our Black-cap except that its bib is somewhat square cut and its tail is a trifle longer. Its nest Cornelia discovered high up in a Ponderosa pine with its entrance on the underside of a dead limb.

The Arizona Junco fed around our campgrounds and the boys found their nest up on the ridge. These birds are like the juncos that visit us in the winter except that their backs are rust-red instead of grey and their eyes are as yellow as a grain of corn. We also had the black-fronted Warbler; a variation of the widely spread Audubon Warbler which in turn is much like our so common Myrtle Warbler. These three, the warbler, junco and chickadee can be found in only this part of our Southwest.

In the park we found a flock of wary wild turkeys looking for all the world like domestic fowl as they fed in the mule corral near the packer's cabin. As we approached they quietly withdrew up the wooded slope.

AMONG SOME of the surprising finds were species of birds one would expect to see only in the moist north woods, but isolated islands of which are found in higher altitudes throughout the west. Of these we saw a pair of Evening Grosbeaks, a notable find for any part of the country. We also saw Hermit Thrushes and Brown Creepers. Other birds of the higher altitudes were the White-breasted and Pigmy Nuthatches, the violet-green Swallows and white-throated Swifts. Up along the cliffs could be seen Turkey Vultures and Ravens. Altogether we counted 29 different species of birds in the Rustler Park area.

Farther down in the canyons where the live oak and sycamore grow and where along the nearly dried stream bed we found one late blooming longspurred yellow columbine were other notable birds.

Here Pete found the Red-faced Warbler—a grey bird with a black strap over the head and a strawberry red face and breast. We also saw the Painted Redstart, another bird with a strawberry-red breast and belly. The remainder of the bird was black except for conspicuous white wing and tail patches.

ALONG THE TRAIL we discovered the cavity nest of the Bridled Titmouse as it came to it with food in its mouth. This small chickadee-like bird of grey and white coloration has a black crest and black markings on the white face which gives it the name "Bridled." The head with its crest and face markngs are very similar to that of our Blue Jay except of course for size and color. These are three more birds peculiar to this region.

There is not space to mention the six species of flycatchers, the five kinds of woodpeckers and the various species of jays, warblers, hummingbirds and others that all told made up a list of about 75 kinds of birds seen by our party during our five day stay. This is indeed a birder's paradise.

MANY SMART GIFTS make for a happier occasion . . . and for a dollar and a half there's an extra package for dad to open on Father's Day. But remember, for summer, be sure it's wrinkleproof. "Botany" Brand have some especially designed for "his day" which stay crisp, cool and new looking from morning 'til night. They have neat figures on a white background and go easily with any color suit. And because they're wrinkleproof the knot won't slip to boot. (ANS)

The people's safety is in the law of God. —James Otis

Lessons In . . . . English

by W. L. GORDON

Words Often Misused

Do not say, "Politics are not interesting to me." Say, "Politics is not interesting to me." Politics (the science and art of government) takes a singular verb.

Do not say, "In what portion of the country does he live?" It is better to say, "In what part of the country."

Do not say, "He dealed out the cards." Say, "dealt the cards," omit "out."

Do not say, "It was a perfect loss." "Perfect," in common usage, means sound, flawless, without defect. Instead, say, "It was a complete (or, total) loss."

An "impostor" is one who imposes upon others for the purposes of deception. An "imposture" is the act or conduct of an impostor.

Do not say, "This picture is more perfect than that one." Say, "is more nearly perfect." Anything that is perfect is complete and flawless, and one thing cannot be "more perfect" than another.

Words Often Mispronounced

Gaucherie (awkwardness). Pronounce go-she-re, first syllable as go, first e as in her, second e as in he, principal accent on last syllable.

Credence. The first e is pronounced as in creed, not as in credit.

Nicety. Pronounce in three syllables as ni-se-ti, first i as in nigh, accent first syllable.

Gape (to open the mouth wide). Pronounce the a as in ape, not as in gap.

Blase (sated with pleasure). Pronounce bla-za, first a as in ah, second a as in say, accent second syllable.

Fiat (a sanction or decree). Pronounce fi-at, i as in fine, a as in at, accent first syllable.

Words Often Misspelled

Clique (exclusive set of persons); pronounced kleek; cleek (golf club). Might (power); mite (small object). All-round (as all-round athlete); not all-around. Nom de plume; observe the nom (not non), and the final e. The abbreviation to indicate a Bachelor of Arts degree can be written either as A.B. or B.A.; (Artium Baccalaureus). Dense (crowded; compact); dents (depressions).

Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Amnesty; forgetfulness; an overlooking; a general pardon for a past offense. "The repentant man's subsequent behavior soon gained him amnesty."

Pretension; a claim put forward, whether true or false. "Humble men have fewer pretensions than those with too much ambition."

Opinionated; unduly attached or adhering to one's own opinion; obstinate. "It is difficult to discuss any subject with one who is perversely opinionated."

Deviate; to turn aside from a course; wander. "We must not deviate from the path we have set to happiness."

Parsimonious; excessively thrifty; stingy; penurious. "To be thrifty is admirable, but to be parsimonious is despicable."

The outdoor crowd

Cotton separates which you can mix and match are still going to be very popuar with the outdoor crowd. Classic styles are still the most favored.

UNIVERSITY OF ILLINOIS — COLLEGE OF AGRICULTURE

Weed control most important problem

Weed control is the most important garden problem, once you've planted the seed and it's growing.

B. L. Weaver, vegetable garden specialist in the Illinois College of Agriculture, recommends cultivating both planted and unplanted areas about once a week, plus hand-hoeing and weeding in the rows. Wheel hoes are excellent for saving both time and labor in the normal family-sized garden. Probably the best all-purpose type of hoe is a single-wheel implement equipped with surface blades.

"ENJOY THE FRIENDLY ATMOSPHERE OF A SMALL COMMUNITY"

We are a New Company in the Des Plaines area

90% Of Our Employees are Women

They work on small machines, or inspect fuses, or solder and assemble small parts.

* * *

For the most part their jobs require little or no standing.

* * *

Generally they have little experience and quite often none at all.

* * *

Most of them are housewives with children and are working to help pay for their new house, automobile or to get Susie a pair of shoes.

* * *

They receive a good rate of pay, have an opportunity to receive additional compensation on incentive, and enjoy many additional company benefits.

* * *

Won't you come in and learn about the variety of Jobs we have for you?

"ENJOY THE FRIENDLY ATMOSPHERE OF A SMALL COMMUNITY"

We are a New Company in the Des Plaines area

90% Of Our Employees are Women

They work on small machines, or inspect fuses, or solder and assemble small parts.

* * *

For the most part their jobs require little or no standing.

* * *

Generally they have little experience and quite often none at all.

* * *

Most of them are housewives with children and are working to help pay for their new house, automobile or to get Susie a pair of shoes.

* * *

They receive a good rate of pay, have an opportunity to receive additional compensation on incentive, and enjoy many additional company benefits.

* * *

Won't you come in and learn about the variety of Jobs we have for you?

MRS. JOE REMSING

Forest River

Attention:• The Community club is sponsoring the first semi-formal dance for the teen-agers of our community and their friends and their parents. The date will be June 21 at our club house at 8:00 p. m. to 12:00 p. m. A charge of $1.00 per couple is to be paid at the door. All teen-agers are urged to reserve this night. Refreshments will be available, also for a small charge. How about the girls inviting the boys out for a change as it still is leap year, so it would be in order.

Jules Miske and Joe Remsing went to Hayward, Wis., over the holiday week end on a fishing trip. They stayed at the Moose lodge at Hayward, of which both are members. They left Thursday evening of last week, returning Sunday evening.

The Feehanville school will have a general registration on Tuesday, June 10, from 10 a. m. to 2:00 p. m. All children who are planning on attending Feehanville next September, must register in order for the board to make arrangements for their education. It is hoped that all who read this article will make it their business to pass this information on to those who would be attending the Feehanville school. Anyone who is not able to attend the registration at the time and on the day designated can do so any time before the day scheduled at the home of Mrs. Remsing, clerk of the board. To make it convenient for every one it would be a good suggestion to phone Mrs. Remsing at Va. 4-8482.

After July 1 anyone desiring to phone Mrs. Remsing is asked to call information for her number as the phone is being changed and the new number will not be given by the operator.

According to the various city newspapers, a special day is being set aside called Shut-In day. The purpose of this idea seems to be to visit and remember the sufferers in some way to make their afflictions a little easier to bear. We of Forest River have always been progressive so how about remembering our own shut-ins with some sort of encouragement, such as a visit or card or some other expression of good will? For the benefit of the new residents we do have shut-ins in our community. There is William Tyley of Greylynn dr., Rte. 1, Mt. Prospect, who has been confined for at least four years to his home; Rose Ross of Hill st., also on the Mt. Prospect mail rte. who is confined for more than a year, and Walter Jamrock, also on the Mt. Prospect route who has been partially confined for more than five years. These are all residents of our community for at least five years and could use some cheering up from time to time. When we feel charitable, why not start at home, as there is lots we all can be thankful for.

The Miske and Brewer families were informed last week that Ronald Miske has been made a corporal. Ronald and Mary are making their home for the present in Sioux City, Iowa.

Forest River

Walter Schauer has returned to his company in Missouri and expects to be sent to California then overseas. Wally has had a three-week furlough to spend at home with his family and friends.

Last week, Sunday, May 25, the Zeravich family had a surprise visit from their friends, the Browns of Milwaukee. They made the trip to give their new car a road test. All had a very nice time and returned home safely.

The Community club held the memorial services at the club grounds on Friday morning at 10 a. m. Taps and a wreath honoring our own war dead were also a part of this program. Rev. Pierson gave the sermon. The dead soldiers from our section are Staff Sgt. George J. LeComte, son of Emil LeComte, and brother of Mrs. J. Remsing, who lost his life Dec. 12, 1944, over Vienna, Austria, as an air bomber on a mission, and Sgt. Edmund Suhren, son and brother of Mr. and Mrs. Suhren and Margie, who lost his life in Korea April 18, 1951. Both of these boys were very well known in our community as well as loved. Those who were most seriously injured in World War II and the Korean war, are Seaman Clarence Gillig, son of Mr. and Mrs. Max Noehring, who was blown from his ship when it was torpedoed in the Pacific, and Richard Devinger, who was injured in Korea before Eddie was killed.

Starting with this Friday regular weekly square dances will be held. The caller for these dances will be one of our own neighbors who has been calling at many dances both in this area and also in Chicago. We know him as Phil Schwichtenberg, but he is known professionally as Phil Berg. So now come on out, you square dance lovers, there is no excuse. We have the date, the place, the music and the caller, and all that is now needed is the dancers. Spectators are also welcome, as who knows, after a bit of watching, your feet might start to itch and before long there will not be any more spectators, all dancers. After a while it is hoped those who show themselves to be good, will be entered in square dance contests.

The ladies auxiliary will hold their regular monthly meeting at 1:30 p. m. on Wednesday afternoon. Membership is open in the auxiliary to all the wives of Forest River Community club members who would like to join, both socially and to help us in our program of work for the community. For at least four months in the year, from October until February, the membership is closed, so anyone desiring to join, should do so now and help us in our program.

Forest River has another valedictorian. We certainly can be proud of our youngsters. This time it happened to Robert Martens, mostly called Bobby by family and friends. His folks, Mr. and Mrs. Wm. Martens Sr., were the most surprised people, when their own "little angel" came home with the news. He had the highest marks in the Immanuel Lutheran graduating class. The first such honor came to our community about five years ago when George Korn won the honors as well as a scholarship from St. Mary's School of Des Plaines and entered the Maryville academy on the scholarship. Who's next?

MRS. FRANK MacKNIGHT

Prospect Meadows

Ph. Arlington Heights 3717-M

Visit here
Mr. and Mrs. F. L. Murdock of Cleveland Heights, Ohio, spent the holiday week end with their son and daughter-in-law, Mr. and Mrs. Bill Murdock. Mrs. Murdock's father, Paul Brunner of Cleveland, Ohio, was also a Sunday night guest in the Murdock home at 415 Bob-O-Link. Mr. Brunner is attending a convention at the Palmer House.

Visit away
Mr. and Mrs. Stan Polly of Bob-O-Link spent the week end with friends at Potato Lake, Wis.

Mr. and Mrs. Gene Balke of Oriole lane were out-of-town for four days while taking his mother to visit his brother.

Mrs. Walter Ulan of 613 Oriole lane had her mother, Mrs. Strope, visiting her for a week recently. Driving up from Pekin, Ill., with her was Mr. Strope and Mrs. Ulan's sister and brother-in-law, Mr. and Mrs. John Hancock. Mrs. Ulan is planning to visit her mother this coming week.

Visits sister
Rev. Jim Barnett Jr. is now visiting his sister and brother-in-law, Mr. and Mrs. Frank B. MacKnight of Oriole lane. He has returned for the graduation exercises at Seabury-Western, the Episcopal Seminary in Evanston, which he attended for three years. His home now is in Lake Charles, La.

MRS. BARBARA TAYLOR — Phone Arlington Heights 2209-J

Arlington Crest News

Mr. and Mrs. Leissman and Mr. and Mrs. Moran spent the week end visiting at Manson Lake, Wis., where they were guests of Mr. and Mrs. Walker, former residents of Arlington Crest.

The Arlington Crest Zoning committee recently approved plans for the home of Robert Koziol of Williams ave.

Joseph Lamping Jr. attended the Palatine high school Junior prom held at the Edgewater Beach hotel in Chicago. Joseph escorted Miss Margie Raupp of Arlington Heights.

Birthday congratulations to Linda Louise Lamping whose birthday was May 10. She was four years old.

June Anne Lamping celebrated her seventh birthday June 1. June 14 will be the twenty-first birthday of Bob Lamping.

Mrs. Payne, a former resident of Arlington Crest, paid a visit to her old home which is now the Leissman home on Wilke rd.

Jimmie Huffman was a week end guest of his cousin, Bonnie Taylor. He is planning to spend the summer vacation with the Taylors.

Relatives gathered at the Gilbert Stutz home Sunday afternoon and enjoyed a potluck picnic in honor of the fifteenth wedding anniversary of Mr. and Mrs. Stutz. Twenty-five guests attended.

Arlington Heights 7222-R — Bensenville 34-W-2

Elk Grove Community

Graduation
Students who were recently graduated from Elk Grove Community Consolidated school were: Raymond Anderson, Gerald Biestek, Christine Bober, Richard Cook, Kenneth Cosman, C. Wayne Goede, Hans Kosel, Catherine Miller, Barbara Petersen, Marilyn Petersen, Wayne Oehlerking, Ronald Schulze, and David Trongale. Two pupils from Forest View school also received their diplomas at this time. They were Paul Anderson and John Westberg.

Graduation party
The eighth grade graduating class enjoyed a dinner at the Hartmann House in Wheeling May 29, and later attended the Gateway theater.

Wedding anniversary
Mr. and Mrs. Clarence Goede were hosts to a number of friends at a celebration of their silver wedding anniversary Saturday evening. The celebration was held at the Bensenville Fire Hall and dancing and refreshments were enjoyed by the guests.

Wedding reception
A wedding reception was held in honor of Howard Oehlerking and Margaret Heide at the Elk Grove school Saturday evening.

Reporter
Catherine Miller will be happy to take any news for the paper this summer. Her phone is Bensenville 35-R-2.

MRS. JOE REMSING

Forest River

Attention:* The Community club is sponsoring the first semi-formal dance for the teen-agers of our community and their friends and their parents. The date will be June 21 at our club house at 8:00 p. m. to 12:00 p. m. A charge of $1.00 per couple is to be paid at the door. All teen-agers are urged to reserve this night. Refreshments will be available, also for a small charge. How about the girls inviting the boys out for a change as it still is leap year, so it would be in order.

Jules Miske and Joe Remsing went to Hayward, Wis., over the holiday week end on a fishing trip. They stayed at the Moose lodge at Hayward, of which both are members. They left Thursday evening of last week, returning Sunday evening.

The Feehanville school will have a general registration on Tuesday, June 10, from 10 a. m. to 2:00 p. m. All children who are planning on attending Feehanville next September, must register in order for the board to make arrangements for their education. It is hoped that all who read this article will make it their business to pass this information on to those who would be attending the Feehanville school. Anyone who is not able to attend the registration at the time and on the day designated can do so any time before the day scheduled at the home of Mrs. Remsing, clerk of the board. To make it convenient for every one it would be a good suggestion to phone Mrs. Remsing at Va. 4-8482.

After July 1 anyone desiring to phone Mrs. Remsing is asked to call information for her number as the phone is being changed and the new number will not be given by the operator.

According to the various city newspapers, a special day is being set aside called Shut-In day. The purpose of this idea seems to be to visit and remember the sufferers in some way to make their afflictions a little easier to bear. We of Forest River have always been progressive so how about remembering our own shut-ins with some sort of encouragement, such as a visit or card or some other expression of good will? For the benefit of the new residents we do have shut-ins in our community. There is William Tyley of Greylynn dr., Rte. 1, Mt. Prospect, who has been confined for at least four years to his home; Rose Ross of Hill st., also on the Mt. Prospect mail rte. who is confined for more than a year, and Walter Jamrock, also on the Mt. Prospect route who has been partially confined for more than five years. These are all residents of our community for at least five years and could use some cheering up from time to time. When we feel charitable, why not start at home, as there is lots we all can be thankful for.

The Miske and Brewer families were informed last week that Ronald Miske has been made a corporal. Ronald and Mary are making their home for the present in Sioux City, Iowa.

River

Walter Schauer has returned to his company in Missouri and expects to be sent to California then overseas. Wally has had a three-week furlough to spend at home with his family and friends.

Last week, Sunday, May 25, the Zeravich family had a surprise visit from their friends, the Browns of Milwaukee. They made the trip to give their new car a road test. All had a very nice time and returned home safely.

The Community club held the memorial services at the club grounds on Friday morning at 10 a. m. Taps and a wreath honoring our own war dead were also a part of this program. Rev. Pierson gave the sermon. The dead soldiers from our section are Staff Sgt. George J. LeComte, son of Emil LeComte, and brother of Mrs. J. Remsing, who lost his life Dec. 12, 1944, over Vienna, Austria, as an air bomber on a mission, and Sgt. Edmund Suhren, son and brother of Mr. and Mrs. Suhren and Margie, who lost his life in Korea April 18, 1951. Both of these boys were very well known in our community as well as loved. Those who were most seriously injured in World War II and the Korean war, are Seaman Clarence Gillig, son of Mr. and Mrs. Max Noehring, who was blown from his ship when it was torpedoed in the Pacific, and Richard Devinger, who was injured in Korea before Eddie was killed.

Starting with this Friday regular weekly square dances will be held. The caller for these dances will be one of our own neighbors who has been calling at many dances both in this area and also in Chicago. We know him as Phil Schwichtenberg, but he is known professionally as Phil Berg. So now come on out, you square dance lovers, there is no excuse. We have the date, the place, the music and the caller, and all that is now needed is the dancers. Spectators are also welcome, as who knows, after a bit of watching, your feet might start to itch and before long there will not be any more spectators, all dancers. After a while it is hoped those who show themselves to be good, will be entered in square dance contests.

The ladies auxiliary will hold their regular monthly meeting at 1:30 p. m. on Wednesday afternoon. Membership is open in the auxiliary to all the wives of Forest River Community club members who would like to join, both socially and to help us in our program of work for the community. For at least four months in the year, from October until February, the membership is closed, so anyone desiring to join, should do so now and help us in our program.

Forest River has another valedictorian. We certainly can be proud of our youngsters. This time it happened to Robert Martens, mostly called Bobby by family and friends. His folks, Mr. and Mrs. Wm. Martens Sr., were the most surprised people, when their own "little angel" came home with the news. He had the highest marks in the Immanuel Lutheran graduating class. The first such honor came to our community about five years ago when George Korn won the honors as well as a scholarship from St. Mary's School of Des Plaines and entered the Maryville academy on the scholarship. Who's next?

MRS. FRANK MacKNIGHT

Prospect

Visit here

Mr. and Mrs. F. L. Murdock of Cleveland Heights, Ohio, spent the holiday week end with their son and daughter-in-law, Mr. and Mrs. Bill Murdock. Mrs. Murdock's father, Paul Brunner of Cleveland, Ohio, was also a Sunday night guest in the Murdock home at 415 Bob-O-Link. Mr. Brunner is attending a convention at the Palmer House.

Visit away

Mr. and Mrs. Stan Polly of Bob-O-Link spent the week end with friends at Potato Lake, Wis.

Mr. and Mrs. Gene Balke of Oriole lane were out-of-town for four days while taking his mother to visit his brother.

Ph. Arlington Heights 3717-M

Meadows

Mrs. Walter Ulan of 613 Oriole lane had her mother, Mrs. Strope, visiting her for a week recently. Driving up from Pekin, Ill., with her was Mr. Strope and Mrs. Ulan's sister and brother-in-law, Mr. and Mrs. John Hancock. Mrs. Ulan is planning to visit her mother this coming week.

Visits sister

Rev. Jim Barnett Jr. is now visiting his sister and brother-in-law, Mr. and Mrs. Frank B. MacKnight of Oriole lane. He has returned for the graduation exercises at Seabury-Western, the Episcopal Seminary in Evanston, which he attended for three years. His home now is in Lake Charles, La.

Arlington Crest News

Mr. and Mrs. Leissman and Mr. and Mrs. Moran spent the week end visiting at Manson Lake, Wis., where they were guests of Mr. and Mrs. Walker, former residents of Arlington Crest.

The Arlington Crest Zoning committee recently approved plans for the home of Robert Koziol of Williams ave.

Joseph Lamping Jr. attended the Palatine high school Junior prom held at the Edgewater Beach hotel in Chicago. Joseph escorted Miss Margie Raupp of Arlington Heights.

Birthday congratulations to Linda Louise Lamping whose birthday was May 10. She was four years old.

June Anne Lamping celebrated her seventh birthday June 1. June 14 will be the twenty-first birthday of Bob Lamping.

Mrs. Payne, a former resident of Arlington Crest, paid a visit to her old home which is now the Leissman home on Wilke rd.

Jimmie Huffman was a week end guest of his cousin, Bonnie Taylor. He is planning to spend the summer vacation with the Taylors.

Relatives gathered at the Gilbert Stutz home Sunday afternoon and enjoyed a potluck picnic in honor of the fifteenth wedding anniversary of Mr. and Mrs. Stutz. Twenty-five guests attended.

Elk Grove Community

Graduation

Students who were recently graduated from Elk Grove Community Consolidated school were: Raymond Anderson, Gerald Biestek, Christine Bober, Richard Cook, Kenneth Cosman, C. Wayne Goede, Hans Kosel, Catherine Miller, Barbara Petersen, Marilyn Petersen, Wayne Oehlerking, Ronald Schulze, and David Trongale. Two pupils from Forest View school also received their diplomas at this time. They were Paul Anderson and John Westberg.

Graduation party

The eighth grade graduating class enjoyed a dinner at the Hartmann House in Wheeling May 29, and later attended the Gateway theater.

Wedding anniversary

Mr. and Mrs. Clarence Goede were hosts to a number of friends at a celebration of their silver wedding anniversary Saturday evening. The celebration was held at the Bensenville Fire Hall and dancing and refreshments were enjoyed by the guests.

Wedding reception

A wedding reception was held in honor of Howard Oehlerking and Margaret Heide at the Elk Grove school Saturday evening.

Modern Etiquette

by ROBERTA LEE

Q. How long should a wedding ring be worn after the husband has passed away?

A. A widow continues to wear the wedding ring during her lifetime, unless she becomes engaged to marry a second time. Following the announcement of her engagement, she ceases to wear her first wedding ring.

Q. If it is necessary to remove a piece of bone from the mouth, while at the dinner table, should one use a fork, spoon or the napkin?

A. None of these items is in good taste. Merely use the thumb and forefinger, and lay the particle on the plate.

Q. When signing her name to a business letter, must an unmarried woman use "Miss" in front of her name?

A. Yes; but the "Miss" should be enclosed in parentheses, as, "(Miss) Joyce M. Farley."

Q. My fiance and I disagree in the matter of wedding invitations. He claims we should not mail invitations to those we know are unable to attend, that this would be just a bid for presents. What do you think?

A. Wedding invitations are not in any sense a "demand" for presents, and failure to include certain good friends and relatives in your list could very well hurt some feelings.

Q. What is the proper width of the border on a mourning card?

A. Never wider than one-fourth of an inch. Mourning visiting cards are used only by parents, widows and widowers, not by other relatives.

Q. Does a woman precede or follow her escort down a receiving line?

A. A woman is always received first.

Q. What is the correct way to eat baked potatoes?

A. They should be served split, with butter in the heart. Smooth the butter into the potato, which is eaten from the skin. Do not take the potato from the skin and mash it on the plate.

Q. If one is in doubt as to whether a written invitation can be accepted, how should the acknowledgement be worded?

A. The acknowledgement must state definitely whether invitation is accepted or regretted. It is imperative that a decision be reached before answering.

Q. Where is the proper place for the bridegroom's mother to sit at the wedding breakfast?

A. She should be seated at the right of the bride's father.

Q. When a mother and daughter bear the same name, as, "Mary Matthews," and both are well known professionally, is it proper for the daughter to distinguish herself with the addition of "Jr." to her name?

A. "Junior" is strictly a masculine suffix. The daughter may distinguish herself as "Mary Matthews, Younger," or "second."

THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

It is very interesting to realize how closely children pattern after their elders. I did not notice this as a young man, but when my own son began to grow up and I saw him aping my mannerisms, habits and interests in life, I found that I was witnessing a very well portrayed performance of what I looked and acted like to others, particularly to my son, and it was not flattering!

The first time he scowled, I began looking at myself in the mirror when I was provoked, and found, to my astonishment, that I did the same thing. Thereupon started a course in mutual education by observation, my son trying to act like his father, and his father trying to change habits he had never bothered about before, and which others had been too polite to mention, or, having mentioned, were classed by him as cranks, nitwits, or just plan jealous.

There followed a great improvement in my choice of words; my style of walking; a new interest in putting things back in their places; self control in temper and mannerisms; and in numerous other ways which have made me a much finer man.

I LEARNED What Every Young Man and Woman Should Know, that the child is, indeed, father to the man; and that though father and mother think they are training their children, they will find that the child is, to an equal extent, training them.

Of course, as an only child, I grew up with a lot to learn about other kids. My closest companions in my childhood were Horatio Alger, the Bible, Shakespeare, Pecks Bad Boy at the Circus, Marie Corelli, Samuel Johnson, and Man: His Anatomy. I had no brothers and sisters to order around, or be ordered around by.

But just in case you missed out on brothers and sisters too, or never learned this particular fact of life, children are, to an often alarming extent, their parents in miniature. They often copy and keep character and personality traits of one or both parents for life. It is a bit frightening, or at least it was to me, to know that what we are, our children will be also!

Jewel sales up

Jewel Tea Co., Inc. sales for the four weeks ended May 17, 1952 were $17,004,456, up $813,989 or 5.0% over the same weeks of 1951.

Retail sales for first 20 weeks of this year totaled $83,339,024, a gain of 3.9% over sales of $80,206,217 a year ago.

TAX FACTS

By George Mahin, Executive Secretary Taxpayers' Federation of Illinois

When private enterprise is ready, willing and able to construct and operate a power project, do the people back home believe that such a power project should be constructed and operated by private enterprise or by the government?

President Truman, speaking to a conference of government-ownership advocates under the name of electric consumers, warned privately owned utilities to shut up or else—threatened them with an investigation by the attorney general for spending money to arouse the American people against socialization of the electric power industry.

It's all right of course for taxpayers' money to be used for publicity agents, printing, free postage, travel expenses and salesmen to convince the people that the power industry should be socialized—that the government should construct and operate power projects even though private enterprise is able to and wants to do the job.

Of course it's all right for Interior Secretary Chapman and a horde of other federal payrollers to lobby and propagandize for public power projects without registering as lobbyists or reporting such expenses to congress. It's vicious and criminally wrong for privately owned public utilities to tell the other side of the story.

There are now three bills pending in congress that offer an ideal test of sentiment as to who should construct and operate a Niagara river power project. The cost will be at least $350,000,000. This project is 250 miles away from the controversial St. Lawrence seaway and power project, has nothing to do with it. The Niagara river power project does not involve navigation, flood control, irrigation or sanitation. It's a power project, pure and simple.

The Lehman-Roosevelt bill provides for federal construction and operation of this power project. This is the federal power socialization bill. The Ives-Cole bill provides for New York state construction and operation. This would still be government ownership, but state instead of federal. The Capehart-Miller bill would permit privately owned public utilities to construct and operate the power project. Under this bill, power would be distributed at regulated rates on a cost-of-service basis. It would produce tax revenue for the federal government, and for the state and local governments in New York.

Retail sales for first 20 weeks of this year totaled $83,339,024, a gain of 3.9% over sales of $80,206,217 a year ago.

TAX FACTS

By George Nahin, Executive Secretary Taxpayers' Federation of Illinois

When private enterprise is ready, willing and able to construct and operate a power project, do the people back home believe that such a power project should be constructed and operated by private enterprise or by the government?

President Truman, speaking to a conference of government-ownership advocates under the name of electric consumers, warned privately owned utilities to shut up or else—threatened them with an investigation by the attorney general for spending money to arouse the American people against socialization of the electric power industry.

It's all right of course for taxpayers' money to be used for publicity agents, printing, free postage, travel expenses and salesmen to convince the people that the power industry should be socialized—that the government should construct and operate power projects even though private enterprise is able to and wants to do the job.

Of course it's all right for Interior Secretary Chapman and a horde of other federal payrollers to lobby and propagandize for public power projects without registering as lobbyists or reporting such expenses to congress. It's vicious and criminally wrong for privately owned public utilities to tell the other side of the story.

There are now three bills pending in congress that offer an ideal test of sentiment as to who should construct and operate a Niagara river power project. The cost will be at least $350,000,000. This project is 250 miles away from the controversial St. Lawrence seaway and power project, has nothing to do with it. The Niagara river power project does not involve navigation, flood control, irrigation or sanitation. It's a power project, pure and simple.

The Lehman-Roosevelt bill provides for federal construction and operation of this power project. This is the federal power socialization bill. The Ives-Cole bill provides for New York state construction and operation. This would still be government ownership, but state instead of federal. The Capehart-Miller bill would permit privately owned public utilities to construct and operate the power project. Under this bill, power would be distributed at regulated rates on a cost-of-service basis. It would produce tax revenue for the federal government, and for the state and local governments in New York.
